**Too Far Gone: A Heartbreaking True Story of Child Abuse (Child Abuse True Stories)** Jordan Smith  
"There is no greater theft than that of a child's heart." Unfortunately, as young Emily discovered, there is often no easier crime for an adult to commit.

Since being left in the custody of her abusive step-father, her life had gone from being a mere blur to something of a perpetual nightmare. Forced to endure the kinds of depravities that would shock even the most hardened of therapists, she had become too scared to even contemplate running away.

But there comes a point in every such situation where the victim no longer has anything to lose. A point where the will to escape trumps the will to live. This book is that point. This is her shocking true story.

DISCLAIMER: This book is based upon a true story of child abuse, and as such contains passages that some readers may find disturbing.

# **From Reader Review Too Far Gone: A Heartbreaking True Story of Child Abuse (Child Abuse True Stories) for online ebook**

**Melanie says**

**Don't waste your time.**

The writer jumps all over the place and probably one of the worst books I've read. I feel bad for her..but it wasn't worth publishing. Should have just kept it for herself and friend. Thumbs down

---

**Kellie Adams says**

**Too Far Gone**

A very sad and disturbing story of horrific sexual abuse of a teen by her stepfather. It is also a compelling book, and I would recommend it although I would have liked it to end differently to find out what happened to the girl in her future.

---

**Bearkat says**

**Wow. I didn't see that coming!**

What a sad story but I feel like it was a little choppy. Skipped around and confused me from time to time. I definitely wasn't expecting the ending. I hope this isn't a real story. Poor Amy.

---

**Mare Winter says**

**Don't waste your time**

The writing is strictly amateurish and rife with many typos and grammar errors. Did anybody proofread this? The confusing narrative jumps all over the place and is excessively repetitive. The ending is abrupt and leaves a myriad of unanswered questions. Toward the end, it started to sound more like a work of fiction than a true story. This was a free Kindle Unlimited selection on which, in retrospect, I wish I hadn't spent any time. With all the truly good reads out there, don't waste your time with this one. Trust me.

---

**MRS S BULLOCK says**

**A good read**

Didn't take long to read this book but I liked the twist!

Will be looking for more from this author.

---

**suzanne says**

**Good story til the end**

Ending is horrible- no clue what it means... I did not like that at all .. Need to know what it means

---

**F Rahlo Leonard says**

**Not good**

Too short. Ending was uneventful and left me hanging. Not one of my favorites. The ending should have gone further. What happened to the baby, did she seek therapy. Was the paternity of the child proven? What about her mother?

---

**amy rikard says**

**Skips around way too much and never tells the whole story**

This would be a great read if it had stayed on track with the story. I don't love reading of others tragedies, but you never knew who was speaking or answering the way it skips around.

---

**Angela Sorenson says**

**Effects of abuse are hard and unbearable**

The story though right to the point has a extreme plot and twist that makes you want to continue. It shows the bases of someone whom endures extreme abuse at the hands of her step father and the mother whom says she doesn't love her and how she stopped the abuse. Abuse is real and not being loved by the people whom should love us the most is incredibly common.

---

**Naomi jones says**

**I would have liked to hear the rest of this story . I was a very good read and I seriously wasn't expecting that ?**

I would have liked to hear the rest of this story . I was a very good read and I seriously wasn't expecting that ?

---

**Tracy Dann says**

**Wow**

Great book with a surprise ending. I read it in a couple hours. I hope she writes more on the future.

---

**Shelley says**

Another book that is hard to give stars to because of the nature of the book. Should be one star because what happened to this child is so so so horrible. Should be more because it was a powerful story. HOWEVER, the ending is horrible. I had to go back and re-read it three times to make sure I had not missed some vital piece of information. And I was not entirely sure what happened there at the end.

---

**Elizabeth Heagy says**

**Lots of grammar and spelling errors**

For the most part I thought this was well put together. One thing that drives me insane, especially in the modern age we live in, is when people do not use spell check. That ruins most novels for me. 3/5

---

**donna Jenner says**

**It was ok**

I think it could have ended better . it just leaves you hanging . but otherwise it was a good book

---

**Miss Kay Drake says**

**This book had me totally gripped and then it suddenly ends**

This book had me totally gripped and then it suddenly ends with no answers or conclusions to anything. This left me feeling frustrated and annoyed.
