King of the Asheville Coven

T.S. Joyce

King of the Asheville Coven T.S. Joyce

****King of the Asheville Coven can be read as a standalone Vampire Romance, or as a spinoff of T. S. Joyce's International Bestselling Harper's Mountains series****

Aric Teague is the king of the local coven, and trying to do a better job than the last leader. Add to that a new job at the Winterset Fire Department, and the last thing he needs is to complicate his life further. But when he lays eyes on a fiercely beautiful Sadey, all bets are off the table. She's an unregistered shifter, and his coven is bound to be furious, but he wants to know more about the sassy beauty with all the secrets.

Sadey Lowen is a rare shifter in hiding. All she wants is to keep her life simple, but an accident puts her right in the path of a handsome firefighter with terrifying eyes and fangs to match. Every instinct is screaming for her to run, but the King of the Asheville Coven is slowly working his way into her mind, and her heart.

Content Warning: Explicit love scenes, naughty language, and piles of sexy vampire and shifter secrets. Intended for mature audiences.

Sarah says

A first look into T.S. Joyce's Vampires

As always T.S Joyce sucked me into this world. It was easy to fall in love with our hero, a firefighter, a vampire with a soul maybe definitely one of the good guys.

Enter Sadey and you have a strong heroine who is the perfect match. Laughter and feels are excellent in this book.

No cheating HEA

Hollie says

I really like this writers ability to consistently create great installments to her series. This book was no exception. It was short, but made for a fun, quick and sweet shifter/vampire romance. I'll definitely read more of this writers work.

Lyndi W. says

Cute little quickie with a Mary Sue and a mildly tortured hero.

Jen Winters says

5 stars for a tragic romance

Ok, if you're blind to the problems of this couple, it's a fun little story. But Aric is a new-ish vamp and Sadie is a shifter. They'll be together for the rest of her life, but unless he kills himself or is killed, he's going to have two thousand-ish years without his mate. To me, that's tragic. Sniffle.

Pam says

Too short

Aric and Sadey are a cute couple. Very short story full of love and very little action. Recommend for a quick read.

Kathy Wideman says

This is the first book in this series but it's also a spin-off of the Damon's mountain series. This series is about Aric's vampire coven. Aric isn't like other vampires. He still has feelings and emotions. He has moved his coven to a new location after their run in with Harper's crew. The last thing he needs are any more complications in his life. Then while on a run with his new firehouse he finds just that. He doesn't know why he wants her to survive more than any other person but he does. He feels like she is important, big. Then he gets a surprise she is an unregistered shifter. Sadey can't believe her luck. She was rescued by a vampire. He is keeping her secrets though and making sure no one else finds out her secret either. There is something about him though. Sure, he is super-hot but there is something else there too. How will Aric's coven react when they find out? Then there is the fact that Sadey is on the run from someone as well. I really liked getting to see a different side of the coven from the one that attacked Harper's crew. They really aren't that bad. They had a few bad apples but the rest are great. This book was on the short side but still a good read. I love the Damon's mountain series and I love getting to read any book related to it. I am excited to read the next book in the series. The characters in this book are great and I can't wait to read more about them.

Angie says

This was a short story but I had expectations people,haha. It was too fast-paced which is understandable. It was like a bullet train to Happily Ever After, lol. XD

Elizabeth says

Loved it!

I normally do not like short books because the story always seems rushed. But definitely not this time. I was introduced to Eric on Harper's mountain series. At first it looked like he was the enemy but it turned out he wasn't. This was a lovely story. I highly recommend it

Ashleigh-Jo says

my fav, i hope she starts a series with this book.

Anla Gisclair-Etheridge says

2.75* it was ok.

Tracy's Place says

3.5/4 out of 5

The relationship happened quickly but it was good seeing Aric finally happy.

Pórey Jónsdóttir says

3.5

Monica says

T.S. Joyce...omg I loved it! It was such a nice surprise release. However, you seriously created a monster! WE WANT MORE of this coven! Garrett for instance. :)

Aric seemed to be a horrible bad vamp in Harper's Mountains. We actually sorta saw he was different though. He's really sweet and has a soul and heart. His coven is good as well. Just trying to make a home. Dont get me wrong..he's still crazy scary but only when he has to be. It was so hawt! They are wary of shifters considering what happened in Ashville. That sorta changes when he saves Sadey's life. She's a different shifter one thought not to exist. She's on the run. He forms an immediate bond to her. She's wary at first too but they just cant stay away. Just a great story. It was soo short but I want more girl!

Arielle Pettis says

Yay

I'm happy that Aric found and saved Sadey!! I about lost it when I found out her animal! I absolutely love that the vamps are getting some love and leavening Harper's crew alone.

Marsha Spohn says

Reviewed at Shifter Haven

In Aric's mind being the king wasn't all it was cracked up to be. Yeah, he was the king of the coven by default of being the consort of the former totally bat crap crazy Queen who'd made him and then toyed with him for far too long. Her death was actually a relief, except there was that coven expected required revenge on the killers of the queen. Yeah, so they tried that and it didn't turn out so well. Harper had retaliated and with a few burns that would be a constant reminder they came to a mutual agreement – the coven would leave town never to return. So, here he was working for the Winterset Fire Department with just about every other member of the crew openly mistrusting and hating him... after all, he was a vampire.

One accident will forever change two people's lives – if for the better is yet to be determined. Sadey was dying, Aric could smell the woman's blood, could feel the life force leaving her body – but the vehicle was in a dangerous position and if he didn't do something fast they'd all be in more danger than they could

handle. He made the decision to use his power and wretched her free of the wreck with only moments to spare. As he held her in his arms he smelled... more than human, he smelled fur. Great a shifter – but one whose eyes begged him to say nothing as she was taken away to the local hospital. He didn't understand this compelling need to follow her, to watch over her. That she was in more trouble than this accident was becoming apparent, but why should he care one way or the other.

Sadey was an unregistered shifter and she had to get out of this hospital before the humans discovered that fact... or she was traced by the man she was running from Sadey was a rare cat shifter, so rare that there were only a handful of them (or so she'd been told). Those of her kind had formed a small group, with one mean, outrageous Alpha ruling over their every move. She'd escaped, but she knew he would track her down. She could leave no trace of what she was on record – she had to get out of here. So when her rescuer stood in the doorway she wasn't really surprised to find that the staff saw things exactly her (or his) way and released her.

King of the Asheville Coven is such a fun, sexy, very short read. While Aric seemed a reluctant villain in the early Harper's Mountains stories, there still was no doubt that he was a powerful vampire. It was nice to see this spin-off story that gave him more of a voice – and hopefully more of the coven's stories in a related series (fingers crossed). Aric and Sadey were a perfect match – okay one was a vampire and the other a sifter... day / night. But it worked so well that I never doubted their relationship for a moment. I sincerely hope that the positive response to King of the Asheville Coven will result in Ms Joyce giving us the pleasure of a series about these vampires – I'd love to know more of them.
