En-to-tre-NU! Jesper Wung-Sung

Nu begyndte jeg at udføre alle ritualer for Cecilie. Hun kæmpede en kamp, som jeg ikke kunne deltage i, og derfor fandt jeg på en alternativ metode i et forsøg på at hjælpe indirekte: Jeg spillede mine basketkampe for hende. På den måde udkæmpede vi parallelle slag – nærmest som stod vi side om side – og jeg bildte mig ind, at når jeg gjorde det godt på basketbanen, så forbedrede det *hendes* chancer på *hendes* slagmark.

From Reader Review En-to-tre-NU! for online ebook

Cecilie says

Jeg har læst bogen i 8. klasse, og selvom bogen mange gange var langtrukken, så vækkede den også en række følelser i mig, hvilket har været medvirkende til, at dette er en af de sjældne bøger, som jeg har fået tårer i øjnene af.

Peter Enevoldsen says

Hjerteskrærende god!

Sender én tilbage til gymnasietiden og mødet med den første kærlighed.

Stine Thomsen says

Den 9. klasse, som min lillebror går i, er lige nu i gang med at læse *En-to-tre-NU!*, og i ren nostalgi blev jeg lige nødt til at "stjæle" den fra ham inden den skulle afleveres, for at genleve den gang jeg selv gik i 9. klasse og blev tvunget til at læse selv samme bog.

Snow says

As a reader who reads mostly fantasy I'm probably not the best to give a review on this book. But I'm still gonna do it and I'm just gonna say that I did not like it at all. The plot was rather boring, nothing new or surprising, no imagination. But the worst thing, in my opinion, was that I didn't care about the characters. Through my reading I couldn't find any sympathy for any of the characters because they were so, what can I say? Normal. There was nothing interesting about them and frankly I didn't care what the hell would happen to them. This is a big problem obviously because this book is supposed to bring tears to the readers eyes. Anyway, definitely not my cup of tea.

Josefine says

Actual rating: 2.5 stars

Af alle de bøger jeg har læst pga. skolen, er dette en af de bedre. Det forhindrer den dog ikke i at være afsindig dårlig. Ja ja, det er meningen at vi skal have ondt af dem, men det er fandme svært, når Jeppe og Cecilie er nogle af de mest irriterende karakterer jeg har haft den misfornøjelse at læse om. Jeppe var den levende version af "overly attached girlfriend" der havde så meget selvmedlidenhed, at jeg var lige ved at brække mig. Og Cecilie, der var hysterisk, og hylede hver gang hun ikke fik sin vilje og opførte sig som et 5-årigt barn, drev mig til vanvid. Jeg har også læst en anden bog af Wung-Sung (igen pga. skolen) og må

erkende, at han slet ikke er noget for mig. Hans bøger er kedelige, og det virker som om, at han selv tror, at han er en stor poet, der kan skabe skønhed af de mest banale ting i hverdagen, men i virkeligheden er hans historie bare tekster om banale ting. Jeg føler intet, når jeg læser hans tekster.

Katharina says

Virkelig sød bog

Helene Jackson says

A love story that makes you smile and cry all at once

Ane Vibe says

I read this book for school, and clearly I did not like it, not really.
The characters were very very annoying, they were unrealistic as well, and I didn't really care about them.
So was the story, I really feel like I've seen this plot millions of times before...
I didn't really like the writing either. There was a lot of figurative language and symbolism, which is generally good, but in this book there was just too much.
But in spite of all my critics, this book was kinda touching and also a little sweet and cute and sad.
This book teaches you, that maybe it does not matter how long you live, but how you live. It is also a book about daring to believe in the hope, even when everything's all black and dark.
So yeah... okay story but pretty annoying to read.

MarcusSeierRasmussen says

Jeg syntes at bogen en to tre nu er, et godt eksempel på ungdomslivet. Fx alt det dder med at man bliver forelsket også ender det med at man mister det man elsker allermest.
men jeg ville ikke forslå folk at læse den.

Pauline says

I feel like I have read it before...nothing new. Don't read it if you have watched A Walk To Remember

Siri Agnete says

Den her bog var faktisk meget sødere end jeg havde tænkt. Jeg fik hjertebanken på alle de rigtige måder. Bogens personer er også vildt fantastiske! De er alle sammen skøre og autentiske, og der er ALTID mere til

dem, end man først troede. Desuden er bogen skrevet helt vildt godt. Men den skulle måske have været lidt længere ...

Lea says

Joan says

Beautiful book! Made me cry!

Thelma Lind says

I thought the book was alright, because 1: it was in danish 2: I hate danish.
But the story line reminded me of 'The fault in our stars' but John Green because the girl has a cancer too like Cecilie and the main character meets a girl/boy who becomes there boy/girlfriend and they go to another country and just stuff like that. But I think I liked it but if it was not for a class and not in danish I would have probably really liked it :)

andrea svejstrup says

nope, filmen er endnu værre smh
