## **Unraveling Fayth (Devil's Knights #8) Winter Travers**

Fayth doesn't know what she wants anymore. Torn between the life she used to live or staying in Rockton, Fayth can't decide which future she wants. All she knows is that the one man who won't leave her side is the one man who is taking over her heart.

Everyday Slider relives the moment he thought he had lost Fayth before he even had the chance to have her. Now, with Fayth back in Rockton, he's never letting her out of his sight. Although, someone else has other plans

Danger is lurking, and Slider is the one man that will keep her safe.

He let her down once.

He'll never let it happen again.

The score is finally settled in this thrilling conclusion to the Devil's Knights Series.

### **Charlotte Isaac says**

Wow, I had always wondered about Fayth, as we only heard bits and pieces throughout the series about her. And we finally learned more about Slider, who we didn't really know much about other than he moans a lot. Amazing conclusion to a series.

I loved Slider, he is protective and possessive. He fights for what he wants, even if he don't know what he wants. He loves the brotherhood, and will do anything for them.

I loved Fayth, she is sassy, feisty and funny. She goes with the flow, even though she will fight tooth and nail. She is great mum, and sister. She may seem lonely, but she is amazing.

I really enjoyed this whole series, and I am glad to see how everyone got on.

---

### **Sivutha says**

What a series!! I'm so sad that it ended but the author said that the characters will make appearance in her other series. Yay!!

---

### **GypsyBelle says**

First off you know this will be an emotional rollercoaster of a book , when I was 4 chapters in and I have already cried, laugh, cussed out people and walk away.

This whole series is worth 5 stars. I have read each one and I feel as if I am part of the club.

I am a total Lo girl , but Slider is sitting right on Lo's lap. I loved how tricked Fayth into getting better, the sassiness, chemistry, sexual tension , or how ever you want to put it , between them two is off the chart. I love how Fayth isn't a "newbie" into the this world of crime, secrets, and the eye for an eye rule.

All together this was amazing, it was everything you want, need and desire. It hits all the emotions, all the senses and the epilogue was the best "tie up loose ends" . Congrats Winter on this I know hit. And thank you for giving me and the other readers these wonderful , sexy, lovin, badass men. I will miss them.

### **Pam says**

Winter takes you into the story and makes you feel a part of what is going on. In each of the books in the Devils Knights series you love every character more and more. She has such a great ability to make you feel

like you know every person. Unraveling Fayth was no different, you felt the pain and joy of the characters. Add in the individuals from the other books, this book will have you crying, cussing and laughing and not just in your head, you will be talking out loud. I don't want to give away much as way as the story goes because each person should experience this on their own, but the book takes place a couple of months after Demon and Paige's story ended and the shooting in the woods. I loved how at the end she gave us happy ending for all the books she has written about the Devil's Knights. I hate to see this come to the end but Winter has promised to bring some of these people into other books. I can't wait for her next series.

### **Tia Thomas-Blakey says**

OMG!!!! I have read this series since the beginning and I love every single book. This book was the cherry on the top. It was sassy, sexy and just great all around. Slider was so smooth and just wanted to take him home with you. Fayth I love her. I want to hang out with her and get drinks. Together they simply sizzle like bacon. it was awesome like it was meant to be.

All I have to say is bravo, marvelous, and all those awesome words that describes Winter's books.

### **Jennifer Mitsada says**

So this is part of a series, book 8 in fact, and I do suggest you read the other books first; returning characters and all that.

So when we left off in book 7, we all know that Fayth was shot, the question was did she survive, and if she did, did she come out unscathed? Well, there is a book about her and Slider, soooo I don't think its a spoiler that she survived, but she is affected by getting shot, as anyone would. Fayth was taken back home with Leo, leaving Slider in Rockton. At this point neither of them, will admit the attraction that they have for the other, its not until Slider is called by Leo, as things are heating up again, that they see each other again. Slider once again takes Fayth away to Rockton so that she can be watched as well as help her finish her recovery. This time, Slider will not rest until Fayth knows that she is his, but he can't afford the distraction, the last time he almost lost her and failed, that will not happen again. When stuff starts to get hot in Rockton, will the two come out on the other side together?

This was a good ending to this series, I am sad to see it go. We got to see a bit of each of the characters in this book and it was nice. Some drama, violence, and some sexy times, this was a good read I give it 4.5 stars.

### **Tpagirl says**

Unraveling Fayth is the seventh book and the conclusion to the Devil's Knights series by Winter Travers.

Fayth (Banachi) and Slider were introduced in previous books. Slider was offering the sister to the head of

the Chicago Mob family protection by standing guard while she and her son were staying in Rockton. At the close of Fighting Demon, Fayth got caught in the cross fire and was almost killed. Unraveling Fayth opened with Fayth recovering back in Chicago. She was physically fine, but mentally no so much. She hadn't been able to say her first word since the accident.

