## **Hard Rock Arrangement** Ava Lore

Chronic loser Rebecca Alton is penniless, homeless, and sleeping on her sister's couch. She needs a job, fast, but in this economy finding one is easier said than done. When she accidentally walks into the wrong office and finds herself auditioning for the role of fake girlfriend and very real babysitter to Carter Hudson, the out-of-control lead guitarist of an up and coming rock band, can she pull it off? And considering who her boss would be, Carter's brother and the band's bassist, manager, and undisputed king of bad attitudes Kent Hudson, would she even want the job?

Rebecca isn't sure. In fact, she's not sure of much in her life, except three things: Kent wants her, she wants him back, and the underlying animal attraction between them may be too white-hot to keep under wraps.

## Jessica says

I've had this book in my Kindle for a while now. I kept passing it up until I saw the new cover then it grabbed me. Some stuff was a little unbelievable, but it was still good. I liked Rebecca, she wasn't perfect and didn't have the stereotype, you know the normal I know I'm hot type. She had flaws and didn't think she was perfect. I like that she was humble. Kent of course was on another level with all his hotness, but the author kept it simple and didn't make him big headed and overbearing. Their relationship was not rushed and had more of a genuine feel to it. A.L. did a good job with this one. Thumbs up!

## ~`\*Ella Lee\*`~ says

Oh baby did I love this book! It was excellent. It had a COUPLE of great Alpha's (although one was clearly the lead) TONS of sexy moments and a super great, super hot heroine. I loved all the little moments in this book. I loved all the characters - even Sonya! It had a loser "bad guy", great side characters, sweet moments, sexy moments, crazy moments, fun moments and no cliff! I can not wait for the next book!

\*Usually I like my Alpha's to be a little more decisive with the heroine's, but the way it plays out works great! Totally recommend!

---

## Liz says

Blinking well loved this book. The characters were great, Kent the smouldering hunk, Carter the mess and Becca with the patience of a saint. I wound up reading this until 3am because I needed to know what happened in the end. Loved the story and loved the fact that there are more in the series. Guess I'll be having more late nights. Perfect rocker romance, though that makes it sound tame and it's so not.

## Maida»-(^v^)-» says

This book took me by surprise! I was not expecting it to turn out the way it did, but I am so glad I picked this up. Sure there were a few things here and there that could have been better worked on, and yet in the face of the whirlwind of emotions this book brought forth, the issues weren't even significant. I simply and genuinely adored this! :D

---

## Camille Adams says

I enjoyed this. It was especially poignant to read about the emotional abuse, gaslighting, and general being taken advantage of to be had in relationships with the "Jasons" of this world...and how to fight back, see your self worth, and be free of them.

### **Margie 'CSR' Fite says**

#### **Loved this 'ENTIRE' ROCKER BAND! Must read**

I love rock star romance books - especially if they have 'bad boys' and this has even a bad a\*#s lead singer Girl! Sonja! She Rocks!! Kent and carter Hudson- brothers, and manny.. They are all quite dysfunctional, yet stand by each other! Carter, the youngest and probably most talented is dealing w a lot and His brother is trying to hire someone to watch him so he can focus ..

Rebecca just moves from San Diego out of an awful situation from loser bad boy, boyfriend (Jason) and 'want to be' lead singer band "sweet lobotomy" when he steals from his band mates , does drugs - blames on Rebecca! As well as cheating on her the entire time! So penniless, ashamed, and now homeless - Rebecca turns to her sister. Attorney who has her life altogether. Rebecca goes out on job interviews for housekeeper and her sister accidentally gets the address wrong, Rebecca ends up walking into an interview assistance of the up hottest band ' the lonely Kings' where she is to pretend to be 'carter hudsons' girlfriend to keep an eye on him.. However; she turns this entire bands life upside down and all around! There is some major emotions and got sex scenes (won't give any spoilers away!) but this book has it all!! Can't wait for the next book .. Stand a lone .. But next book is carter hudson's story!!

---

### **Petra says**

I liked this book and was glad that Rebecca was a larger girl with big boobs lol sick of reading about women with stick thin bodies poor Rebecca has come to LA after splitting from her arsehole of a EX who was a manipulating twat then she stumbles on a job and meets the sexy Kent there's a reaction As soon as they meet but not everything is that easy great book hope there more to come would love to hear about the other band members especially the feisty Sonya x

### **Evry day book nerd says**

DNF ... I Could not pass from the second chapter and that is amazing on itself , I just hate the main character, the girl was just annoying , she complains from the first line looking more and more pathetic the more a read, I mean she has no redeeming features and when she complains that her successful sister push her to find a job (which she really needed ) like if it was just luck that she got a law the degree, really !? She work her ass of but you look down on her because You are a loser , annoying just sad and pathetic , I could not keep reading her complaints while she did nothing for herself or to change her situation, she deserved to be a loser with that attitude,

So glad I didn't push myself to finish this

---

### **Keris Shay says**

Ok so this was an OK read for me. I did enjoy the book and wanted to know what happened but some things just felt blah. I did love Kent, seriously! And Carter, god could he be any cuter!!! ( I CAN NOT WAIT FOR HIS BOOK!!!)

The book dragged in a few places and a couple times I wanted to tell Rebecca to just shut up! I think there could have been more done with her ex as well. I did like how Kent and Rebecca did not rush the "I love you" . Hoping more of there relationship is in the next book!

It was an easy read, no real angst.

I will read the next book bc it's about Carter!

---

### **Frenchii says**

dnf at 35%, yep it's one of those again.

