## **The Young Madonna** L.M. Wood , Lynn Wood

Aspiring artist, Mary Elle McGann has a haunting encounter with the child virgin and is suddenly propelled to the dizzying heights atop the glittering international art scene where she meets Luc Bordeaux, a wealthy Parisian collector. After a fairytale weekend in Paris, Mary Elle returns to the states to pick up the pieces of her former non-glittery life only to realize that some doors once opened are not so easily shut again. The virgin returns, but this time as a young woman on the brink of changing the course of history. Trying to gain a step on the bizarre turn her life has taken, Mary Elle travels to Nazareth and then Bethlehem following the footsteps of the girl who would become the mother of Christ. But the virgin is not the only one pursuing her and with each step she takes in the direction of her destiny, another hand offers Mary Elle a different vision...one born of passion, fame, wealth and love. Can she risk reaching for both the virgin's gifts and the heady excitement she finds with Luc or will their competing designs for her future tear her apart? Can she be the star in her own Cinderella story or in the very moment she takes Luc's hand will she forfeit the singular gift that attracted him to her in the first place? A compelling story of fate, of a faith tested and honed in the agonies of indecision, and of the yearning for the fairy tale ending ever woman dreams of...both today...and 2000 years ago...

## Victoria says

It is a great book to read

---

## Donna Barney says

I really enjoyed this story.

---

## Emily Eitnrear says

I received this book through a Goodreads Giveaway: I loved the story line and felt that the book flowed well from chapter to chapter. Although there are several graphic sex scenes I feel that they help you depict the deepness of the characters in the book and are, in fact, relevant to the storyline. This book has brought a new perspective of this biblical history for me and I really enjoyed this book.

## Bexter says

Loved it! I started this on Friday night and just got caught up in the story for the whole weekend. I'm not much of a romance reader, but this one was really delightful. First of all, who can resist a heroine who lives in a converted church with a bell tower! I enjoyed the story, the suspense, and the historical aspects. I really liked the main character, and I was prepared to NOT like her love interest because of the slightly Harlequin-romance-y thing (as in he's ten years older and has to "teach" her how to have sex, how cliché!) but I ended up liking him, too, in the end.

I've never read anything by Lynn Wood before, but now I am for sure going to read her next book, The Catalyst.

If I have any criticism, it would be in her choice (or someone's choice) of book-cover images. It is really cheesy: A Jon-Benet Ramsey look-alike, inappropriately young, apparently nude, with three stock photos over her boobs. Weird! The back cover shows the same picture of her, now superimposed over a man's torso wearing a partially-open dress shirt (complete with gross black curly chest hair) and her pouty lips positioned about level with his belly button...yeah, creepy.

### Fantast

I would recommend this book to anyone. It is a great read. From beginning to end it held my interest. Will

look forward to more books from Miss Wood.

### **Vicki Scullion says**

An amazing story about the life of a young woman who painted the Virgin Mary's story as confided to her in visions. This novel was truly creative and well-written.
