i like this book because it was so romantic. i truly agreed with the main character's thinking that love is more important than money. i am poorer than other people, but i want to find a great man except of how much he earn. my mother's thinking is same as me, so she will be for to me, different from the mother in this book.

--- I choose love, same as Jane. Money is of course important, but people cannot be happy without love. It is a kind of big choice actually.
5. I really like to read such a love story. I found Anne Hathaway on the cover of this book, she is one of the best actress for me so I chose this one to read. "Sometimes love is a shy flower. It takes time to grow." This is the most beautiful and impressive words for me. I want to watch a movie related to this book.

Discussion Question

1Q: In this story, people couldn't be happy in a marriage. However, Japanese marriage must be always happy. Do you think marriage should be with happiness?

1A: Surely I answer yes. But one ethnic group in India has different wedding systems. They just get married, and live separately forever. But Japanese couples live together at least while they are in marriage, so I feel Japanese wedding always should be happy.

2Q: At dance party, Jane said terribly to Henry that he was strange. But Jane bowed her. She was embarrassed. Do you think that his behavior is right?

i like this book because it was romantic but it wasn't like all book it was sad ending. what i didn't like about it there wasn't a lot of details in it and it was too short.this book was about a girl called jane and her sister.her sister was married but her sister wasn't married yet.her mom wants her to marry a rich man because they are poor people but jane doesn't want to get married without love. one day she meet her brothers friend his name is tom.she liked him and he liked her but they couldn't get married because of tom's uncle they get married to the people that they don't want.will this book taught me 2 lessons 1st lesson is if you want something you have to take risks and the 2nd lesson life is not a fairy tail.
