## **From Reader Review Ariel: The Shimmering Star Necklace for online ebook**

### **Sarah says**

What a treat to get to see a bit of Ariel's life as a human! She has to solve a bit of a mystery that leads her back to her roots, or as it were, fins. Classic character make appearances, and new ones are introduced. It's a very fun, easy read. I certainly recommend this to your little ones who love Ariel, Disney, mermaids, and princess stories!

---

### **kim says**

the writing was not all that great, but the plot wasn't too bad. the 5 year old I read it to loved it.

---

### **sofu says**

Es imposible que encuentre algo sobre Ariel y no lo lea ??

---

### **Rommel Sison says**

6-year-old daughter: 5 stars  
5-year-old daughter: 4 stars

---

### **Ria says**

"This book is about Ariel trying to find laurel, who was somewhere mysteriously in the water, even though she is a human. I liked how the venture begins to find her." - Ria

---

### **Sydney says**

laurel was once a human and turns into a mermaid. she wants to be with her friend calista. laura becomes human again because she wanted to do a concert.

---

### **SamZ says**

I really liked this series concept. Each book in the series features a different Disney princess and is a great

chapter book for K-4th grade. I am enjoying reading it to Kaity (4). She isn't a huge fan of the "one chapter at a time" concept, but she loves the princess and the color pictures.

---

### **Alysha says**

Didn't love it as much as other books I've been reading with my little girl, but better than a lot as well. Quick and fun, a mystery my daughter found fun as well.

---

### **Noe says**

I didn't like that Laurel was almost gone forever. I liked that she got back out of the water and still got to visit Calista.

---

### **Kaytee says**

there was a legende that came true then somebodys child dissapeared then she told ariel that she had a new friend then the star turned the child into a mermaid then she turned back to human

---

### **M. says**

This is a typical 2nd grade series reader. The story is mildly interesting, but will be comforting to many young readers since they already know the characters and the background story.

---

### **Johnny says**

This is a nice installment in the Disney Princess Early Chapter Books series. There's a cute mystery around a missing girl in Ariel's kingdom, and it allowed for a nice dialogue with my daughter about making sure not to keep secrets from me about where she is and with whom she is playing.

---

### **Melissa King says**

This is a great addition to the movie Little Mermaid. If you have a little girl in your life that likes the movie then she will love this book.

---

### **Haziqah Nabihah says**

It is so fun story

---

### **Mandy says**

In this early chapter book, Ariel is now married and living in the castle with Prince Eric. She still keeps in touch with her sisters, as well as animal friends Scuttle, Sebastian, and Flounder. This story has her tutoring a young girl in singing, only to have the girl disappear on the day of the concert. A fun visit with familiar characters, this is sure to be appreciated by any fans of the original movie or of princess tales in general.
