**Avengers K Book 1: Avengers vs. Ultron** Si Yeon Park , JiEun Park , Jim Zub , Woo Bin Choi (Illustrator) , Woo Chul Lee (Illustrator)

The classic origin of Ultron in a new dynamic style! Ultron comes to life in a brand-new adaptation of a cornerstone tale of the Marvel Universe! Scientist Hank Pym sets out to create the world's first artificial intelligence. Instead, he creates a monster. Enter Ultron! But one diabolical robot isn't enough: When Ultron in turn creates the Vision, the Avengers are really in trouble. Together, the pair is poised to destroy the Avengers - and the world. But wait! Who is the Bride of Ultron? What happens next is a tale beloved around the world - with all-ages flair in distinctive South Korean style!

**Collecting:** Daewon C.I.'s manhwa adaptations of *Avengers Origins: Vision #1*; *Avengers (1963) #57, 67*, and *#161-162*; and material from *Age of Ultron #10A1*.

# From Reader Review Avengers K Book 1: Avengers vs. Ultron for online ebook

## Austin Martin says

I thought this story was awesome. The same and new characters and new plots and storylines made reading this so much fun! My favorite story was the one where Ultron creates a wife using Wasp's life force but she turned against him. Ultron was like the villain that always manages to escape or come back and his schemes were better than the ones in the Age of Ultron movie.

---

## Destiny says

It was okay. A normal Avengers story in manhwa style, but the art felt flat to me at times.

---

## Chad says

A manhwa adaptation of a few of the old Ultron stories from Avengers. Nothing new here for long-time Avengers readers. But if you like your comics with speed lines instead of backgrounds and cartoony looking superheroes, this is your book.

---

## Ran says

This is actually exactly what it advertises: a manhwa adaptation of *Avengers Origins: Vision #1*; *Avengers* (1963) #57, 67, and #161-162; and material from *Age of Ultron #10AI*. I don't know why, but Ultron actually looks happy to me. I'm not sure that the artwork works for me personally. Ant-man's eyes in the helmet especially make me uneasy. It felt like DBZ was sneaking up on me by the end of it.

---

## Aurora says

Now I want to watch the movie.

I was never a big fan of marvel movies (not including Spider-Man 1&2) but this book was really good. I gave this book 4/5 stars but I'm not really excited to finish the series.

---

## Susan says

The book opens with an active roster that gives the Vision's background--he was created by Ultron but turned against him. This is like the trailer giving away all the best stuff about the movie, because the first

story is about Ultron creating Vision and Vision siding with humanity.

The stories are amazingly disjointed, but when you read the fine print, it makes sense; Si Yeon Park adapted stories from six different previously published issues, including four from the early days of the Avengers in the sixties.

Back to the active roster...

Reformed former criminals=3

Women=2 (mind you, Natasha is in both groups)

Avengers who don't actually appear in this book (one panel doesn't count!)=2 (yes, Natasha overlaps again)

And for some reason Scarlet Witch is in the book and an Avenger but not in this roster. Come on, she's in the movies!

I also really dislike the Wasp's costume: stinger shapes cupping her breasts and then a series of arrow shapes pointing to her crotch.

---

**BenD\_E1 says**

The first Avengers K comic book. I fun read that only took 15 minutes to finish.
