# Pia Saves the Day

*Thea Harrison*

## **Pia Saves the Day** Thea Harrison

*In the latest story of the Elder Races, two mates face their deadliest challenge yet—each other...*

Pia and Dragos's magical young son Liam (the Peanut), is growing at an unprecedented rate, and if that isn't enough, he is also exhibiting new, and unpredictable, magical gifts. To protect him, the concerned parents decide to move to upstate New York.

Both Dragos and Pia relish the idea of leaving behind the city. They finally have the space to indulge their Wyr side, and Liam can grow in safety. It's a breath of fresh air—literally—but their idyllic situation is shattered when Dragos is injured in a freak accident.

Stripped of his memory and bereft of Pia's taming influence, there's nothing holding back Dragos's darkest side. And in order to restore her family and save her mate, Pia must confront the most powerful menace in Elder Races history.

*It's going to take more than a penny to fix this...*

# From Reader Review Pia Saves the Day for online ebook

Sharon ∞🐉 is an emotional book junkie 🐉∞ says

4.5 ★'s

Pia and Dragos have decided they need to build a home for Peanut out in the country and it's there that Dragos gets hurt...badly. He immediately converts to his dragon self and takes off after almost killing Pia. Naturally, Pia takes off after him.

I have loved Pia and Dragos since the first book and with each and every book after, I enjoy them more and more. TH keeps things lively, entertaining and *endearing*, not to mention hot, hot, HOT!

Dragos doesn't remember Pia and while that was horrible, it was wonderful seeing him fall in love with her all over again. The interesting part was seeing Dragos at his most dangerous and most cunning. He was so quick to pick up on things and put the clues together. It made me laugh though at how jealous he was of the *other* Dragos! Gotta love those dual POV's!

Pia, of course, was amazing. She definitely rose to the challenge and took care of business. There were moments when she was upset that almost made me cry! But I'm glad she loves him so much that she would do *anything* for him.

My only problem with the novella was, obviously, it's too short and I felt it left things unfinished. I wanted to know more about how Dragos was doing.

And holy cow! Can we talk about Peanut for a moment? That about killed me when he showed up...I know Pia felt like she missed out on things. He is such a character though, we never know what to expect!

I cannot wait for the next book, *Peanut Goes to School*. I'm sure we will get more answers in that one...and more Pia and Dragos of course!

## Favorite quotes

♥ "It's going to take more than a penny to fix this..."

♥ "He wanted what that other Dragos had. *She* was the real treasure, more precious than sapphires, diamonds and gold."

♥ "I didn't want to stop kissing you."

♥ "You're the most gorgeous thing I have ever seen."

♥ "You are mine. You are always going to be mine. It doesn't matter what came before, the only thing that

matters is what is now and going forward. There will never be anyone else for you. Only me. *Me.*”

♥ "I'll always mate with you."

♥ Liam beamed. “I’m being a big soldier.”

---

## **Ferdy says**

Enjoyable enough, though a little tropey and cliché with Dragos's whole amnesia and Pia's Mary Sue response to it all.

I didn't like Peanut/Liam or whatever his name was, his character was far too cutesy and precocious, he came across as a spoilt little know-it-all brat. I hope he never gets his own full length novel, he's already insufferable enough, despite only being a few months old.

---

## **Komal says**

Another quick, sweet glimpse into the life of Dragos & Pia, though entirely too short. It was interesting to see how amnesia affected the always strong & reliable Dragos. And Harrison depicted an overlooked consequence of amnesia that some sufferers might experience- building a life on the foundations of the old you, a person that you don't remember but definitely existed based on the memories of the people you loved.

---

## **Lanie (Lanies Book Thoughts) says**

This was an interesting little novella that really put a spin on things in the Elder Races world. As the synopsis says, Dragos and Pia are pitted against each other almost in a battle of the wills for a short period of time. Unlike the usual cool and collected Dragos we're used to we get to meet the more primitive side of this guy which throws Pia for a loop. There's also mention of Liam in this book, he really kinda becomes the motivating factor between this couple to work out their differences.

If you like this series you'll enjoy this quick read. If you haven't read at least the first book in this series, don't try to read this until you read the other.

---

## **Stacie says**

4 3/4 "You're in my bones" Stars!

I absolutely freaking loved this little beauty. It shows off Dragos' true nature and how truly connected he and Pia are. Also, that little guy Liam is so cool. So, why the quarter star off? I don't exactly love the position Dragos is in at the end of the book. Dragons and vulnerable don't go together. But I'm still 5 starring it because I loved all the rest of the story and I have faith that this situation will soon be resolved. Fantastic addition to the series! Happy reading!!

## Mitticus says

[  
Well, certainly not for Dragos and Pia.

