**Colt Jayne Blue**

**Why do bad boys always feel oh sooo good?**

**Amy** - I know his type. The leather cut, the swirling ink over hard muscles, the swagger in his step and smolder in his eyes that sends heat zinging through my core. I swore I was done with bad boys and danger junkies. The last time I loved a member of the Great Wolves M.C., I was left bruised and shattered. If he ever finds out I've so much as looked at another guy, he'll kill us both. I want to believe Colt's not like the others. But I'm nobody's fool and I *won't* be anyone's victim again. Even though Colt's lips taste like heaven, loving him can only bring me back down to hell.

**Colt** - Everything they said about me when they ran me out of town was true. Black sheep doesn't even begin to cover it. Mayhem follows me wherever I go and I've got nowhere left to ride. Even so, I shoulda kept on going. But then I saw Amy. She's too good, too pure for me and I damn well know it. But those lips, those curves, that little gasp she makes when I run my hands along her hips. When she looks at me, I know it brings back pain she wants to forget. But not everyone who wears this cut is the same. I won't let her get away without a fight and I'll kill any man who tries to hurt her again. No matter what patch he wears.

**\*\*This is a standalone, full length romance novel involving the men of the Great Wolves M.C. Each book is interconnected and part of a series, but they can be read in any order and DO NOT contain cliffhangers. They DO contain dark themes and elements\*\***

## From Reader Review Colt for online ebook

### Victoria says

**4.0+ RATING-** This is the second book I've read in this series (I skipped book two) and I'm excited to say, I liked this one as much as I did book one! I'm so surprised this series hasn't been read by more of my GR friends who practically inhale biker/MC books.

The story pulled me in pretty quickly. I really like the author's writing style and I particularly liked the chemistry between these two characters. There were a couple parts that had me glued to my kindle. Nothing crazy intense but kind of like "holy shit!" I should have seen that coming... The steamy parts were well done and were balanced with a bit of suspense as well. The very end was just okay for me but overall, I was surprised at how much I liked this one and look forward to reading more. I definitely classify this as a guilty pleasure read but a solid one! For my GR friends who enjoy MC books and haven't given this series a try, I'd recommend it!

#### Loved this Book! Hot! Sexy! Fun!

Coming back home can be hard, if not impossible at times. Colt knew this but made the choice to try for the sake of his home town.

Enter Amy, and the fun and the "trying" was decided! Come along on this ride of their lives!  
Voluntarily read for honest review.

I loved reading his story, he's a sexy hot biker that comes back to his hometown to change how the chapter of his biker club Great Wolves, the problem is the president doesn't want to change how he's running things. Colt mets this woman that turns in life upside down, she was dating the president who beat her up and so she's not interested in getting involved with Colt, of course that changes and the chemistry between them is off the chart. A lot happens to them both and of course for the better, and the club makes changes for the town too.

Sadly, Dex and Ava will be a hard story to follow for me. That being said, I did enjoy seeing Colt back home. And I really liked the build up and kind of instant attraction between him and Amy. I absolutely loved that Ava was strong and independent and took her life back. She wasn't some weak flower that allowed herself to get stomped on and just stayed crumpled

I can't begin to explain how much I needed to see the book end the way it did though. I desperately wanted to see The Great Wolves run like they should and in order for that to happen there were some big changes that needed to happen.

I am very excited to read Kellen's book!

It wasn't bad but it wasn't the best either.

I liked the story telling , I liked the characters , I liked everything but still it's not the best.

To be honest , I love a good MC romance but I don't find many that I actually really find great.

It was a good read and it do gets 3 stars ..

But for those who love MC romances , these two series I personally find the best.

- Breaking away series by Meli Raine (In fact , you should read all her series , it begins with this and the other series follow in the same storyline and I promise you it gets better and better)

- Death dealers MC by Alana Sapphire

These two I find the best , but who knows. Maybe I will find one that is even better. Gotta keep on reading !

Colt played a bigger part in the previous book, Sly. He was also another easy character to love. After what happened in that story, I was intrigued to find out what happens to him next and where his story goes with Amy.

There were some parts of the story that stalled a little for me and even then I couldn't put the book down, I had to know what happens in the end with them all. I loved the interactions, especially between Colt and Jase, and getting to know these new characters. I loved Amy and Colt together (very hot at times), I thought they were great. I loved how they first met at the beginning and the connection those two had right from the start. I loved the sweet and caring side Colt had.

Also loved reading about Jase after I was first introduced to him in Vice (A Tortured Heroes Novel). I loved the connection between him and Colt.

I thought the ending to this story was so cute and sweet although I felt that it ended rather quickly for them, would love to have known more

4.5 stars

These books aren't very long, so I understand that there's a good chance relationships are going to be rushed. What I didn't like about this book was Amy's history with the club and how fast she was able to get over it, not fully knowing if he was a good guy or bad guy. Yes, you can play it up to instincts and how great he was with her, but it doesn't change the past. And I felt that the past in this case shouldn't have been as easy to dismiss. It was too rushed.

#### **He Won't Give Up Now**

An ARC was given to me and I agreed to voluntarily review it. My opinions are my own. He decided to go back and hopefully build his hometown up. The branch of the club here doesn't want to make changes for the better. She is stronger but she fears being pulled down again by the president of the MC club. Their attraction to each other was instantaneous but he had to work to get her to go out with him. This story is an entertaining and intense read. Enjoy I did.

I enjoyed this and each of the characters. The MC boys were exactly what expected. This is a first time author for me. I did check out the others in this series. Amy was quite the gal. I enjoyed her role in this book

#### **A great read for fans of MC books**

Not as gritty as a few MC books I've read, but still definitely has some darker, criminal moments that add the realism I look for when reading MC. And the chemistry between Colt and Amy is scorching hot! The secondary characters will get your attention too making you eager to know their stories as well.

LOVE this author and LOVE her books! I had already read Jace's book in Vice and this was so awesome getting his brother, Colt's story:) Colt and Amy were so super sexy and sweet together. Selfishly though I would have liked MORE in the end, hehehe!!!

Another great read by this author:)

This is the third book in the Great Wolves MC series. I felt so far all three books in this series can be read as a standalone but can be so much more enjoyable to read in order as well. In this book Colt leaves Green Bluff for his home town of Lincolnshire. Colt's character plays a big part in the second book "Sly". I felt Colt was a sexy Alpha in leather and great addition to the Lincolnshire Great Wolves MC. Even though he's a bad boy he does have noble morals that would make any woman swoon or stink in the all the right places. Amy is our heroine in this story; she had been through hell and back in this story, which makes her a strong wonderful character. The story moves fast and keeps you singing the "one more chapter" song! Colt is so patient, sweet, and honorable with Amy and helps her in so many ways. I love this series and would recommend it to anyone who loves an action packed bad boy series. If you haven't read the first in the series it's free on Amazon for a limited time, you should check it out!

\*\*\*I voluntarily reviewed this ARC for an honest review, this is my honest opinion and has not been influenced by the author or Publisher in anyway.\*\*\*

### **Monica Ruiz says**

I'm not sure if you need to read this book in the sequential order, but it was a good book. The attraction between Amy and Colt is strong and heated. Colt is different than people give him credit for and this appeals to Amy. The book is suspenseful, and keeps you on your toes. It was a good and quick read.
