NOW AVAILABLE ONLINE WHEREVER EBOOKS ARE SOLD!

Erualis' time is running out and now Rumpelstiltskin says there are only two who can save him...

Lilith Wolf, the daughter of the Big Bad Wolf and Little Red Riding Hood has a problem, she's an unmated female in heat. She has to get away from the males of her village unless she wants to find herself involuntarily hand fasted to the first one to tame her wolf. So when Giles Damien comes to her calling due the pact she'd signed with Rumpelstiltskin years ago, she doesn't really think twice about the fact that she'll be journeying to Fyre Mountain, even though that means she'll be crossing paths with an angry water dragon, a pub full of rowdy Merry Men, and rock dwarves with a taste for flesh... For an alpha female that's an adventure. No problem. Find the Chalice of Hope, come back home, and life will return back to normal again.

But she hadn't counted on an honorable Giles Damien to intrigue not only her female sensibilities, but her wolf too. He's a warrior, but he's sweet, he's patient, and he's altogether different from the aggressive, rough males of her village. Problem is Giles is a demone, and everyone knows they don't mingle outside of their species. But now her sights are set on him and she's going to make it her mission to prove to the stubborn headed demone that sometimes love can come from the most unexpected of circumstances...

Caryn Watson Watz Books and Teasers says

This is the first book I have read from this author and I have to say I'm in love and the fact I got to read about little wolf and the knights story was even better.

The storyline is addictive and the characters draw you in leave you wanting more if you haven't read this series yet I would suggest you get on to it ASAP. I can't wait to read the other stories n see what happens next.

Thankyou for choosing me and letting me read your book I'm honored an grateful n so glad I have found another awesome author who puts her heart into her books and it shows.

Relina Skye says

Little Red Riding Hood and the Big Bad Wolf have been busy during the past twenty years. With three boys and one girl, they've been blessed. But Lilith, their daughter never felt that way. It's hard on an alpha female when your folks are the only ones in shifter territory to be of two separate races. At thirteen she made a deal with Rumpelstiltskin. Years later, Rumpel's butler, Giles finds a nineteen year old Lilith as she is about to experience a nightmare situation. You see, Rumpel has sent Giles to collect on Lilith's debt. He is both her salvation and her curse. The two must learn to trust each other if they are going to survive Rumble's quest. Overall, I enjoyed this story. It was very different than the previous ones. Hope you love it too!

Aydrea says

Ooh I am kind of a fan of Giles & Lilith, they are fun! Nice storyline tie-in from previous books. Oh & Robin Hood seems a bit creepy, should be interesting to see how I feel about him in the next book.

Title: Hood's Obsession

Series: Kingdom (#9)

Author: Marie Hall

From: Shifters After Dark Box Set

Genre: Fantasy, Romance, Fairy Tale Retelling

Release Date: 23rd July 2014

Challenges: 2015 Prequel & Sequel Challenge (2 points)

Links: Goodreads - Amazon

With his master, Rumpelstiltskin's son in danger, Giles sets out to find a magical chalice alongside Lilith Wolf, the daughter of the Big Bad Wolf and Red Riding Hood. Lilith has a problem; her wolf is in heat, attracting male shifters to her no matter what her opinion on the matter. Headstrong and independent, the last thing she needs is to be guarded, but as their mission grows tougher, Lilith and Giles have to work together and trust becomes key...

I love this series! It just keeps getting better and better, and I love the little ways in which the stories are now intertwining. Though technically each book can be read as a stand alone, I do think that there is benefit in reading the books in order, especially now that the characters from previous books are reappearing (such as Giles who played a key role in Rumpel's Prize).

I loved Lilith, she was a strong female character who didn't necessarily need rescueing, but on occasion may have wanted to be. I thought it was both sweet and realistic. Plus she accepted her faults! It was also great to have a female shifter as the alpha focus, it happens so rarely that this felt like a real treat!

I was a little worried that Giles story would be quite similar to Rumpel's, simply because they were the same species, but that was completely unfounded. Of course the addition of Lilith's wit and the adventure outside of the castle certainly helped with that!

There were also more secondary characters in Hood's Obsession, including Lilith's brothers (which excited me! Got to love shifter males even if an alpha female was unusual and welcome!) and I thought it complimented the two leads rather than detracting from them!

I'm definitely looking forward to more from this series!

