Matt Randall says

Although this book is a super quick read, I think its important to brush up on principles like this. Everyone knows that being married is a full time job. Its our job to continually improve our ability to communicate and relate. It sounds easy, but most of the time it is not.

Emil Bredahl says

Great book that brings to light some great ideas that we married men can all use.
I enjoyed a book like this, because it challenged me and it was written with a very easy language that every one can understand. I really like Tony Evans books and booklets.

Tim Nolte says

This is by far the most impactful and challenging book a husband can read. If you truly desire to be a godly husband then this a key guide to put you on that path.

Despond says

Es un libro de 50+ páginas, bíblico basado en Efesios 5, práctico y muy bien escrito.

Tina says

I read this book because I needed to read a book geared towards men for a reading challenge. Although it's geared towards men, there were some helpful reminders for me as a wife such as the fact that we need to sacrifice and put our spouses needs before our own needs. We all need a servant's heart.

Sam says

Good good stuff! Premise: Men are to be the savior, sanctifier and satisfier for the wife.

Marsha says
