**Ghost Memories** Heather Graham

**Rediscover the history behind the Bone Island trilogy in this prequel to the thrilling series by *New York Times* bestselling author Heather Graham.**

In the early nineteenth century, pirates and privateers still wreaked havoc in the Caribbean. Bartholomew Miller had been one of them. After years of plying the seas for England as a privateer, he finally found a home and love on Bone Island off the Florida coast. But Bartholomew also made enemies in his time—enemies that would take everything Bartholomew loved and create a curse to haunt Bone Island for centuries...

## From Reader Review Ghost Memories for online ebook

### **Sheila says**

Prequel to the Bones Island Trilogy.

---

### **&#x1f425;Erica Lundstrom&#x1f425; says**

I read the trilogy as it came out, and I really liked Bartholomew. It was nice to read about his life immediately prior to, and becoming, a ghost.

---

### **Laura says**

This is a prequel for the Bone Island Trilogy by Heather Graham: Ghost Shadow, Ghost Moon, Ghost Night. Since I have not read the series yet, I cannot say how it relates to the series, but the story in itself is a good one. It did its job to make me interested in reading the trilogy.

My only complaint is that it is a pay-for book and not just a free ebook. It is a publicity short book that ends with excerpts from the series and really would be better to given away to get readers excited about the series.

---

### **Val says**

short but good. Felt sorry for Bart.

---

### **Phillis says**

That was fast! I downloaded this ebook from my library. Its the only way you can get to read it. It is a prequel to the Bone Island Trilogy. It's only about 40 pages which makes for a quick read. For those that already read the Bone Island Trilogy it is probably worth reading. Since I haven't read the trilogy yet, it has given me a little bit of history to start with. It has also made me want to make the triloy the next on my list to read.

---

### **Shannon says**

MAJOR SPOILERS!

28 page prequel to the Bone Island Trilogy

Quick synopsis: In the 19th century, Bartholomew Miller the perfect privateer falls for the beautiful and saintly Victoria Wyeth. They meet in secret, in O'Hara's public house. But Daddy Victor disapproves, and evil suitor Eli Smith kills Victoria and frames Bartholomew. Victor shoots himself, and Bartholomew is hanged. When Bartholomew's friend Craig Beckett returns, he clears Bartholomew's name, and Eli Smith is hanged. As Smith dies, he curses Beckett and his descendants. Smith oozes into hell, and Victoria and her family ascend to heaven, but Bartholomew must remain. He watches over the years, trying to find his purpose in staying behind. He finally finds it in Maggie O'Hara, who can see his ghost. Cue sequels...

**Ghost Shadow**

**Ghost Night**

**Ghost Moon**

---

### **Beverly says**

Just read this prequel this morning. It was a Romeo and Juliet story. Juliet gets to go to the light with her parents, but Romeo is forced to stay behind to accomplish he knows not what. Thus starts the Bone Island trilogy. It all set in Key West, Florida. Bartholomew (Romeo's real name) has waited since the days of pirates and privateering until present day to find out what he's supposed to do to be able to join Victoria (Juliet) and her parents at last. I can't wait to get started! Book 1: Ghost Shadow here I come!

### **Harlequin Books says**

Miniseries: The Bone Island Trilogy

---

### **Lorretta says**

This was a quick fun read about the pirates/merchants of Key West. It whetted my appetite to read the trilogy.

It quickly sets up a cast of characters who must play significant roles in the following stories and it will be interesting to see if the honorable families stay that way throughout and if the treacherous families remain so or if there will be blurring of the lines.

---

### **Trish Goodgame says**

#### **Enjoyable read!**

Looking forward to reading the rest of the books in this trilogy. I've developed a real fascination with Heather Graham's paranormal novels. I can't put them down once I start reading.

---

### **Jessica says**

Need to finish the trilogy and find out all about the friendly ghost.

---

### **Purplelion says**

I was expecting a novel, but this is a novella that sets the stage for the arrival of Katie O'Hara, who can see and communicate with ghosts.

---

### **Melanie says**

Loved this series. Bartholomew was a funny Ghost and I loved his sense of Humor. I would actually burst out laughing (yes I was alone) with some of his antics. I only hope that if I ever am able to talk to Ghosts it is one like him. Heather really had me hooked on her books with this character. I am on a quest to read all of her books!

---

### **Saundra says**

As a whole I loved the book.

It chronicled the last few days of Bart's life. How he had seen the love of his life, unknown to her at the time. It covers how he got to officially meeting her and the falling in love. One of her courter's killing her and Bart being accused. Now he is left behind, Not going to the light. Bart watched time go by and how he met Katie.

I only wished it covered a little more about his back life. maybe a chapter or two of his up bringing. A chapter or two of his pirate days. A chapter or more of exactly how he first met Victoria. But in the short few pages the story kept you intrigued.

---

### **Cara Noyes says**

After finishing the Bone Island trilogy, I was pleased to read this brief backstory of my favorite character.
