From three celebrated masters comes an irresistible anthology of "bad boy" stories designed to please. Set in the Wild West, these captivating tales feature men as only the rugged frontier can mold them--bold, lawless, and notoriously desirable.

I feel it unfair to rate this book.

Catherine Anderson: Shotgun Bride: Really liked this book. I would give it 4 Stars

Christina Dodd: Wild Texas Rose: I thought this book was good, but off. I thought it was too sexy for a western, that it had more of a regency feel. I also felt that it was a full length book, abridged. I understand its a shorter story, but it felt like pages were missing. Maybe 3 stars

Susan Sizemore: One Riot, One Ranger: This was a time travel. I am not fond of time travels. Besides that, I thought it a bit chessy and cliche. It had a showdown in the street, train robbery (almost), a gang of outlaws, whores, lynch mob, overbearing man trying to run everything, new sheriff (ranger) in town...the list goes on. I am a huge western fan, and felt like this story was almost making fun of other western romances. I would give it a 2 Star rating at the highest.

Coming all the ratings, it would average out to a 3 star. This I feel doesn't do the first book any justice.

Very good anthology with "Shotgun Bride" by Catherine Anderson being my favorite but they were closely followed by the other two stories, "Wild Texas Rose" by Christina Dodd and "One Riot, One Ranger", (a time travel romance) by Susan Sizemore.
