This book picked up where part one left off. I won't give anything away but I will say that there were some twists that I never saw coming. I hope Jane makes it out alright. I'm literally sitting on the edge of my seat in anticipation of part 3. I hope Author India doesn't keep us waiting too long! 5 stars

#### **Off the chain!**

India painted a vivid picture with this one. The characters, the drama, the details, the storyline... Everything was on point. I definitely recommend this series to other lovers of urban fiction. I hope the finale is just as intense!

Part 2 of Gangstress was a page turner with plenty of gangsta action. "Jane Doe" learned to use her inherited street smarts to her advantage. I liked that she had a friend in Officer Bryant. I thought Jane, Ali & AFM made good moves until they crossed uncle Chucky & now he's crossing back. On to part 3.

**Good. Still Need More Character Development**

The story has the potential to be great, but it's still missing development of the characters. Otherwise, I've enjoyed part 1 and 2.

Great story from rags to riches. Janelle was in the head honcho mode. Can she handle this life style? Should she have been handed the connect? That mistake mans on her own family will be her demise. This tragedy will set the stage of the end of Janelle reign. Great read!
