## A Small Price to Pay, Sir Dennis Talbot

Josh Tolson, younger son of Walter Tolson the car manufacturer, is talked into a risky enterprise by Jane, his ex-fiancé, just at the time when he's trying to track down Liz, his new love. When Ramona also appears on the scene, Ellingham, Josh's manservant, begins to see his own comfortable lifestyle threatened. Recognising a situation that somehow doesn't ring true, he sets out to protect his young master and himself, finding that there is a darker, if amusing side. But will he be able to combat the pull of a powerful lady?
