## **A Justified Murder** Jude Deveraux

**New York Times** bestselling romance author Jude Deveraux continues her breakout Medlar Mystery series with a twisted tale of guilt and revenge...

The small town of Lachlan, Florida, was rocked last year when two bodies were uncovered in the roots of a fallen tree. Despite their lack of investigative experience, Sara Medlar; her niece, Kate; and Jack Wyatt found themselves at the center of the mystery, working together to reveal the truth behind a decades-old secret in the sleepy town. After a narrow escape, they vowed to never again involve themselves in something so dangerous--until Janet Beeson is murdered.

When Janet's body is discovered, everyone is shocked by the violence of the attack. The sweet little old woman has been shot, stabbed *and* poisoned, but no one can imagine who would want to harm one of the town's kindest, most helpful residents. Sara, Kate and Jack are determined to leave this case to the professionals. But they are soon bombarded by townspeople eager to tell their stories and clear their names with the trio who solved the Morris murders. Even the sheriff is hoping they'll lend their skills to a crime that seems to have no explanation and no motive. And once the town gets talking, they begin to see that there are more secrets buried in quiet Lachlan than anyone could have imagined...

## From Reader Review A Justified Murder for online ebook

### Barb says

I received a digital copy of this book from Edelweiss for review purposes. Thanks!

I like the characters in this series, but the story/mystery was odd in this one.  
And I hated the ending.

### Janet says

I received a DIGITAL Advance Reader Copy of this book from #NetGalley in exchange for an honest review.

From the publisher, as I do not regurgitate the contents or story of books in reviews, I let them do it.

I have always loved Jude Devereaux - even in her most romantic novels she always finds a way to inject humour: read "The Princess" and not laugh out loud, ditto for "Knight in Shining Armour". This adventure into mystery is a delight as well. I went and read the first book in the series (A Willing Murder) before delving into this one, but I do think that the book could be read on its own.

The book is wonderfully written and grabs your attention from the get go and I am happy that it is decidedly a new series as the characters are so enjoyable to join in one in their adventure. This is a fabulous mystery from one of the Queens of Romance and I look forward to book three and beyond. If you love mysteries, this is a wonderful book for you to read: don't be put off by its author's pedigree and being known for romances.

As always, I try to find a reason to not rate with stars as I love emojis (outside of Instagram) so let's give it ? ? ?
