Wait this book was bomb as heck

Man Haneef was taught bar all dayyyy. Ariel gone get stomped out and Haneef gone regret not firing her. I think he keeping her on standby straight up. Linky I love him too. They both have boss mentalities. Morgan was a snake waiting to happen. It seems as if the girls can't catch a break. Treasure always a boss but Sorriyah needs to boss up asap.! Great read

Interesting

First book I've ever read from this author and I must say I can't wait to read more.

The characters are well developed and the story exciting. Fast paced, so you can get your read on and continue to book 2 without forgetting characters in book 1

A great read

I truly enjoyed reading this book, the only thing I hated was Sorryiah was such a crybaby. She knew what kind of man she had from jump. She did silly things that was uncalled for. The only thing I agreed with her on was the Ariel situation. I can't wait for the next book. A truly great read. Please let this child grow up.
