## **A Haunting at Winchester Grove Mansion** Drac Von Stoller

Something evil was lurking inside Winchester Grove Mansion that was dying to get out. It all started when Mr. Winchester was having an affair with his maid and got caught in the act by his wife. He knew if she left him he would lose everything. He was torn between his new hot romance and of losing it all.

One night when Mr. Winchester and his lover were making passionate love in her room, he had a plan that he thought in his mind was fool proof, but it would only come back to haunt him and his lover in the end.

The plan he had in mind was to drug his family, and brick them up alive in the cellar. Then he could keep his lover, his money, the mansion, and live happily ever after. Think again, him and his lover would be getting nothing, but one hell of a payback from the dead.

## **From Reader Review A Haunting at Winchester Grove Mansion for online ebook**

**Misty says**

**Don't waste your time**

If I could give this zero stars, I would. This story is horribly written, too short, and not worth the time it took to read.

---

**Dwayne Fry says**

All I really got out of this is that some dead people know how to get past brick walls and some don't. It's short, but not worth the five minutes you'll spend reading it.

---

**Lillian Walsh says**

**A haunting at Winchester grove mansion**

It was a great ghost story . I loved it. It was not explained as well as I expected. Otherwise brovo

---

**Kaitlynn marcotte says**

**i really love these ghost story books and love to go to haunted places**

i love ghost story books love to investigate haunted places love pictures of places history photography and memories thoughts ghost town sightijs

---

**India says**

Short, basic, and confusing.

---

**Katherine Hoffman says**

**Ghost stories**

I hated it it was scary but also boring! The reason I hated it is that just couldn't happen it's impossible

---

### **Stuart Keane says**

As an author, I hate to review a book with a negative response. I always try to find something positive about the book regardless of its content. I think, for the first time, I have been left dumbfounded and speechless.

First of all, the book is six pages long. Not very long at all. I saw this on Amazon and thought "What's the worst that could happen in six pages?"

Well, that's just it. Nothing happens. At times it felt like a poem that's been jumbled into incoherent sentences. Between paragraphs, the book has massive gaps. If you put them all together and relented on the tab and spacing, it would have filled two pages easily.

Then there's the blurb of a book. In fact, the Amazon description makes up 9% of the total Kindle viewing time. The grammar is poor (inexcusable in a published book), the sentences lazy and haphazard and, the kicker for me, the ABOUT THE AUTHOR page is nearly the same length as the entire 'story' itself.

Which is the final insult. It doesn't read like a story but more like a book pitch. One that doesn't do the story any favours. As a poem, and in the right hands, this could have been quite poignant but the fact is, it isn't. Sorry, but I've finally broken my one star review virginity. Read at your own risk.

---

### **TL says**

Story didn't grab me at all and the writing felt very stilted. It felt more like an outline for a story.

---

### **Scott Roberts says**

Excellent story plot. I give this book 5 stars.

---

### **The Celtic Rebel (Richard) says**

I looked at the cover of this book on Amazon and had to read it. I was expecting something terrifying, but got disappointment. This is the type of story that needs more than 7 pages to tell. It was just too short to ever feel any terror or even develop an interest in the characters.

The concept and basic story is similar to many others, and I think in a longer format it could be quite a good story.

---

### **Lisa says**

Another cautionary tale of best laid plans that go astray. A wealthy man and his lover plot to rid himself of his family but it comes back to haunt him.

---

### **William says**

#### **I Loved It**

Freakin' Awesome , It Gives Me the Creeps , But I Like a Book that can give me the creeps real good!.

---

### **Marie says**

#### **Good preview**

This short story was a good preview of the kinds of stories to expect in other books by this author. I purchased this book because I wanted to draw my own conclusions after reading several of the only one star reviews. While yes, it is incredibly short it is simply meant to be an excerpt from a larger work. I enjoyed reading it and look forward to reading more by this author.

---

### **Christy says**

not at all scary or creepy, in fact, it was kind of amusing in a twisted sort of way. Just remember - "payback can be a....."

---

### **Mark Rybka-Wachhaus says**

Wow! I only read this last night and I had to read the summary on the entry of the book here at Goodreads to remember what it was about. I'm usually better than that. Or... this story just isn't memorable.

---

### **Susan Molloy says**

With so many grammatical, verb tense, and spelling mistakes, I couldn't make heads nor tails of this tale. Please—get the help of a person who can help proofread before offering this to readers. I was disappointed--a Lot.

---

**Liza says**

**I am confused.**

If this book is supposed to be a retelling of a true story it needed more structure, more details and more build up of tension. If it is supposed to be a fictional story, I am sorry but it reads like a writer's story sketch.

---

**Lilly Wood says**

Incredibly creepy

---
