FIRE

The moment you think you have it all is when it all vanishes right before your eyes.

He had one final mission, but who knew it would go wrong? Kaleb Maverick is now fighting for his life. The life he wants to share with the woman he loves. The Fire inside him not only burns for her, it sizzles.

Jade Elliott has lost one man in her life. She's determined not to lose another. The coldness in her heart can't handle another loss like that. She refuses to let Kaleb go.

He's the Fire to her Ice. She's the Ice to his Fire. Together they cause an explosion so hot that someone is bound to get torched.

From Reader Review Fire for online ebook

Olga therebelreader says

I couldn't wait to read this book once I got started on Elite Forces series...and it mostly lived up to my expectations.

I enjoyed the overall storyline. Kaleb is captured and horribly tortured by members of a drug cartel. Following his rescue, his physical and emotional connection with Jade is made stronger and more intense. But, a ruthless enemy stalks them with deadly precision. Kaleb is determined to even sacrifice himself to protect Jade and keep her out of danger.

The sex in the book was definitely hot and explicit. The suspense was great, the romance was good, and the characters were easy to connect to. The story was action packed with great heroes. Jade is one of the best heroines, she is smart and tough, and the best match for Kaleb. She is kick-ass. And I love Kaleb! He lives for the next mission, and wants Jade to know he's a man she can trust.

I absolutely loved the lead couple!! The authors sucked you in from the very beginning and kept you glued to your seat until the very end. I did think at times the plot dragged just a little, but for the most part the book kept me reading. Although the pace was slower than that in the first book, the authors delivered a wild ride that sizzles. The right blend of romance, erotica, suspense, and a little mystery!

ARC kindly provided in exchange for an honest review.

Kathleen says

Story Rating ~ 5 Stars!

Hero Rating ~ 4 Stars!

Heroine Rating ~ 4 Stars!

Action Rating ~ 5 Stars!

Heat Level ~ 4 Stars!

Ending ~ 5 Stars!

Overall Rating ~ 4.5 Fire & Ice Stars!

Special Note : ***Fire*** is the second half of this story. You MUST read ***Ice*** first!

At the end of ***Ice*** I could not rap my mind around what was happening. It was a total cliffhanger and I was

so darn happy that ***Fire*** was already released. It was not my plan to read ***Fire*** right away but the ending had me **NEEDING** to read it NOW!

HOLY SHIT! Kaleb AKA Fire was left in the worst possible situation! I can't even imagine how anyone could go through that shit. All the while Jade AKA Ice, is going through a nightmare herself, trying to get to him. This was a pulse pounding, soul grabbing part of the book that had me gripped to the story line.

Afterwards Fire has to deal with some awful demons as he heals. Once again I REALLY felt his pain. I also felt Ice's pain watching him heal and deal with his demons.

I was NOT expecting the villain to be this person, it just made the story grittier and dark. You know what? I NEVER saw it coming. He was EVIL to the bone. But the villain got away and now Fire will stop at nothing to get this sick fuck. You see, the villain found out Fire's weak spot, Ice.

The one reason I rated Fire and Ice the H/h only 4 stars was I did not like how they each went about dealing with the last mission on taking the villain down. Other than that it was a REALLY good read. I got the action I was craving, the comradery of all the people on their team, the SCORCHING HOT sex and so much more from this installment. To tell the truth, I enjoyed the book 2 ***Fire*** than book 1 ***Ice***.

In the end, everything work out just the way I was hoping it would. So now I'm left waiting for Harris' story, a story that is a MUST read for me.

Warning : This book contains explicit language, extreme violence & graphic sexual content.

loves 2 read romance says

Received a copy of this for an honest review.

These authors are a dynamic duo!! Fire picks up where Ice left us hanging chewing on our fingernails. To say this is an intense read is an understatement. Jade is going crazy trying to find Kaleb. She is imaging the absolute worst and just hopes she isn't to late. She will do whatever is necessary to get to him.

Kaleb is in for a complete shock when he discovers who his captor is. The torture he endures is horrific. The one thing that keeps him sane is thinking about Jade. She is his rock and she doesn't even know how he feels. Time seems to stand still as they each long for the other.

Jade has her team to watch her back and the relationship between these characters is phenomenal. Her best friend keeps her grounded and focused as many characters as he can. This is such an emotionally intense storyline with erotic scenes that ramp up the thrill factor. Definitely one of the best books I have read!!!

Coco.V says

I enjoyed this book immensely ! After reading Ice a few months ago, its sequel Fire had become one of the most anticipated reads of the year for me. Oh my goodness ! This book has it all. It captivated me, agitated me, owned me, aroused me and assaulted all my senses. Packed with action and suspense, this is the kind of books that leave you hanging on the edge of a cliff while the story unfolds.

Fire starts right where book one ended. Kaleb has been taken and he's now fighting for his life. The indescribable torture and abuse he's endured was almost unbearable. I was left breathless for a while, gasping for air. The physical pain his captors inflict on him split my heart in two. Jade is determined to save him at all cost. Jade whose heart used to be hard as a block of ice until Kaleb brought his fire into her life and melted it. Love is a feeling and an emotion so sensationally pure, strong enough to heal the broken and warm even the coldest of hearts. It breaks all the rules and blurs all the lines.

