Qiana King says

I didn't read it.

Gustavo says

This volume was much better than the other one, but I would prefer if she really kiss someone, also we can see the past of one of the other characters, This volume is very cheesy.

Harriet says

Slightly frustrated at the amount that Nina almost kisses someone but I do like the series.

Julia says

I LOVE Eleven and Twelve, they are hilarious. I really enjoyed "Sun On July 17th", though, I enjoy the anime version of the episode better.

Krul Tepes says

I love the new characters that came in! I was so shocked when I found out that Zero had a fiance! Poor Nina. I really love those two together. But I was really happy that they got a few good moments together. Oh, Eleven and Twelve are weird, but I love their romance questions.

I first found this series in the 6th grade, which is around 3 years ago. I didn't finish the WHOLE ENTIRE series. I only got up to volume 6. AND YES, my heart still aches to read volume 7!!

Anyway, a while back, I LOVED THIS SERIES. I would have given it a four-star. It was so romantic and cute and it made me laugh randomly. OH MY GOSH, IT WAS SO AWESOME.

Then, on Leap Day, as a 9th grade high school freshman, I decided to reopen this book because I had found it at the library a few days back. They only have volumes 3 and 5 available, so I just grabbed them both.

I only finished volume 3 though. And I have to say that . . .

THIS STORY IS WAY TOO SHOUJO!

For those of you who don't know what Shoujo is, I'll just translate to full on English.

THIS STORY IS WAY TOO GIRLY!!!!

I guess it'd make a really adorable story. I mean the art is really cute. But this . . . this sort of story is simply CUTE love.

It's not full on ROMANCE. It's not the melodramatic romance where one person can't stop thinking about the other. I mean . . . well, it doesn't teach what TRUUUUUE love is.

I think my opinion from the 14-year-old me and the opinion from the 11-year-old me are very different because I really was NOT experienced with true love when I was 11.

This story is cute. I mean every time one of the guys so much as take a step towards that girl, she either
-blushes (like a ripe TOMATO)
-freaks out (hides behind something or someone)
-will use fists to emphasize how embarrassed she is (like a whacked out reflex)

Hey. I'm a high school girl, and I ACT EXACTLY LIKE THIS. I mean, I have more guy friends than girl friends (which I actually enjoy because girls can get way over dramatic, and now-a-days, ALL THEY CARE ABOUT IS MAKE-UP, SHAVED LEGS, POSTURE, BOYFRIENDS.....GUYS DON'T CARE ABOUT THOSE THINGS AT ALL!!! At least...the guys I hang out with). Whenever one of the guys steps close to me, I run to the nearest other guy friend I can find and I use him as my shield.

Yeah. I can relate to the major shyness of this girl.

BUT THIS GIRL EXAGGERATES IT.

I can't remember what happened or what the guy did to the girl, but I DO REMEMBER that the guy hardly did anything. He just made this tiny mistake, and the girl was like "I HATE YOU!"

I've overheard guy conversations before, dude.

-"Girls are way too annoying! Dude, you hardly do anything to them, and they freak out and they get mad over nothing. They just need to take chill pills and seriously CHILL."

-"I don't own a phone anymore. The last girlfriend I had kept texting me, and since I didn't text her back, she got really mad."

Both of those guys are my friends.

ANYWAY, THESE KINDS OF GIRLS ARE THE PEOPLE THAT CAUSE WOMANIZERS TO START WOMANIZING!

And HATE is a strong word.

Anyway, yeah. This book is cute. Don't get me wrong.
BUT IT DOES NOT TEACH ABOUT MAJORLY TRUE LOVE. It teaches you what happens when you have a CRUSH, but.....
I guess it can teach possible things. So far, it has taught me

1. A guy who loves you will protect you!
2. Girls overreact and lose all common sense when it comes to guys.

Both are very very true.

But yeah. This book is not completely completely serious. It is a cute shoujo story about a girl who technically has a crush on two guys who are out to protect her for a temporary time.

Crap. I didn't explain all that too well. BUT YEAH.

1 star for the adorable art.
+
1 star for creative and somewhat original story
+
1 star for the bit that it has taught me so far
----- (equals)
3 sparkly sparkly stars
