## **Memoirs of the Bathtub Psychic - The True Story of a Clairvoyant and Her Dogs** Bethanne Elion

*Memoirs of the Bathtub Psychic* is the heartwarming true story of a woman's relationship with her Newfoundland dogs, who teach her to trust in the psychic abilities she was afraid to acknowledge for many years and to cultivate her instincts for holistic healing and animal communication. It's a compelling read for all animal lovers.

*Memoirs* will benefit pet owners interested in holistic health and raw food canine diets, critics of excessive vaccination, and those interested in psychic mediums, animal communication and past lives. Ms. Elion has a dynamic, poetic voice, and her work has been well received by holistic veterinarians and professional psychic mediums alike.

I enjoyed this book. As a dog owner I found Bethanne Elion's story inspiring, sweet and honest. An easy and enjoyable read full of laughter and some tears. She wrote from her heart...a place that is so deeply touched by our dogs. Thank you Bethanne for such a beautiful and thought provoking story.

This was a book which I was fortunate to receive through Good Reads contest.

My rating for this book is 4 stars, but I suspect that the majority of dog - or other pet - owners would rate it higher. Indeed, it is a book which should be considered as almost mandatory reading for anyone who is, or is planning to become, a pet owner.

When I received the book, I was somewhat worried that it would be overly focused on the psychic abilities of the author. Psychic abilities are still items which I view with some skepticism and my views are not changed by this book. The author does not focus the work on these abilities nor is there any attempt to sway the reader into altering their perceptions or belief into the existence of clairvoyance or reincarnation.

Rather the focus of the book is on the animals and the true love and affection the author has for all animals is clearly evident from the stories and vents that are told. The style is elegant and told with a warmth and love that any pet owner will appreciate.

I received this book as a Goodreads Giveaway.

I enjoyed this book from start to finish. The author explains her life and the lives of those close to her in a beautiful way. I was interested from start to finish. There are points where you feel the author's happiness or her pets, and then there are points where you just cry from all the emotion. So glad to have gotten the opportunity to read such a great book. Thanks!

The words flowed like a babbling brook. Page after page of endearing pet acquaintances turn into a riveting, heartfelt story of the other side. She describes it exactly like I feel it is! The love affair that endures the test of time warmed my heart and then flowed over. I'm sad it's over! I want more.

Bethanne Elion catches your attention and keeps it there for the entire book. Her experiences, both fulfilling and heart-sick, are very well written. This book reminds us of the warmth and loyalty that animals bring into our lives.