Difficult to write this review without giving everything away. Let me just tell you I LOVED Jade and Kaleb's story. I loved their connection, their dialogues, the way their minds complemented each other as much as their bodies did. Their hearts and bodies drawn like magnets, permanently marking each other's hearts, sometimes fighting against each other and always fighting for one another. I also loved their selflessness when it came to each other, and loved them together.

This was a beautiful love story between two incredible characters I loved from beginning to end.

The secondary characters play a vital role in the overall picture as well, and can't wait to read Harris's story.

Hilary Storm and Kathy Coopmans are two amazing gifted authors and they expertly put together this captivating and incredibly HOT story. Brace yourselves because this book will rock. your. world !

Guilty Pleasures Book Reviews says

Rosalie's review posted at Guilty Pleasures Book Reviews

Jade and Kaleb worked together on a secret Special Ops mission in Book 1, finding out where the two titles of the books come from :). Both are hard ass military and neither want to bend...to fall in love. From the minute the two meet, however, the readers know that it is as inevitable as the words you are reading on the page.

With Fire, we open with Kaleb having been captured in the previous mission he was on with his team and Jade, and both realizing how desperately important the other is. Seeing the torture both go through, through the journey, pulls your heart out of your chest. The reunion and everything after made me literally swoon!

Of course this book couldn't have only one plot point. I was on the edge of me seat throughout the read, waiting for the other shoe to drop, for something to happen to Jade and Kaleb, to turn their worlds upside down. The family connectedness throughout this read was amazing. Both authors are absolutely amazing. I started Fire and felt like the beginning of Ice had happened forever ago, to family members of my own. I quickly fell into this world these two amazing authors created and was wrapped from the beginning. Bravo ladies...bravo!!! Can't wait to read more from the two of them!

Franci Neill says

5 A TWIST I DIDN'T SEE COMING STARS!!!!

I've been waiting since March 7th for this book to be released and as much as I loved Ice I love Fire that much more!!! Both authors have done it again with this conclusion to these first two books in the Elite Forces Series.

We pick up right where we left off in Ice which I so appreciated because it just brought me right back to the edge of my seat from the first page. There is so much action in this book both from a physical sense and an emotional one as well as Kaleb and Jade have to deal with so many things in order to get to a point where they can be together forever.

There's also a twist in this book that totally threw me for a loop and is totally BRILLIANT!!! I literally talked to my kindle while reading this book because of all the mind boggling stuff being said and done. Trust me when I tell you, once you get enmeshed in this Elite Forces world you'll be hooked just like I am.

Long story short, I can't give you anymore than this because it would just give everything away and you want to experience it just like I did as the story unfolds before you. Just like Ice this book has it all – intrigue, action, drama, incredibly hot sex, and so many emotions experienced by everyone involved, but none more so than Kaleb and Jade. You won't be disappointed!!!

Thank you to Hilary Storm and Kathy Coopmans for the privilege of reading this prior to release.

Jennifer says

Great conclusion to Kaleb and Jade's story. It picks up right where the first one ended. Lots of action, suspense, hot sex, healing, love and more hot sex.

Plenty more team members to learn more about and to get HEAs. I'm excited that Harris' HEA is next.

Helena Rizzuto says

Phew..... In this stunning conclusion to the story of Jade and Kaleb.... Be prepared for intense and riveting reading.

Kudos to the authors for not leaving gaps of time between Ice and Fire. It's extremely well written and is guaranteed to keep the reader enthralled. That being said..... Oh..... My..... God..... The endurance that Kaleb has is seriously exhibited in this book. How one is able to endure all that he has..... Is enough to break a person. Jade..... Ever the loyal one. Again, I can't emphasize how good it is to finally have a woman who isn't weak and isn't simpering. Despite her emotional turmoil she perseveres. The hotness in this book is enough to leave the panties scorching and the reader dripping. I'd have almost thought it impossible to be so emotional yet..... So sexy. The mind twists that these two authors are known for surely come into play with this book. With a twist of epic proportions, be prepared to be wowed and have a permanently big eyed face for a while as you let this book soak in. Kathy and Hilary are a dangerously dynamic duo with the skills to heat up your body and let your mind spin.

Nathalie says

Writing and copy editing - Wow is the copy editing really really bad! Like in book 1, there was too much repetition in how things were described (almost word for word in some instances) and there were way too many errors and convoluted sentences which made the action parts difficult to follow and distracted from the story overall.

Plot - Fell flat IMO. It started off pretty good but half way through the story became unbelievable (not in a good way) and the action didn't make my heart race. Disappointing. I also found the ending too neatly packaged.

Main Characters - Jade annoyed me in this novel. She was selfish and complained too much without understanding. Kaleb stayed true to his character as a typical alpha male, massive, tatted up and controlling, perfect for the genre.

