Erotic City

Pynk

Erotic City Pynk

Erotic City is sex-fest central-a hip, upscale swingers club for grown-folks only, located in the heart of Atlanta. It is a grand, three-story sexual mecca where the uninhibited freaks come out four nights a week to get their ultimate groove on without fear of reprisal or judgment, yet judgment from the outside world threatens all that the club's owner, Milan Kennedy, has worked so hard to achieve.

Pynk brings us a fast-paced, sexy ride through a world of having sex in public, bribery, judgments, and suspense that sheds light on family, churchgoers, relationships, revenge, and the amazing sex-filled world of those who swing.

Ninoska Goris says

DNF

This book has no sense at all.

Rise says

Straight up erotica. This book was very interesting and very raw. If you are into to swingers then maybe you would like to read this. I've never been a swingers type, but I'm glad I got to read this and at the end of book the author was very informative about woman getting to know their own bodies.

The Urban Book Source says

Milan Kennedy is the proprietor of Atlanta's steamy Erotic City. A trendy swinger club that she runs with help of her boyfriend, former heavy weight champion Lavender Lewis. Running the club is no easy fete but by offering her patrons the chance to live out all of their kinky fantasies Milan has managed to do very well for herself. But when a patron accuses a popular rapper of forcible rape in one of Erotic City's VIP rooms Milan's club comes under intense scrutiny. Making the situation much worse is the fact that the alleged victim just happens to be Lavender's psychotic baby's mother; Ramada.

Ramada is not only jealous of Milan's and Lavender's relationship but she's sworn that she'll never allow Milan and her swinging lifestyle to be anywhere near her son. Totally forgetting that it was her alternate urges that drove her and Lavender to Erotic City in the first place, destroying their relationship yet spurning the one between Lavender and Milan. Thus making Milan and Lavender's relationship that much harder for Ramada to withstand. Dealing with Ramada was hard enough for Milan all ready but the threat to her livelihood might be the straw that breaks the back of her and Lavender's relationship.

Adding to Milan's stress is the fact that her deceased father's ex-wife Nancy is threatening to contest his will, which only divided his numerous assets between Milan and her sister Tamiko. Nancy went from being his father's mistress to his wife when Milan and Tamiko's mother finally tired of his philandering ways. The marriage was short lived but Nancy wants to be fully compensated for her time by his side. But both Milan and Tamiko are refusing to allow Nancy any more than the divorce decree allotted her.

Erotic City manages to deliver steamy scenes inside of the club while at the same time delivering interesting plot lines outside of the club. Resulting in an entertaining yet highly erotic read.

What did you like about the book?

The book delivered several good story lines to go with its erotic theme. Treating readers to way more than just a book of erotica.

What did you dislike about the book?

At times the book was a little preachy in its effort to justify the swinging lifestyle.

What could the author do to improve the book?

Nothing, author Pynk did an excellent job blending the erotica into a novel that fans of both erotica and contemporary literature will enjoy.

OOSA says

A Swinger's Paradise

Enter a world that is taboo in everyday society. Where people come to play, pleasure seekers of all kinds. Where couples or singles can go to play out some of their wildest fantasies. Enter at your own discretion because anything can go down here. Erotic City is the place to be - truly a swinger's paradise.

Milan Kennedy, owner of Erotic City, is beautiful, smart and very wealthy. She has her heavyweight champion boyfriend Lavender Lewis on her arm keeping everything in the club in control. The only person he doesn't seem to have control over is his baby mama, Ramada.

Tamiko Kennedy is Milan's younger sister, who is trying to launch her own clothing line. Feeling unsatisfied with her boyfriend sexually but always making sure he is satisfied is a full-time job within itself. But when he does the ultimate in betraying her, she will have to decide whether to stay or move on.

EROTIC CITY by Pynk was an enjoyable fast-paced read. Nothing but sex and drama! This novel would be an excellent book club read, because it has you asking a lot of questions about morals and values. Would you watch your man have sex with another woman or vice versa? Would you be okay with it? Do you think this would help or hinder your relationship? Just some of the questions you will be pondering while reading this.

LaRhonda says

Might have been better if read in the correct order

Jen says

Never finished this book before my library loan expired. Didn't draw me in. Too bad because I loved the other book by Pynk!

Keyona says

I guess I really expected too much from this book. It had very steamy Zane-like scenes but the story line lagged a bit. I felt like I should have known more about the characters than I did. It was like Pynk wanted to

just write an erotic fiction book without really taking the time to write the story first. I'm quite disappointed being that I bought this the first day it came out :(

Anthony Messina says

A bit more racy than I expected. The story is just ok. Not even sure where I got this one.

Rachel says

Erotic City is a story about a club where couples that are swingers come in and act out their wildest fantasies. This book will definitely keep you very entertain.

Amanda says

Starting the #bbbreadathon with Erotic City. It's been on my #tbr for at least 3 years.

Angie says

So absolutely boring.

MavLit Publishing says

Pynk puts it all together in this book by delivering a compelling storyline and plot while incorporating all the scorching details of sexual activity among the characters. Make sure you're sitting in a comfortable position!

Melissa says

very detailed to say the least!
