### **Quetta Inabinet says**

an okay story nothing special and the grammar errors really annoyed me I don't understand how this got 4 stars when it has more books to follow quick read though

#### **Jaw Dropping Good!**

It's so much deceit going on in this book and I thoroughly enjoyed it. Everybody is crooked ratchet and dirty. But Cipriana has to be my favorite of all of them. I feel for her . She is a good wife to low down Braxton, and I'm glad she's getting her life with Javi. But this ending. I'm on the edge of my seat.

#### **Craziness at its best**

Enjoyed this first installment of the Atlanta Wives, ready for part 2 after all the cliffhangers. That Aria had me laughing with her spoiled, conniving self & poor Apryl & her sister needed to open their eyes to reality. Good read.

### **Crystal Forte' says**

---

### **Ginger says**

Wow

### **Robin Perryman says**

#### **More Ratchetness**

I was getting into this. I like all this drama but like the first series it's full of errors. So it's only getting four stars. I will be reading part 2 when it comes out because these characters be doing the most trifling things. You can't help but tune in to see what happens next.

**lisa jean says****Great read**

It was an amazing reading. Trauma I have a intensity of them and women and number had me wanting to read more and more to find out what would happen. I would recommend this book to anyone who is going through relationship problems to check it out. For anyone wanna remember that not every relationship is easy and everyone has their own problems to deal with. That there is always someone else out there for you.