*“You are mine, too. You always will be. I’ll never give up or let go, no matter how many times you get bonked on the head, or how exasperating you become.”  
She could say some pretty sweet things too, when she put her mind to it.*

And waaah, for Liam :( (hide spoiler)]

## Beth says

Can true love overcome amnesia?

Harrison once again amazes with this dazzling novella length story...and boy does it pack a punch. We are pulled through the gambit of emotions as Pia tries to reconnect to the man she loves. There is no other way to describe Harrison's writing but to say it is magical. Her purely fictional, shape shifting characters jump off the page and climb right into your heart.

I can't wait to see where we will be taken next...talk is we are heading to 1st grade with Peanut.

I received this ARC copy of *Pia Saves the Day* from Thea Harrison in exchange for a honest review. This book is set for publication June 23, 2014.

## Kathleen says

3.5 stars. Poor little Peanut. So brave. Good story, calling on courage from Peanut and Pia when daddy goes bat shit crazy.

---

## Georgia ♥ Team Dex ♥ says

Pia races to make Dragos remember as a tragic accident stole his memories. Hot scenes, emotional moments

and some of our favourite characters are back to make an appearance!

Short, sweet and a great reminder that Pia and her Dragon of a husband is one of my favourite couples!

### **3 Loved it, Then Hated it Stars**

How to start, how to start this *rant* review...

First of all, let's get *one* thing out of the way before I even get started.

This book cover?

Fucking. *Heinous*.

**HEINOUS**, I say.

I'm sorrynotsorry, but I do *NOT* picture Pia as a somewhat unfortunate looking knock-kneed butt-less wonder with a 1980's haircut.

Hey Fake Cover Pia, the 80's called and they want their acid wash jean shorts back.

But wait you say, 80's fashion is hip again!

I don't *care*.

If current teenage selfie takers want to look like idiots and wear high-waisted acid wash butt cheek shorts that look like sporadically stained diapers, more power to em.

But in my opinion, 1980's fashion is AWFUL and it should stay where it belongs:

Underground in someone's never-to-be-dug-up-again 80's time capsule.

Except the movies and the music.

Those can stay here in 2015 with me, Maverick and Ice Man.

*Rawr.*

**But anyway, I'm going to pretend like I didn't see this train wreck cover.**

Something *else* I'm gonna pretend I didn't see?

**This book ending.**

I mean truly.

What. The. Fuck.

This ending made about as much sense to me as this picture:

Which is to say none at all.

Except for the fact that *that* bitch^^^ up there?

Could apparently be Pia, what with her fabulous 'do.

Seriously though.

I *love* Dragos and Pia. They are in my top couples of all time list, magical list of wonder that it is.

They are kickass, they are mated, they are *together*.

But the way this book leaves things?

It's like they are broken in a way.

And I don't like it.

\*foot stomp\* \*foot stomp\* \*foot stomp\*

Needless to say, the last few pages of this managed to bring it down two whole stars for me.

Here's hoping that the next installment solves this little dilemma for me and puts what feels like a broken Humpty Dumpty back together again.

**Blacky \*Romance Addict\* says**

**This was beautiful!**

**Peanut is just the sweetest EVER <3 <3 <3**

---

**Sophia Triad says**

**Dragos and his family - STORY 2**

The story in which Dragos is at his weakest and Pia needs to remind him who is his most valuable treasure.

"I brought you gifts."

Gifts?

Nobody brought the dragon gifts.

The very idea was laughable.

There has been a terrible explosion and Dragos, the most powerful being on Earth, will have to strangle to recover.

This short story is all about Pia and Dragos and the power of their love.

I honestly cried in the end.

**♥? Dorsey aka Wrath Lover Reviews ♥? says**

***4.5 Stars***

Another fantastic addition to the Elder Races series!! It would have been a five star read had it not ended so abruptly, and it definitely had loose ends, that will hopefully be addressed in future books in the series.

---

**Alex is The Romance Fox says**

Pia Saves the Day is #6.6 book in Thea Harrison's Elder Races Series and continues just after the ending of previous novella, Dragos Takes a Holiday.

Dragos and Pia have decided to move to a home in upstate New York to have a large place where Liam can enjoy growing up with space and safety.

Dragos is trying to deal with the lose of his memory during his treasure hunt trip and Pia is there for him.....hell, he's become even more ferocious...can Pia handle this awesome dragon!!!!

**“She was the real treasure, more precious than sapphires, diamonds and gold.  
At the core of his ancient, cynical heart, he was an acquisitive creature, after all.”**

I love the relationship between Dragos and Liam.....these two are so adorable.....

The story continues with the next novella, Peanut Goes to School.

The Elders world is so well-constructed and interesting that I can't help myself.....I need more of the endearing characters.
