King of the Dead Gene DeWeese

This is the Fifteenth (#15) in a number of tie-in novels of Ravenloft Gothic horror tales dealing with the masters and monsters set in the Demiplane of Dread.

Once a powerful human wizard, Fir'an Zal'honan is transformed into Azalin, the King of the Dead, an anguished undead ruler with limitless dark powers, who can neither gain his own freedom nor bring back to life his long-dead son.

Danny says

I don't really feel like writing several pages of spoilerific rantings of why the book is bad. I'll just say that I've read about a dozen Ravenloft books. While fantasy trash, they are usually fun and entertaining.

This one was the worst I've read.
