## **In His Service** Erika Masten

Luxury resort owner Adrian Knight asks the impossible of Chloe Bloom when he proposes that she remain on his private Brazilian island of Ilha de Flor not as a guest but as his mistress and submissive. He has no way of knowing he's asking her to give up her law career and her life back in the States to relive the dark pleasures that she believes contributed to the disintegration of her relationship with her lover, playboy heir Penn Ellison.

But Adrian knows more than he's letting on, more than Chloe herself. Drawing the alluring but shy brunette into his service is as much about competitive instinct and settling debts with the Ellison heir as it is about the attraction he feels for the woman who resists truly surrendering to him.

Chloe's training begins...

And the defenses the submissive and her raffish Dom have built around themselves crack as Chloe and Adrian start to understand one another despite their best efforts.

Length: 14,300 words

### **Beccca May says**

Once Chole agrees to be Adrian's submissive, this series really starts to get hot! With Adrian's secrets and deceptions lurking beneath the passion and sexual chemistry these two characters share, this book has the makings for one hell of a great story. This second installment takes this series to another level and I for one am totally hooked. The sex scenes are deliciously addictive. Adrian's sexy as sin good looks along with his dominating presence in the bedroom, proves to be one lethal combination that I cannot get enough of. The interactions between Chloe and Adrian are sexy as hell and leave me craving more. I have already started the third book in this series and let me just say, it just keeps getting better!

---

### **AngelinaT says**

This story is getting better and better and I can't wait for more. There is still so much to learn about these characters. It was a shocker for me at the end...didn't see that coming at all!

---

### **Nstefa says**

The story unfolding is actually quite good deceit, submissive and secrets a must for any book
