4 "You're damn sexy when you get your dander up" stars

Well, this was an entertaining series. It had a hunky, green eyed alpha cop, a sexy, modest, insecure brainy scientist, and a hot steamy undertone in every scene!

It wasn't the best storyline.. in different circumstances, Kat would have driven me to virtual drink, but this worked for me.

I found the writing flowed, and was engaging, and I was seriously drawn to Simon's attentive possessiveness.

And this is the final instalment !

Kat learns what happened in Simon's past that still has a hold on him in the present. We also get to see if Kat gets her revenge with that damned Evan !

I really like that Kat is a strong character, she has her doubts but she also has her reasons for doubting. Anyway, she's persistent and wants to get her man :

"Does the "L" word make you uncomfortable ?"

"All of this," he made a hand gesture indicating the both of them. "Makes me uncomfortable."

It made her uncomfortable too, but in an excited terrified way. "You're a big bad cop, deal with it."

He clearly is a dominant man, sometimes too demanding, but shows some weaknesses that make him more attractive. And phew, he's a dirty talker and very good in bed !

"You make me want to be a better man, Katrina Winslow."

"And you, Captain West, make me want to be a bad, bad woman."

And she can be ! And turn the tables on him to get info from him in a very sexy way, handcuffs included ^^

She has a very silly moment though (who leaves her keys outside her door "hidden" in a plant when she's being threatened by someone who knows the trick ?), that's why the book gets 4 fires instead of 5. She's highly intelligent, she just shouldn't have even if there was a lot happening at that time. Oh that and we didn't see much of Rosie, I love Rosie !

But things finally evolve in a good way :

"Tonight, it was different, it was - I don't know, more emotional. I felt like we were connected on every plane." Her cheeks heated. "And even though we were kind of kinky, because of the emotion, I just feel it was better. The best."

I really enjoyed that series : sexy, steamy, kinky, hot, emotional, with good characters, a hoot ! We are

introduced to Jack - member of Simon's team - who will have his own book, "Bad boys of the bay", that I'll make sure to read. If it's another serial, as I dread it is, I'll just be patient and wait until the whole story is released !

"I think I fell in love with you the moment you let me wipe my snotty nose on your sleeve."
He grinned. "yeah, I know my way around a lady's heart."

yep, I'm happy with that for an end to Kat & Simon's story!
the depth of Evan's duplicity is revealed. the truth of Simon's past is freely told. both Kat & Simon face their fears. & the guaranteed HEA for Kat & Simon!
I don't think there was any more I could ask for to make it better

I was really excited to read the fourth & final Katrina Chronicle; this was a serialized novel and all the prior installments left big cliffhangers that made you want the next one immediately. While I enjoyed the series as a whole & am glad to see it finished, the final installment was my least favorite. Everything just wrapped up too quickly & neatly for me, and it didn't leave me wishing for more like the previous installments did. While I was a little disappointed with the ending, I did like the series & will definitely be reading more by Karin Tabke.

Review:

What can I say! Tabke does it again in this final installment of Kat and Simon! The story picks up right where we left off in The Truth. Simon's crazy ass sister-in-law, slash ex-bed buddy is in the kitchen with breakfast! Kat was a better woman than I ever would have been, because had that been me, well let's just say, Knock out Kings, would have wanted to feature me on Best Knock Outs in 2014!

Yes, that's how into the story I was! I felt what Kat felt, and I was like, "girl don't walk away, don't do it! Stand your ground and be all up in that crazy broads face! But Kats character handled it well, she even gave

Simon an ultimatum. He didn't like it of course but in the end it all works out for the best. We get to find out a little more about the crazy chick Amanda, and although I would have liked to see the two woman go at it, I was okay that they didn't. But man, my spidey senses were on fire! I just kept say, "that girl is going down!"

Sadly it doesn't happen the way I envisioned, but again its okay. There was enough drama to last a life time in The Consequence and we learned a few more things about Simon and the mysterious death of his brother Mark. This book has it all! Suspense, hot sex, drama, and OMG! MORE HOT COPS! I don't want to give out too many spoilers here, but let me just say we haven't seen the last of the HOT MEN OF THE BAY AREA! Tabke has promised us this and I am sooooo happy!

Did I mention that the book has some hawt sex? If I didn't let me say it one more time... HOT S.E.X! Every woman needs a Simon in her life!

Everything ties together nicely in this last installment of this series. My only regret is I would have like to have seen like a flash forward into Kat and Simon's future. I wanted to know what their children's names were. What kind of wedding did they have. Did any more women come out of the closet? You know those types of things. But Karin has assured her fans that we have not seen the last of this dynamic power couple. I'm looking forward to checking in on them, and meeting some of Bay Area's finest boys in blue!

