## V.C. Andrews: Her Life and Books Dana Rasmussen

V.C. Andrews shocked America with her debut novel "Flowers in the Attic." She continued her hold on the literary world with the Dollanganger series and Casteel series until her death. Andrews' work lived on as more series were created featuring rags-to-riches tales chock-full of romance, horror, sagas and true love. Read all about her life, books, and the ghost writer who keeps the V.C. Andrews legacy alive. Project Webster represents a new publishing paradigm, allowing disparate content sources to be curated into cohesive, relevant, and informative books. To date, this content has been curated from Wikipedia articles and images under Creative Commons licensing, although as Project Webster continues to increase in scope and dimension, more licensed and public domain content is being added. We believe books such as this represent a new and exciting lexicon in the sharing of human knowledge.

## **From Reader Review V.C. Andrews: Her Life and Books for online ebook**

**Nikki Marie says**

v.c. andrews books are all absolutely amazing and very easily distinguishable from any other authors. i love the darkness, secrets, lies, very addicting, i have almost every single book!

---

**Nico says**

one of the best, most loved series/authors of all time. V.C. Andrews books are something so easily recognizable and new books continue to evolve to go with the times and bring in a whole new generation of loving readers
