## **Sweet Surrender (Sweetheart's Treats Novella Book 3) C.M. Steele**

This is the third book in the Sweetheart's Treats Series. Although it can be read alone, you may want to read them in order.

Derek: Being a single dad has never been easy, but I've never regretted my decision to keep my daughter and raise her alone. I regret how it happened, but never her. Now that she's grown, maybe I should start looking for the one who will make me happy. The one problem is, I've already found her, but she's way too young for me. I want her to the point of madness. I want to love her and make a family with her, but instead, I'll keep watching her from a short distance.

Tracy: Why does he do this to me? He's a hardheaded jerk, but I can't let my feelings for the sheriff go. He's always around, but I guess living in a small town it's only natural. I wish that he wouldn't though because my heart can't take this. Leaving town may be my best bet, but I don't think I have it in me to leave. Something has to give.

Will they finally admit their feelings, or will they miss their greatest opportunity to be happy?

This is a face-paced fictional novella with possible triggers.

This is the third book in the Sweetheart's Treats series and I was lucky enough to receive an ARC from C.M. Steele. This one is about Amelia's (Sweet Surprise) dad, the Sheriff of Palace, Texas. Derek Wright is 35 years old and the Sheriff of a small town near Houston. He has a daughter named Amelia who is a college student and also works at the only bakery in town. Derek has raised Amelia by himself since she was a baby and he's been an amazing father but he's also been keeping a huge secret from her. Tracy is 23 years old and she's just moved from Houston to the small town of Palace. She started working at the local diner but then she went to work for Carly (Doctor's Orders, Sweetheart) at the bakery. She has the hots for Derek and has no clue he wants her too. This one was really sweet and Derek was so freakin' awesome for what he did and everything he sacrificed.

#### **Sweet Surrendered**

I Surrender!!! Derek is my new book boyfriend! I've always loved a man in uniform and Derek has delivered. Tracy has only been in Palace for a short time, but since the first minute she saw Sheriff Wright she has had it for him in a big way. When the past comes back to interfere with Derek's future, he knows it's time to stake his claim and protect his woman. This story was all the sweetness that I was hoping for. A great addition to the Sweetheart's Treats series!!

I love this series, for the stories are hot and the characters are relatable and exciting. The heroes are alpha men and the women sassy fierce and sweet. In book 3 we have Amelia's Dad story and what a story it is. Derek has been a single dad all his life and loved every moment of it but Amelia has now found her HEA and Derek is at loose ends. He is the sheriff of their small town and is ready to find his HEA and that's when young, sweet spitfire Tracy comes into his life. She is a waitress and a really good one. Derek is resistant to pursuing her but he can't let go. Alpha is a tame word when describing how he is when it comes to Tracy. Secrets from the past regarding Amelia and Derek come to light in this story and sends this story into twists and turns. Also Tracy is affected and her life is at risk. Will Derek continue to stay away or will be finally show his true feelings? I have to say, this is such a sweet and steamy read, I loved every moment, especially the epilogue. I couldn't stop reading and several things had me gasping because I didn't expect those things

to happen. The way the book ended has me thinking there will be more in this series and I hope to see those books and soon! The writing is fresh and exciting, Derek is possessive and alpha cavemen when it comes to his love while Tracy is such a sweetheart. She has a temper but overall, has such a heart. Loved every moment and cant wait to read more by Ms. Steele.

My Rating: 4.7 stars \*\*\*\*\*

"I received an advanced copy of this book from the author at no cost to me."

This was the book that I waited not so patiently for in the whole series, and let me say that I was not disappointed.

Derek, a.k.a my sexy sheriff, was everything I was expecting plus a little more. He was possessive, yet sweet once he pulled his head out of his butt.

Tracy, to me, was the perfect heroine. Loved her.

All in all its safe to say that this is my favorite book in the series.

4 big stars!

I loved this story so much! I've been waiting to read about Derek since the first story of the series came out and I finally got my wish! :)

Derek and Tracy have insane chemistry that was off the charts HOT and I loved how they were together once the hesitations were thrown off the window.

For me, this story was more emotional than the previous two because we found out more about Derek's background story and it was sad and at the same time, what he did was brave and honorable :)

In this one, there are a lot of secrets being discovered and revealed, that have to mainly do with Derek, Amelia and her mother... that's a surprising twist I didn't see coming but it made me love Derek even more as a man, father and as an amazing human being ??

I'm glad he was able to also get his happily ever after with Tracy because he deserved it :)

Tracy, our curvy heroine, which Derek loves all those curves and is mighty possessive of them to ;) She is younger than Derek by over a decade but is mature beyond her young years (she's 23 and Derek is 35) with everything that's she's been through in her life, she's strong.

