Including identical twin four-year-old sons!

Yet as Brock helps Cassie fix up her run-down ranch, the sparks between them ignite. They both know Cassie could *never* get serious about a cowboy who chases danger. But when love takes on a life of its own, Brock faces the biggest risk ever: choosing between his rodeo life...and his heart.

This is the 1st time I've read this author and I really liked this book. In this book I got to meet Brock McNeal who was living for the thrills. Whether it was bull riding or cliff climbing without a rope. Then he goes to help a widow what a surprise he meets Cassie Stanford with twins Zach and Carter. This is a neat story of acceptance of self. Brock lost his parents when he was young so he felt that he couldn't be a parent and be a daredevil at the same time. With Cassie her husband's death and unfaithfulness has made her cautious. But what makes this story interesting is the way they work together as they find acceptance and balance in each other. It calms them down. For Brock he finds that he doesn't need to go for the next thrill. For Cassie she finds acceptance with Brock. He can tell the twins apart. This is a fun read for Brock's family is unique and full of love. It's a page turner and worth a read. I can't wait for the next book in the series.
