## **Haunted Georgia: Ghost Stories and Paranormal Activity from the State of Georgia (Haunted States Series)** Sarah Ashley

Georgia has the reputation of being one of the most haunted places in America. Because of its age, its history, and its sometimes tragic experiences, there are plenty of tales, ghost stories and haunted locations that take creepiness to a whole new level.

Georgia was established in 1732 and is one of the oldest states in the U.S. As one of the original 13 colonies it is charming and beautiful, and is wreathed in history and culture. The city of Savannah, along the Georgia coast, not only holds the distinction of being the oldest city in Georgia, but is one of the oldest cities in the United States.

As any ghost hunter or researcher of paranormal activity will tell you, the older the location the more active the ghosts.

Georgia is also home to many Revolutionary War and Civil War battles as well as Pirate and Indian skirmishes, some of which are at the heart of the true ghost stories and hauntings within this book.

Join ghost hunter Sarah Ashley, as she shares with you some of the most popular locations in Georgia for haunted houses and ghosts. She will expose you to Georgia's hot spots of paranormal mystery and activity such as the Pirate's House in Savannah, Spook Bridge (yes that's right) in Lowndes County and many more.

### **Lenora Martinez says**

#### **Unxplained**

Really creepy hauntings old history bridge s that are so interesting love this book plain and simple.great book Georgia is hauntingly beautiful

---

### **Chris says**

I think there might be some formatting errors or something because there are places from Savannah that are mentioned in the Atlanta section.

Still, I didn't find it too bad. Not in depth storytelling but interesting in some places and pictures are included.

I should note, however, that Ashley refers to television shows that have visited the places, so if you say those shows it might a little repetitive.

---

### **Kerry A says**

This is not bad. As someone residing in Charleston (for the time being) it's interesting to hear about Savannah ghosts as Savannah is only 2 or so hours away. This book also makes me want to read *Midnight in the Garden of Good and Evil*.

### **Bettie lapham says**

**Very good book!**

**Very good book!**

I love all of Sarah Ashley's books and this book lived up to this writer's reputation. I couldn't put this book down. Very factual and scary!

---

Betty says

This book is in desperate need of an editor. I found two or three of the sections interesting (hence the 2, instead of a 1) but most accounts are time-worn rehashings of widely written about "ghostly" accounts. I did my first kindle review for this free e-book. I couldn't seem to stop myself :)

**Kristi Kellum thompson says**

It was nearly painful to finish reading this book I disliked it so much. I love a good ghost story and information on the paranormal, however the writing did not flow well, the editing was poor, and overall for me the content was scattered and boring.

**mitchell anderson says**

## Like good stories

Like the stories would tell friends about book would like to read more but to expensive like read the ghost of the Carolinas

Lindsey says

This whole thing read like a collection of Wikipedia pages. I was expecting more back stories and/or interviews. Meanwhile, an interesting clump of a collection of places that might be worth visiting if you're into that sort of thing.

**Taisynn says**

## Haunted History in a Book

I was a fan of the show Haunted History as a child and was pleasantly surprised by this book. It reads easily as if the narrator of the show had written it. I love historical hauntings - combining the history with the stories of the haunted sightings brings the reader into a realm of possibility that even skeptics can be entertained. Awesome book!

## Amanda Smith says

My review from amazon.com dated 3/29/2013

## Title: Mini Travel Guide to Ghosts in GA

This was a very quick read but it would be great to read before heading to Georgia. The book described indoor and outdoor places and whether you would be able to access it or not. Great Read!

## Christina Boronkas says

## Thoroughly enjoying

I love ghost stories especially when they are talking about actual places. this one was really good made you want to go visit these places for yourself and see if anything happens. I love history so this just made me love history more.

## Merged review:

I love ghost stories especially when they are talking about actual places. this one was really good made you want to go visit these places for yourself and see if anything happens. I love history so this just made me love history more.

**Claire says**

Not sure what I was expecting, but it wasn't that. I guess I'm so used to watching paranormal shows that this book was sort of a let down.

**Jami Dale says****Great Information**

Very good information in this book. Just enough to be spooky and have you wanting to read about more reported places.

---

**Aerykah says**

Very interesting! Really enjoyed the time I spent with this book. It's a quick, short read that I finished within a couple of hours (would have finished it faster if not for the many interruptions I had to deal with...) If you're at all interested in ghosts or the paranormal, I'm sure you'd like this book!