Jolene Dretzka says

Every book in this series amazes me. None of the character's stories thus far seem to repeat. What I mean is, each love match seems to be uniquely flawed and beautiful. I also want to mention that while each princesses story follows more closely what their parents should have been, I'm finding that each princess has a sliver of another fairy tale attached to them too, and I'm loving these little hidden gems. Finally, if you don't want any fun plot twists ruined, I beg that you read the Kingdom Series from book one, Her Mad Hatter, and move forward chronologically. Still, each tale can be read on their own, if you wish to be stubborn that way. Marie Hall's books are like a candy that I can't stop eating. I finish one and find myself looking for just one more to read. Luckily, I've just started reading her books and there are plenty more to read before I catch up to her current book release dates. So, I'm signing off now, getting ready to start another Kingdom adventure. See you on the flip side!

Barbara Van Zandt says

Working together

A quest for them both to save rumpel son. 2 very strong people and they had to work together and along the way getting to know one another.

Marie Hall says

Coming in July!

April Elizabeth says

meh, probably my least favorite of the stories so far... And while I do like Giles, Lilith fell flat for me, as did most of the story. Just wasn't much there in my opinion.

Valerie A Quinn says**Very sweet**

I love the concept of the series and this story fit perfectly with the one before it! Now onto the next!

Jennifer says

First of all, what's with this title? It makes you think it'll involve Robin Hood, but he only makes a brief appearance that ends up being the foreshadowing for the next book. Is it supposed to reference the fact that she's Red Riding Hood 's daughter and wears the red cloak throughout the story?

Other than that, I enjoyed this one as much as the others. And I see much potential coming out of this one. Not only is Robin the next leading male, but I think the Pied Piper and Lilith 's brother will be the feature couple in a future book. It'd be great if we could see all of Red' s children hitched, since so far she's the only one to have multiple. Perhaps to all three of the dangerous three?

I would have liked to have seen more response from Giles during Lilith ' s heat. I've always loved the animalistic desire that can cause. But I did enjoy how Giles broke the spell, not with true love's kiss but with his admission.

Dharia Scarab says

This is a terrific series!

Since I don't normally write reviews unless I have something specific to say, here's the break down of how I rate my books...

1 star... This book was bad, so bad I may have given up and skipped to the end. I will avoid this author like the plague in the future.

2 stars... This book was not very good, and I won't be reading any more from the author.

3 stars... This book was ok, but I won't go out of my way to read more, But if I find another book by the author for under a dollar I'd pick it up.

4 stars... I really enjoyed this book and will definitely be on the look out to pick up more from the series/author.

5 stars... I loved this book! It had earned a permanent home in my collection and I'll be picking up the rest of the series and other books from the author ASAP.

Clare Anstead says

Better than expected and really quite entertaining. Will definitely be reading the rest of the kingdom series

Farrah says

Another wonderful book in the utterly fabulous Kingdom series, Hood's Obsession was a lovely read. With magic, secrets, and a sweet romance, this book was great and I really liked it.

Both characters were likable. Lilith was strong willed and determined to be seen as independent. She had to learn over the course of the book, however, that relying on others wasn't a show of weakness, but of trust and that growth made her an interesting character. Giles was very sweet and a very loyal man by nature. There wasn't anything he wouldn't do for the people he cared about. I thought they were both wonderful characters.

The romance was lovely. Lilith and Giles were well matched and made each other better. And, there were sparks constantly flying between them. I thought they were a perfect couple.

The plot was fast paced and I was kept interested, though not totally hooked, the entire way through. I enjoyed the story and the ending was perfect.

Hood's Obsession was a lovely fantasy romance. It was a delightful addition to an already fantastic series. Romance lovers, this is a book worth checking out.

*I received a complimentary copy from the publisher in exchange for an honest review

??Trea says

This story was somewhat unremarkable, it wasn't great, but it wasn't terrible either. I didn't remember much of the previous books, so it was rather confusing throughout. The events at the end weren't well explained either, only adding to my confusion. There wasn't really much to the romance either, and so there wasn't a lot of wooing that went on. However, I was engaged in the story, and invested in their quest, so the book wasn't worthy of a lesser rating than this. I'm really hesitant to continue on with the series after this read.

Ashley says

2.5 stars

This book had some good scenes but I felt a lot of it was slow/boring. I liked both Giles and Lilith and their slow building romance, it was the rest of the story that didn't do it for me.
