The Most Unsuitable Wife

Caroline Clemmons

The Most Unsuitable Wife Caroline Clemmons

When a will provision forces a man to marry by his thirtieth birthday, he vows to find a most unsuitable bride...and winds up falling in love with her!

Wanted: one completely improper bride.

Even if Drake Kincaid had placed such an advertisement in every paper in the country, he couldn't have found a better candidate than Pearl Parker...which is fine with him. After all, his parents' will stipulates only that he marry by his thirtieth birthday, not that he marry well. And no one--including Drake's grandfather, the man determined to hold him to the ridiculous provision--could possibly think tall, bossy Pearl with her ragtag siblings and questionable "cousin" Belle will make a good wife. Until Drake realizes that in her startling violet eyes he sees a beautiful woman with a generous soul...

Their life together may not have started with hearts and flowers, but Drake and Pearl will soon learn that real love--with a breathtaking dose of passion--will make their marriage a true romance.

From Reader Review The Most Unsuitable Wife for online ebook

Maggie says

A Western tale of redemption and discovery. Themes of family and community accentuate this marriage of convenience story. With every twist and turn, the past and present collide exposing Drake and Pearl's fears. Poor or rich, married or single, this book illustrates the human quest for acceptance and love.

Linda Leslie says

Good read

Very detailed story line and good character development. What kept me from rating this story a 5 was the ending...it just ended! There was a dramatic buildup and then...they're going home. An expanded ending would have made this better.

Jacqueline Fisher says

What a spit fire!

What a very awesome book. One cocky cowboy that must be married by his 30th birthday or he loses his ranch to his Uncle (his mother's brother). By Damn that's not what's going to happen, so he takes a trip with his cousin Lex to a spit of a town to get some horses and try and find a homely looking bride to bring back. Pearl is a beautiful young woman who dresses up homely so she won't get hit on by men in the town and so she can sell her goods that she makes to take care of her younger sister and brother that she took in years ago and a new patient a saloon girl who got beat up and left for dead. She takes no scuff from NO one.

Wait till the battle begins with Drake and Pearl and who is after Pearl trying to kill her and the kids. Will Drake come to his senses and realise just how much she means to him.... a family of his own and that he truly loves her before it's too late?

I would recommend this book to anyone who loves drama, mystery, suspense, romance and above all...Cowboy's!!

Karen says

Lightweight western.

Bratty rancher needs a wife to inherit, a town's outcast who heals, bakes & takes in the unwanted, a villain & side kicks with no redeeming qualities.

Little 2 dimensional for my taste

Valerie says

2.5 stars.

So there's this whole blurb about the hero willing to find the most unsuitable wife, which is emphasized by the title of this book, but the whole thing about finding that wife is done and over with so quickly you'll miss it if you blink.

That big secret she wants to keep hidden from the hero? As to why she'd been called the pig girl? *rolling my eyes* so ridiculous.

It wasn't a horrible book but I often thought about not finishing it. I just completely lost interest after a little while.

Anita says

Good story teller, drama up to the very end. A good read

Elizabeth West says

The Most Unsuitable Wife

Very good book with suspense and drama. The love story between Pearl and Drake begins in an unusual way but I liked their story very much.

Loretta says

the stuff daydreams are made of... charming story. I look forward to reading more.

Karen says

I say this is a great read and start to the series, but the editing left you wondering what the heck happened. When they arrived in Kincaid Springs it says Drake helped the four ladies off the train... Gee so I guess Storm turned into a lady. The last few chapters had many spelling and grammatical error, which made you have to reread the sentence to understand it. If it weren't for these errors this book would be a 5 star book. I read this and book two backwards hehe...

J.B. Stockings says

Interesting characters, but the writing just isn't up to snuff. And it just seems to get worse as the book goes on. I thought the last chapter was abysmal. The dialogue and what they are thinking isn't natural. I would not read another book by this author.

Tracy Emro says

This author was new to me and I found this book via a BookBub recommendation.

I really enjoyed this story. I thought it was well written and had a good plot. There were a few typos and the Texan accent was sometimes a little over the top. But all in all it was very entertaining.

I really liked Pearl and Drake. They were both nice people and the chemistry between them was very believable.

The book was steamy without being smutty (not that I have a problem with smutty), dramatic without being dark and had some very lighthearted moments.

My only complaint is that it ends a little abruptly and there is no epilogue. I felt a little cheated not knowing what happens with Pearl and Drake.

I will definitely read more books by this author and while historical westerns are not my usual fare, I will read the rest of this series and would happily recommend this book.

Kim says

Just another quick read, western style adventure romance. Nice but nothing special. Good airport read.

Rosie nook book.

Linda says

Very Good Book

It's a mystery laced with a lot of clean romance. We see the hero and heroine fight all sorts of odds to embrace their lives together. And in the background there's the mystery of each ones former lives and who wants to harm them. I really liked the book and recommend it.

Karen says

I accidentally read this book, not realizing it was a romance novel, which is generally not my genre. It's corny, unrealistic, and the characters are overly idyllic, but I did finish it and was mildly entertained.

Miriam Rivera says

A beautiful story!

A great beginning to the series, Drake requires a wife to inherit his ranch but doesn't want to get married. He devised a plan to find the most unacceptable woman to marry so he wouldn't fall in love. Pearl hides her true self from men by wearing oversized dresses and dirty hair, but she's a beautiful woman with a big heart who needs to escape her town. They marry and drake realizes he married the wrong woman.