Book Cover (because let's face it, we all judge a book by its cover) - I was actually pretty disappointed that the characters appearances were so spoon fed, it didn't allow me to imagine them myself and that caused me to like them less, especially Kaleb who I'm sorry to say I didn't find attractive on the cover. If it was a physical copy in a book shop I wouldn't have picked it up and I would have skimmed past it in the e-store if I hadn't already read book 1.

Overall - 3 out of 5 stars. I recommend it only to people who want to know what happened to Jade & Kaleb.

1-Click Addict Support Group says

Jade Elliott is determined to save Kaleb Maverick. Determined to save the man she loves. Determined to not let anyone stand in her way to make that happen (sorry, Harris!). And holy hell, does she make it happen!

Kaleb is in trouble—deep trouble. He survived being dragged and beaten when captured saving Jade, but now the team needs to rally to save him. He just needs to stay alive. By visualizing Jade in his mind, he knows his memories, his wants and desires for her will help him get through anything.

But this enemy he's fighting is not unknown—and his captor knows just how to hurt him. Will Jade and the team make it in time?

Wow. *Fire* picks up right where *Ice* left off—and holy moly, does it take you by the throat and drag you along on one wild ride. Jade is one tough woman, a woman who won't take no for an answer. She's an unstoppable force, which is what's needed to save Kaleb. I loved their interactions with each other, their love for each other coming quite hotly through the pages. And I loved the interactions with the rest of the team.

Can't wait for Harris' story! ~ Missy, 4.5 stars

Bonnie Rediske- says

Dear heavens! Jade has fallen, and fallen hard. She is strong and the most elite female in her squad yet has

been brought to her knees by the touch of one special guy. How did she let him so deep in her soul so quickly? He has been taken and she is determined to save him, despite the danger it puts her in.

Fire is hot, but is being tormented by his captor. He is being tortured in the worst ways and all he can think of is the brief time that he has felt love, Jade's love. He hears her screams as his team drags her out of danger and hopes that she can survive his loss.

When they are finally together again, will the secrets he has kept and continues to keep break them?

Fire and Ice is the perfect way to describe this couple and the relationship that is built. One could ultimately destroy the other and it is evident in every aspect of this story. I love the connections of the characters and how the camaraderie is so high. We always here about how close military units are but the author shows just how strong the connection is through every word written in this book.

Great love story, lots of angst and lots of heat. Recommended for a mature but spicy audience. Five Stars!

Victoria Ashley says

Just finished FIRE by Hilary Storm and Kathy Coopmans and HOLY HELL!! The ladies brought the same intensity and heat that they gave us all in ICE! What a thrill ride! This book had my heart racing quite a few times and trying to read faster to see what was going to happen next. I just had to know! Jade is one tough woman. One of the toughest ones that I've ever had the pleasure of reading about. And Commander Kaleb... He was just as sexy and alpha as he was in the beginning when I fell for him. You really MUST read FIRE and I'm talking as soon as it goes live tomorrow. 5 HOT HEART POUNDING STARS!!!!

Debbie says

This is book 2 in a series and the conclusion to Kaleb's and Jade's story. You don't need to read this book until you've read Ice or you'll be lost and miss a lot of the story.

What a great ending. Fire picks up where Ice ended with Kaleb being held by the Mexican Cartel and a surprise player no one saw coming. Jade is determined to rescue him and Kaleb fights to stay alive. Both of these books were filled with action and suspense and kept me on edge wanting to know what would happen next.

I could say more but unfortunately there's no way without including spoilers, and you need to feel the intensity of this story as you read it and be surprised turning each page.

I loved both Kaleb and Jade and was hoping things were going to work out in their favor. I already liked Harris from book one and I fell harder for him in this book. I liked Jackson a lot too as well as the other team members. I'm excited to see that Harris will get his own book sometime this summer.

Over all this was a really good read with great characters and lot of action. The chemistry between Jade and Kaleb was hot and they were absolutely perfect for each other.

Alison says

loved these first two books I couldn't read them fast enough.

What Kaleb went through was brutal but his love for Jade got him through.

Cant wait for Harris book

The moment you think you have it all is when it all vanishes right before your eyes.

He had one final mission, but who knew it would go wrong? Kaleb Maverick is now fighting for his life. The life he wants to share with the woman he loves. The Fire inside him not only burns for her, it sizzles.

Jade Elliott has lost one man in her life. She's determined not to lose another. The coldness in her heart can't handle another loss like that. She refuses to let Kaleb go.

He's the Fire to her Ice. She's the Ice to his Fire. Together they cause an explosion so hot that someone is bound to get torched.

Review:

“You really want me to take my aggression out on you?” I nod, giving him the response I hope he was looking for. He grabs a handful of my hair and pulls it tightly, forcing me to look into the mirror at him.”

5 heated stars!

Kaleb and Jade know what it's like to lose something. And now they are both fighting to keep each other in

their life. This book is intense and full of passion! I had a hard time putting this book down while reading, simply because I need to know what was going to happen next! Hilary and Kathy definitely know how to write one sexy book together.
