## **Making Sense of Pharmacology**

*Understanding Pharmacology for Health Professionals* provides a well-organized, easy-to-understand introduction to the world of drugs and pharmaceuticals. The **Fifth Edition** is structured into three broad, clear units that divide the vast subject of pharmacology into an approachable guide for students and experienced health professionals. Today's most up-to-date drug information is enhanced with beautiful illustrations and photographs that allow students to delve into the visual world of pharmacology while deeply engaging with the text. A comprehensive drug reference glossary as well as a set of thorough appendices supplements the text to further simplify the extensive array of drug information available.

Impeccably organized and enjoyable to read, *Understanding Pharmacology for Health Professionals* makes a broad and difficult subject matter both graspable and interesting for both students and practicing health professionals.
