Ahmad 'Ace' Longino is trying to adjust to life after prison and the fact that love is the reason he was there in the first place. The past he left behind has come back full circle in the form of his younger brothers. Trying to get his life back, opportunities start to knock, and the love nest starts to rock. Everything is all good until he learns that some things are better left dead.

Being the king of the streets isn't easy, but Jarvis 'Juno' Longino makes it look effortless. Picking up what his brother left behind was the only way to feed his family. While he feeds the streets & his family, his heart is left starving. Finding someone who feeds his soul isn't easy because ain't no love in these streets for a boss.

Lavell 'Lux' Logino is the baby of the crew. Lux is the wild child and the uncensored version of his brothers. Not the one to follow the leader, he's all about making a legacy of his own. He plays God to his soldiers and doesn't think twice.

Jacksonville's most wanted men learn to tolerate one another after being separated for so long. Being broken isn't something these men will admit to. But for every broken man is a woman willing to be his strength. proving that it's nothing to soften a gangsta's heart.

**Excellent**

I hated Black! This book was amazing! Lux is my favorite and misunderstood! He's so busy protecting himself from being hurt that he might miss out on the best thing that happened to him! Ace is bae and that how Tee Tee needs to get checked in part two because I think she is plotting! I am intrigued about Juno and Trina and hope to see more of them in n part two!

I love the relationship that the brothers have as well as the sisters. I can't stand Black and hope he gets what's coming to him. Ari is wrong for accepting a proposal of you know that's not where you wanna be.

I see you over there writing your arse off. This was so good. I feel bad for Lux and his inability to currently be what Day needs although he already is just doesn't realize. Ace about to cut all the way up! I can't wait for part 2.

#### **Omg....**

Black must be losing his damn mind. I really can't believe that he is acting like this towards Ari smh. I'm wondering if she had sailed someone's number n who was it. I hope that she is okay so that when she gets through this she leaves him alone n then wateva she is feeling wit Ace can flourish. I be glad when Lux n Day get it together cuz they belong together. I think Juno n Trina would make a great couple too. I can't wait to read part 2 to see wat happens. This was fire right here! ????

#### **Good read**

This book was just ok to me. I Loved the characters and I thought the book had potential to be a banger. I just felt it kind of dragged on and didn't get to the action until the very end. Hopefully part two will be better.

#### **OMG!!**

These brothers are something else. I wish Ace and Lux would stop playing games with Ari and Day. If they spoke up, I'm sure Day wouldn't have messed with that married man and Ari would have been left Black. Juno doesn't get a lot of talk time though. I would love to hear more from him. Black is on the bs bc he is doing whatever in the streets but got the nerve to be jealous because another man is starting to take his place. I hope part 2 is right around the corner!!

So loving these 3 brothers and i can tell this is going to be another great series. This book flowed at such a steady pace and I couldn't put it down. Held my attention from beginning to the very end and what a ending. Great storyline and intriguing characters. Loved all the twist, turns and throw in the action, drama and

suspense made for such a entertaining and interesting read. The brothers bond and loyalty to each other was unbreakable. Loved the way they held each other down. Also, loving these 3 strong female characters and they're just what the brothers need to men their broken hearts. Can't wait to see what's next in this well written story. Amazing job Myia White.