The h would ramble on and on in her head when I just wanted to get through the scene, especially when its suppose to be a hot and steamy sex scene, like just shut up already and enjoy geez.

The H only seemed to notice the h when he got horny, one minute completely ignoring her the next randomly asking to get some free samples (if you know what I mean, wink wink ).

And finally, reading about a nasty man-child who leaves nasty used condoms all over the room while passed out in his own vomit in a long descriptive summary is not the recipe for a good romance novel.

---

### **Gina Drayer says**

The story had a lot of ups and downs. I'll admit there was a point where I thought the whole plot was going to fall apart, but the story came together in the end. I enjoyed the characters (even though I though the backbone Rebecca suddenly grew came out of nowhere) and see a lot of potential of the series. Looking forward to the next book.

---

### **Paganalexandria says**

Rebecca is an edgy out of work bartender/clean freak that is currently sofa surfing on her sister's couch. After her compulsion annoys her sister one too many times, she is lovingly pushed out to look for alternative employment. A typo finds her doing an unconventional job for the sexy and moody Kent; a bassist for one of the hottest bands around. Kent needs a full time babysitter for his wild child brother Carter that is also the lead singer for the same band. Carter's hot messiness make Lindsay Lohan seem like a Sound Of Music extra. This novel was just fun with just the right amount of drama. This was actually my favorite read in this bundle! 5 stars

## Dora Tkalec says

I... I honestly don't know where to begin.

**\*SPOILERS AHEAD. YOU HAVE BEEN WARNED.\***

Rebecca Alton is a loser. A real, real loser at that. She also walks into the wrong office and somehow gets the job she didn't even apply for.

She fucks her boss before she's even hired - that must be a world record, right? *somewhere at least*.

Carter Hudson is Rebecca's job; she's supposed to get him on the right track and get him off drugs and alcohol. She amazingly succeeds - **in a bloody month**.

How, you may ask...

### WHO THE FUCK KNOWS!!

The entire reason of Rebecca's job whooshes into thin air and is never explained. Not even once. There is no plot *whatsoever*.

Except the plot where Rebecca constantly wants to jump Kent's bones. While supposedly dating his brother. I honestly don't know what's more tragic, the fact that I've spent a day on this book or the fact that I'm somewhat hooked to the logic-less plot that I'm thinking about reading the sequel.

I gave it two stars simply because I laughed at some parts, so it wasn't all for shit.

So to summarise - the plot is non-existent, character development - ***what character development?!?*** - the entire book feels just like a series of unrelated events strung together, somehow and it doesn't tell a story - not one worth while anyway.

Well, off to find better books :)

Peace, love and good books

xx D

## Liv says

This is my first rocker romance and I was hooked!!!

With a rocker romance I expected womanizing, partying disasters, drugs, alcohol, destroyed hotel rooms, kinky sex, excessive living, and vomiting puddles....

And well, yes, even though there was some of that there was also.....

Sweetness, hot sex, solid friendship development, quiet home-life, meditative moments, music rehearsals, music videos and a climb to the top in the music charts, with an equal dose of faithful, enduring love.

At the beginning of this story, we find Rebecca Alton (heroine) at a bad time in her life. She's in her mid-20s

and has made a series of bad decisions and wasted time and energy on a loser ex-boyfriend, and a hard life that left her out of luck, with no job, friends or worldly possessions. In fact, initially, it seemed like the only good thing college drop-out, previously-employed bartender, Rebecca has going for her is a compulsive cleaning habit. But this book capitalizes on being at the right place at the right time and when Rebecca mistakenly strolls into an interview with Sexy, hot, no-nonsense Kent Hudson....well, her luck is about to change....in the best of ways!!

OMG, this book was so fun, exciting and sexy!!! I loved Kent Hudson (hero) because yes, he was the hot, bad-boy, gorgeous bassist and tough manager for the band THE LONELY KINGS, yet he was definitely MORE than that!!! I loved that he was smitten from the moment he saw beautiful Rebecca (in this own "rocker" kind of way). I also LOVED that he was pretty set on her and there was no mention of other women from the time Rebecca walked into his life. Yes, he hired her to take on the role of baby-sitter, handler and pretend girlfriend to his brother Carter (the genius songwriter, singer and guitarist for the band). Yet, he didn't realize how impacting Rebecca's presence would have on the whole band, including Carter, who was on a dangerous substance abuse trend downward. The attraction between Kent and Rebecca was always ON FIRE, and even though Kent tried to be distant (epic fail) and was moody (as he fought in his internal cravings for Rebecca), when they finally give in to each other, it's a rock hard type of romance....lol. Kent always radiated this electric attraction for Rebecca and I loved that aspect of the romance.

In this book there are plenty of twists, sweet moments, unexpected revenge, standing up to a bully, finding an insatiable true love and much more...This read was enjoyable and relaxing. It was low on the angst and high on the steam---And, that is just the kind of book for me when I want to escape into a fab romance and relax.

Narrator: I really liked Crystal Serphen. I thought she was really good and did a great job with both the female and male voices.

---

### **CasPerfitz~SLiTsReaD says**

I've started reading this book when it was being sold 5 chapters at a time, lol... first, I've never heard of a long time substance abuser recovers and turn his life around overnight, none that I've heard of. The story was cute at the beginning, I am not so sure in between. But I'll give it a 5 for naming a band "sweet lobotomy", "cracks" me up every time, lol.... And I love the funny scenes.... I love how they turn the story around, though it all felt rush.
