Once she gets released, time is of the essence trying to find Dutchess who will stop at nothing to make sure Mari doesn't breathe much longer.

Rakim and Jocelyn are still learning this relationship thing together. He's never been a one woman man but Jocelyn has calmed him down a lot. She gives him an ultimatum that if he refuses, can cost him her love. Will he give in to her demand or say it's over? Find out in this explosive finale what happens when these siblings all come together to be their brothers keeper.

**Ok read**

I loved how the parents raised the kids to take care of each other. And I loved that they were educated and even though they worked in the father's banks, they started from the bottom. The mother was truly a matriarch and very intuitive. As for the rest of the story, the sex scenes were overdone; i get it - young love, but it was just too much and didn't add to the story. And all that fighting, especially the women throwing hands was unbelievable for people on that level. This series would have been a lot better had it been edited. There were way too many errors.

This book was so good. I'm so happy all the couple's survived. I didn't think they were ever gonna get that Duchess, I see Ranisha got the message and kept it pushing. This was a must read. Love your work Tina J.

Finally finding out what caused Efrain's pain hurt my heart. But so thankful he was able to open up. This series was action packed a definitely had major drama and suspense. So glad the brother's and sisters got their happily ever after. It doesn't always end that way. Must read series!!

**5 ?????**

This series ended perfect. I couldn't have asked for nothing more or anything less from miss Tina J. I was so extatic when they finally took out Duchess because she clearly got on my nerves and when Efrain finally got his revenge from everybody that caused him harm. I love how close knit all the brothers and sister was because that's how all siblings should feel about each other. Great job and even greater series. Loved it ♥♥

### **Tina J rocks**

It's no surprise that of course Tina J has done it again. I don't think I'll ever get tired of disgruntled ex lovers or dominant alpha males. It's always refreshing to see old characters pop up in new series and have it feeling like a family reunion. I'm glad both families were able to get it together since they're intertwined so much. I like how male sexual abuse was exposed and how it showed it being worked through. That's something that's taboo in our community and needs to be highlighted more since it does happen so great job with that. Amazing as always and the only thing I can say is I'd definitely look forward to your take on paranormal again!

#### **A MUST READ SERIES**

Amazing series and I absolutely loved it. I was so glad that all the scandalous and trifling snakes got exactly what they deserved. So loved George, his character was a mess. Glad that Rakim got himself together before he lost Jocelyn. Happy that Dash and Genesis worked everything out. Jose and Mari was exactly what the other one needed, they were so in love. I hate to see this series end and would love to revisit and catch up with them. Amazing job with this series Tina J and I highly recommend it.

Mann this book bad my nerves on edge for a minute! I was worried about Dash & Genesis for a minute there! Talia & Dutchess were coo coo for cocoa puff Ranisha had to learn the hard way with her delusional behind! Jose is bae! At first I was like Dash but Jose smh! I was so proud of Efrain for ping what he had to to find his peace! George was my favorite character though!! I'm sad this series is over! Spectacular end to the series!

I tell you this series was awesome. I wanted to bash Dash in his face a couple of times. He finally got it together so that was a good thing. I knew that was what happened to Efrain. I'm glad he got the help he needed and worked through his trauma. I enjoyed reading about all the couples. George was my homie. It

was good all the villains got what was coming to them. Jose is bae. The way he loved Mari was everything.

**????Must Read Series???**

I absolutely loved this series from the start?? There is betrayal, drama, family issues, and relationships trails with all the characters. Efrains charcater was the most intriguing and George was hilarious. The storyline was very mysterious and the character development was great. I'm happy with the ending and I enjoyed every page. This is definitely a must read series. They are definitely their brothers keeper?

**Must Read**

Wow. All this drama. I was glad Efrain opened up about his issues. It most definitely helped him. His family was truly supportive of him! He should have known that they had his back. They were their brothers keeper. Rakim and his overprotective ways almost had him living the single life. Lol. He needed to chill and I was glad when he did. Dash was a trip. Mari loved her some Jose. I was glad when all the enemies were handled and the family could live peacefully. This was definitely a great ending to this series!

**Great ending**

I'm so glad that efrain got the guys that did that to him! Once he let it all out he was able to cope with it and who knew he would find love with his therapist! But she was good for him and he was good for her! George and Levi are something else! The only couple that didn't have problems lol and the love was real! Jose and Mari yesss! I'm so glad that they worked out their problem and man the love he had for her was something! I'm glad dash listened for a change! And rakim had me mad but when Raul talked to him and he listened and seen what it was everyone was saying was good! They only wanted what was rite for their sisters but wasn't man enough to listen to the other! Now all of them are married to the love of their life's and living happily ever after! And on top of that daddy is doing good!

### **Love Excitement & Drama**

Man the bottom line this book was full of love. Love between people you would never think of. Enough drama and excitement to keep you reading. But them dirty boys...I don't do revenge but they needed that! But reading Efrain story I kind-of figured that what was going on with him. Her therapist seems more than a lifesaver. In the end everyone has the love of a lifetime and babies to boot!

### **Bomb!**

Yesss Tina!!!! Def loved and enjoyed this book and absolutely loved the whole series. The Davis and Alvarado are not to be played with. So glad they got all them snakes up out the grass. I was so glad when Efrain finally told his story. I feel like this book he was really apart of the family. I'm glad most and Rakim finally put they differences aside because it really was going to be pointless them to beef. Great series and ready for what's next from Tina.