Travers took us through the thought processes of the two that had secretly fallen for each other. Neither shared it with the other, yet they were both coming to recognize the signs. Travers then took us through the relationship development.

Additionally, they were all still in danger, so the suspenseful theme that ran through the series, continued in Unraveling Fayth as well. I thoroughly enjoyed this series and Unraveling Fayth followed suit. The characters and storyline were both well developed, entertaining, humorous and enjoyable.

As a summary for the series, I loved the characters, the suspenseful theme and the abundance of humor. The characters and plot rated 5 stars in almost every case. However, the editing errors were so numerous and distracting that it knocked the ratings down significantly and every other book was rated a 3 as a result of the editing. Although the editing errors were still numerous in this final book, I loved the character development, plot development and conclusion to the series so I've rated it a 4 and didn't count the editing as high as previous books. Hopefully the next series will be edited more.

Travers ended Unraveling Fayth with an extensive epilogue that included all favorites from every book of the series. It was awesome seeing into the future and knowing they really did get their HEA.

Although the Devil's Knights series has concluded, Travers has promised that we'll see some of the characters in the following future series: Powerhouse MA series, Nitro Crew series, Banachi Family series and Jagged Ink series. My guess is that we'll see some of our favorite supporting characters and/or offspring, such as Leo, Marco, and Apollo from the Banachi Family, Remi from the Nitro series and Axel and Darby from the Jagged Ink series and hopefully a slew of new characters for them all. I loved Travers writing style and I can't wait to experience more.

### **Nicky says**

What a rollercoaster ride this story was. Slider and Fayth overcome the many obstacles in their lives and are able to finally get their HEA. Loved this instalment. What a wonderful series filled with laughter, love and commitment.

---

### **Rhonda Ziglar says**

Unraveling Fayth by Winter Travers.....I am having happy and sad tears, I absolutely loved this series and book. This book is so good and will hit all your emotion buttons. Slider blames himself for Fayth's injury and rehabilitation problems. Fayth can not get Slider off her mind, he is in her every thought. Slider wants her as bad as she wants him, will these two be able to show each other. The ending was amazing, what a way to end this series. Winter Travers writes characters that are unforgettable and her stories are always 5 star reads. I

voluntarily reviewed advance reader copy of this book.

#### **Unraveling Fayth book 8**

Awesome story!! Love Fayth & Slider. They make a great couple. I love the way He brought her words out. I'm soon sad this was the end of the Devil's Knight's. I hope we see them in other books.. Loved seeing how their lives looked 5 years down the road. I recommend this series & the Author. Great series.

---

### **Lynne Garlick says**

#### **What a fantastic series!!**

Slider, Slider, Slider. Oh how the mighty fall....and fall he does, hard! I have absolutely loved reading this series, watching each couple meet and get their HEA. My favourite has changed every time I have started a new book but I truly believe after reading the whole series, that I seriously can't choose.....then there's Slider. The last man standing, determined not to fall until the one thing he said he didn't want was the ONLY thing that kept him breathing. My heart! I have loved watching every one of these bikers find the other half of their souls.....let's see if Slider makes it a full house!

---

### **Sara Blanette says**

Full Circle - Best Choice of Words for the exciting conclusion to this series. It is recommended to read the entire series before indulging in this read!!

First we are given the chance to see Slider and Fayth's fate come full circle. I personally loved how Slider took his guilt and turned it into his redemption. All the while proving to himself and Fayth, he came to terms that the life he once wanted wasn't the life he wanted anymore. Fayth's rehabilitation proved to him that love can heal and that together they can keep each other safe and happy.

Fayth's accident shows that she is one tough chick. She might have wanted to give up but it was one dream that showed her who could save her from the prison she was in. A little time and protectiveness from Slider opened up her walls little by little until they crumbled down completely. That was her realization that she couldn't live life without the one man who was there from the beginning.

This book completed the series in what Winter wrote, full circle. The band of brothers have become a family.

You must read the series from book one. You will laugh, cry, perhaps have an anxiety attack. This book brings the family together at the end and you will finish feeling complete and whole.

Well done Winter! This series goes on my must read for everyone and it will be a series I will return to more than once!

---

**Pamela Shorkey says****Great ending to the series**

I absolutely love this series. This book was a great addition to the series. As usual, I was laughing at the antics in this book. I cannot wait to start another series by Winter Travers.

---

**Melissa Dingwall says**

Omg, I voluntarily reviewed an Advanced reader copy of this book. All I can say is what a great way to end a brilliant series, loved the story, and all the characters in it, never put the book down once I started reading it, as it had me on the edge of my seat with what was going to happen next with, Slider and Fayth, this book defiantly gets a 10/10 rating from me.
