## **The Claiming of Rapunzel in Xanadu** Bella Swann

This is a very erotic interpretation of the classic fairy tale of Rapunzel. An extremely grown-up Rapunzel leaves the safety of her Tower for the dangerous forests of Xanadu in an attempt to escape an arranged marriage. Throughout the story, she encounters many masterful and horny creatures who take control of her sweet and submissive body and force her to submit to waves of unending sexual pleasure intertwined with pain.

Warning: This is a work of fiction that contains explicit materials meant for those over the age of 18.

## **From Reader Review The Claiming of Rapunzel in Xanadu for online ebook**

### **Alida Valli says**

This is a very erotic novella. A very adult Rapunzel runs away from her guardian-King in order to escape a political marriage (after, of course, a gangbang between Rapunzel, Roderick, and her maid). She walks through the dangerous forest only to encounter a centaur who has some fun with her and then a were-leopard. This is definitely a fairy tale for sexually open-minded adults. This story will probably appeal to readers of Virginia Wade, Tori Westwood, Coyote Rose, Jesse Jordan, and Lucinda Lane.

---

### **J.R. Luxor says**

This book is perfect for the reader who loves constant, non-stop, hot action. The author managed to take a fairy tale and intensified it, so the reader is keyed up the whole time! You will need breathing breaks otherwise the reader's liable to burst.

---

### **Chloe Thurlow says**

They say there are only 7 plots, some say 20, whatever the true number, it is limited, so great stories are always grabbed from the past, dressed in new costumes and glittered up for new times. Rapunzel is a German fairy tale by the Brothers Grimm first published in 1812, an adaptation of the Persinette published 200 years before, and that was based on something else.

Bella Swann has taken these frail historic threads and woven together a new tapestry for new, more erotic times and, having been forced to read those Grimms as a child, I must say her version is far more appealing. Here our hero has a thirst for freedom. An arranged marriage sits on the horizon like a black cloud and, late one night, Rapunzel slips from the imprisoning tower and vanishes into Xanadu, the dark mysterious forest where what awaits is - well, I won't give it away except to say that pain is the flip side of pleasure, the greater the pain, the greater the pleasure, the more you give, the more you get.

Now, pour a generous glass of wine, put your feet up and, like Rapunzel, let your hair down.

### **Tanya Malone says**

WOW.... Just, WOW!!!!

### **OMG... the number of times I had to stop for a cold shower while reading this book!!! OMG**

This is easily, **EASILY**, one of the hottest books I have read in my life! I mean, Bella Swann doesn't waste any precious time. Oh hell no! The action starts right there on page 1 and lasts throughout the entire novel. I mean, honestly, I had to stop reading from time to time just to catch my breath and let my body temperature

cool down a bit!

The best thing about Bella Swann is that, whether you like flying solo or whether you're looking for fun salacious ways to spice things up with your loved one, Bella Swann **WILL DELIVER, take my word for it!**

I recently purchased *The Claiming of Angelica the Supernatural Sleuth* and I can't wait to dive into Bella Swann's deliciously naughty world again! Please, go pick up any one of her books, and see for yourself all the fun that you've been missing!!!

---

### **Lyndsey says**

I think I didn't enjoy this book for the same reason I don't enjoy most mainstream porn: there was too little substance. Guess I was hoping for more build-up and a fully fleshed out story but the plot is threadbare and the characters had me rolling my eyes. If you're interested in diving right into the thick of things and suspend reality, this may be your cup of tea but I was left disappointed. This was my first foray into BDSM-themed erotic literature and I can't say I'm eager to return and try again.

---

### **Michael Dalton says**

If you've read Bella Swann before, you know what you're getting, and she does not disappoint with this story. The sex starts up on page 1 and does not let up until the very end.

If you haven't read Bella Swann before, you should not expect anything in the same universe as Tangled or the traditional fairy tale. This Rapunzel is an oversexed strumpet enslaved to her overactive sex drive, and consequently she falls repeatedly into not-entirely-unwilling encounters with a variety of partners as she attempts to save her kingdom from the evil King Roderick and avoid an arranged marriage with the mysterious King Geryon. Naturally, she fails, but you'll have to read it to see why.

---

### **Booklovinglady says**

Although a bit much of the same, it was funny :-)

---

### **Jeanny says**

This book counts as left x in the A to Z book challenge.

The books purpose is to get the reader off. Nothing changes from page 1 to "the end". Rapunzel's character continues to act the same with or without the magical sperm. Her marriage stays on course regardless of her escape. As I said nothing changes.

1 star the story resembled a merry go round

---

**JJ says**

I love her graphic no holds barred sexuality! Bella Swann's erotica has an original flavor that is hot, delicious, and very addictive. This is the second book in a series, but I realize now that each book can be read independently. The story begins with some vital bride training for the soon to be queen Rapunzel. Impatient for the attention of her future husband, Rapunzel scales the wall using her hair and ventures into the forest wearing next to nothing. After a few close encounters with wild male creatures, Rapunzel finds her happily ever after in the most unlikely way. Recommended to anyone with a taste for taboo sexiness.
