## **Richard says**

Written by anyone else, I would not have gone past page 10. The cute twist at the end did not save it.

I have read all of Lawrence Sanders' books and loved all but a few. This was one of those few I forced myself to finish! The characters were over-the-top and the plot strange. Anyone wanting to see Sanders' true talent should read the McNally, Deadly Sins, and Commandment books.

## **Alissa says**
