Chanel François Baudot

Self-inventor extraordinaire, Gabrielle Coco Chanel revolutionized the lifestyle of her time by inventing a modern concept of luxury. She set her stamp on the 20th century, promoting a new feminine silhouette both sophisticated and discreet. This modern attitude of understated luxe thrives today thanks to the creative talents of Karl Lagerfeld, artistic director since 1983, who has reinvigorated the house by reinventing its famous signatures season after season.

Assouline's completely updated trilogy unfolds the spirit and heritage of the house of Chanel, from Coco's revolutionary designs to Karl Lagerfeld's present innovations. This elegant slipcase set includes three Memoire volumes celebrating Mademoiselle's revolutionary style: Chanel Fashion, Chanel Jewelry, and Chanel Perfume."

Short, nicely illustrated but above all very succinct account of Coco Chanel's life from a very popular viewpoint, with no extra historical facts revealed. A very nice text to dive into the Chanel story before getting your hands into some heavier material.

Blair says

Quick little read with lots of great photos of her and her designs.

Faizah Roslaini says

I love the photographs. This is a nice and simple introduction to the legendary designer.

She was {and still is} an amazing woman. She's such an inspiration. I'm so glad I found this book when I did, it's just what I needed to read. She didn't always have an easy life, but she didn't let her last determine her future, and that amazes me. She truly is an inspiration. Long live Chanel!

Lily says

AMAZING!

I always look forward for Gabrielle Chanel as aspiring Idol, she's a Human, Lady and Irreblaceable Fashion Icon. Who taught us overdressing is not a style we must be our selfs in the most possible classy elegant version that one can ever be. Chanel is past, present and the future.