Tracy is a determined, sassy, sweet and caring young woman. She starts working at the diner and that's

where she meets the love of her life, unbeknownst to her, Derek ?

At first, Derek's resisting the pull that he feels for Tracy but after some twists, secrets, and some danger lurking around the corner, especially near Tracy, he decides enough is enough and stop denying what he truly feels and claims his woman... and what a claiming it was ;)

He's super alpha and dominant when it comes to Tracy, so the steamy scenes were very HOT!

There's a lot going in this story that has to do mainly when Derek's older sister; there's a major twist & secret that's revealed which connects to Amelia... can't spoil it for you guys so go read this so the suspense doesn't kill you, you won't regret reading this one :)

This story has a little bit of everything that makes you sit on the edge of your seat or bed ;) when reading because you're trying to guess what will happen next, but it always seems to catch you by surprise, which is a good thing when you're reading a story :)

C.M. Steele did an amazing job with Derek and Tracy's story ?

I completely fell in love with the epilogues; the first epilogue is from 1 year into their lives and then the second epilogue, which is my favorite, is 24 years into their lives and it was hot and funny at the same time because Derek still couldn't keep his hands off of Tracy's curves and their kids' reaction when he did that and started talking dirty to her was hilarious, especially when these two were in their own bubble thinking the kids had left already :) Just go check this read out and you'll see why I saw this scene funny and beautiful at the same time ?, you won't regret it :)

Finally! We get Derek & Tracy's story. This one is my favorite of the series. Derek is such a good guy & wants Tracy, but feels that he's too old for her. He makes it seem like he doesn't even like Tracy. Tracy has feelings for Derek, but he's not very nice to her so she keeps her distance. Little does she know Derek secretly watches over her which ended up saving her. We also learn of a big secret which I didn't see coming.

As always, this was a great story. I'm so glad that Derek got his HEA.

This story is short, fast paced and an easy read. I read this book within half an hour and was satisfied throughout. I really like Tracy. I liked that she just got on with things. Yes, she fancied Derek but she didn't whine about it or act desperate for attention. I like Derek. I have been eager to read his story since reading Amelia's story (his daughter). I liked that he wanted Tracy but tried his hardest to resist her because of their age gap. When Derek finally gave in and got his woman, the chemistry and passion between them was clear to see. I wasn't a fan of Derek's older sister but I was glad that Derek was able to protect Tracy.

The twist about Derek and Amelia's past made me like Derek even more. He truly was a good guy. The storyline for this book is easy to follow and a nice read. I hope for more books from this series.

A safe older man/ younger woman story! Perfect for when you want a quick read and don't have a lot of time.

- no cheating
  - no ow/om drama
  - no violence of a sexual nature
  - great epilogues - 1 year and 24 years later

I swear I don't mean to be over critical, and I don't feel like I'm nit picking here. I mean, check my highlights, I'm not making stuff up !! This was bad. Really bad. So many basic writing mistakes, poor sentence structure, grammar, simple plot line fumbles that should not be there. Beta readers ? Editors ? Did you actually READ this book ? Did the author do a read through at any point ??

I can't even find any good things to say about this book, and that frustrates me a little. I think the first books I read by this author were the shifter ones, and they were great. However, I feel like once you start reading the contemporary ones, like this one, it's as if they are written by someone completely different. These get very ... man, I'd hate to use this term but it's the only way I can describe it. Her dialogue gets very "unrefined" or "hood".

I don't know. It's not a book I recommend.

\*\*Disclaimer: I highly recommend reading this series in order.\*\*

Derek, the local sheriff, became a dad at a young age, never regretting putting aside everything in his life to raise his daughter, Amelia. Now, at thirty-five, he's found the woman meant for him, and with his daughter older and married, he's ready to focus on himself again. But, the woman he wants is young, as in his daughter's age, and he doesn't think she'd want an old man like him.

Tracy wants the Sheriff, and has since moving to town. She's seen what a great guy and loving father he is, but around her, he's like a different man. So, she tries to hide her ever growing feelings for him and wonders if it's best for her to let go and move on.

Derek may be hesitant to explore his feelings for Tracy due to their age difference of twelve years, but when his past makes a dangerous reappearance and secrets are revealed, he'll do everything in his power to not only ensure Tracy's safety but also his claim on her. He's done fighting it. It's time to get his woman.

Can Derek protect those he loves from the shocking revelations coming their way? Will Tracy give him a chance after months of essentially ignoring her? Is a HEA possible?

One-click now and follow along as two people finally surrender to the love that connects them. Also, I really hope we get the stories for the children of these three couples.

Great story, I loved it. Such a sweet, short story. Loved how much he loved her even though he wouldn't let himself have her for a few months. Great read.
