## **Blood Oath** William W. Johnstone

In 1973, thirteen kids with an appetite for something different went out to play. First came the ritual and the dare . . . then the screaming and the blood. Before the night was over, only eleven children survived to share a terrible secret. Twenty-six years later, the small town of Denton, Missouri, has been rocked by three brutal murders—each victim bound by a childhood friendship stained with blood. Far from the shadow of suspicion, far from the memories of an unforgivable crime, the past has returned with a vengeance. And this time, the fun and games are just beginning.

### **Cathy Gudger says**

Really liked this story. It had some gory parts to it but the the story was quite good. It had a little bit of everything...

---

### **Marie says**

This was an excellent read! Even though it is considered horror - it's not really. It is more of a murder mystery with some graphic gore thrown in to liven things up. I could not put it down and stayed up late at night reading it. Oh and it is not just one murder - there are quite a few. In my opinion this is a five star read.

#### **Blood Oath**

Twenty five years have past since the time a group of wealthy teenaged kids who thought themselves entitled to everything, in moments of boredom, have taken the lives of 2 other students. Now SOMEONE HAS COME BACK AND IS TAKING REVENGE. KILLING NOT THE CULPRITS IN THE SLAYINGS, BUT THEIR CHILDREN. CAN THESE KILLINGS BE STOPPED, AND ARE THEY CONNECTED. HIS SUPERNATURAL THRILLER SHOULD NOT BE MISSED. I RECOMMEND!

---

### **David Minger says**

First horror book I've read from Mr. Johnstone excellent who fun it twist.

---

### **Rob Smith says**

This is very grotesque book in that the descriptions of what the "bad guy" does is extremely graphic. Especially when realizing this book was written in 1982. I have to wonder why this wasn't edited more to cut out what is clearly x-rated material. It's not just one description. The crimes are repeated and the graphic description gets more and more horrid. This book is not for the squeamish. It is definitely not for children.

I need to judge this book's story and how the above mixes with the plot. With that in mind I find the book to be good. As can be the case of Johnstone novels, the main characters are well drawn or drawn as needed to make the story more interesting or exciting.

This is a book early in Johnstone's production that has me wondering, based on how it was written, if Johnstone was using ghost writers that early. 'Blood Oath' does not read at all like other books of that time

with the Johnstone name on it. Similar crimes done in the books at this time, that I've read, have none of the extreme detail illustrated in 'Blood Oath'. I believe he did use a ghost writer.

Something else different about this Johnstone book is that the ending is very well paced and satisfying. The ending is often wrapped very quickly in the Johnstone books I've read.

Bottom line: I recommend it with the warning that this book is very graphic and not for children.

---

### **Dale says**

In 1973, a secret clique of rich kids gang rape and accidentally kill a thirteen year old girl, then attack her brother and leave him for dead.

Twenty six years later someone is raping and killing the children of the clique. The crime is investigated by a Sheriff's deputy, a Johnstone standby, who doesn't so much investigate as has hunches and fails to do much to protect the obvious future victims until the killer is revealed.

There's a twist that's ridiculous even for Johnstone that pretty much no reader will swallow, and some not especially graphic sleaziness. A lesser effort.