Simon as always saves the day! Kat finds out that she can see herself with Simon in a forever ever kind of way and well Evan gets whats coming to him! THE BASTARD! This is what I love about Karin's characters. They are so real and tangible you can't help but get sucked into their story.

Be sure to pick up your copy of Karin Tabke's The Consequence, because Simon says so!

Hot, explosive, suspenseful, romantic story is a highly recommended read The Consequences by Karin Tabke.

Katrina and Simon are interrupted by Amanda, Simon's sister-in-law, who wants Katrina out of her house because Simon belongs to her. Katrina hears Amanda tell Simon that once Katrina knows the truth about Simon, Katrina will be gone. Katrina gives Simon an ultimatum to Amanda which surprisingly Simon gets Amanda to leave. As Katrina and Simon's love and attraction grows for each other with explosive, hot scenes, Amanda strives to come between them. Meanwhile, Katrina wants to get evidence against her co-worker and ex lover, Evan, who got her fired from her job and research.

Will Amanda come between Simon and Katrina? Will Simon and Katrina have a happily ever after? Will Katrina prove Evan as the culprit?

Read the highly, romantic conclusion The Consequences (The Chronicles of Katrina, #4) by Karin Tabke.

The Consequences is the final installment to The Chronicles of Katrina and let's just say you'll need to be prepared for a very explosive conclusion. It picks up where The Truth left us at and darned it poor Katrina

cannot get a break when it comes to men especially in dealing with Simon. Secrets begin to surface in the Consequence that has been bugging us readers like crazy since book one. Simon pissed me off several times in previous books and then even worse in this book, but he made up for it at the end. Oh, ...he made up for it. =)

I give this book 5 moons and highly recommend it to readers, who love contemporary erotic romance and love some very sexy cops.

You must read the previous books first though: The Dare, Double Dare, The Truth. It's a must, otherwise, you will be lost if you starting reading The Consequences.

★★★★★ Stars!

The story continues exactly where it left off in the last book where Amanda, Simon's sister-n-law, claims Simon as hers! And I thought ugh here we go, Kat is gonna take off on him again, but NO..... she will surprise you!

This 4th instalment did not disappoint! A short read, finished it in no time... it's fast, meaning it'll keep you in the edge of your seat, sexy, action-packed, funny, and just.. hot!

Kat, a genius scientist with a little insecurity, whose character is just adorable. And yeah her doubts are again tested with Simon, but she's there to stay and fight this time.

Simon, a protective, possessive hot alpha and his secrets are finally all out in this series.

Sex factor is steamy hot!(view spoiler)

Amanda seriously needs to have her brain checked. Though I don't quite agree that her issue is a close topic, and what about Simon's niece? There is a next book right? Cause it couldn't just possibly end there, I need more!!!!

And that's beside Evan, and there's Kat's career... what's next for her?

And what about the hot and sexy Special Agent Jack Thornton, I can't wait to read his story! But that's gonna be another book... so yay!

AVOID at ALL COST

This series is on a sliding scale with the first being great and the last being just meh. The first novella was awesome, hot and blew me away. The second book was pretty great. The third was just ok and this last one was pretty boring and crap.

Overall I would not recommend this series to others because 1st it should have been 1 whole book and not 4 novellas/serials. I feel really cheated for paying as much as I did for as little real content as this series provided. 2nd I knew where the cliffhangers were going to end up so either I'm really smart or that's just bad writing.

Overall I really wish I hadn't taken the bait and wasted my money after the first novella was free because the overall journey on this series just isn't worth the price of the other 3 novellas and I will really have to think hard about buying any of the future adventures of Simon's crew.

4--Simon Says--Stars!!

I really enjoyed Katrina and Simon's story. I was glad to finally get some answers regarding Simon and well as closure regarding Katy's work troubles.

This installment had less back and forth between Simon and Katy which was a definite plus. And more steam than the last two books.

Simon and Katy both learn to trust each other and as a result their relationship really grows.

“You make me want to be a better man, Katrina Winslow.”

“And you, Captain West, make me want to be a bad, bad woman.”

Overall, this was a really entertaining series with a little bit of everything....steam, humor and suspense!

Diane says

Karin did not disappoint with the conclusion of this series. Kat finds she needs to learn to trust in her own instincts and beliefs. Her and Simon still sizzle in bed but Kat wants more. Simon still seems to be harboring some secrets but he tells Kat he has never lied to her. Find out if Cinderella gets her Prince Charming in the end. Plus meet some new sexy lawmen that work with Captain Simon West.

4 SPANKING STARS

I loved where Kat and Simon's relationship went sexually. Kat came into her own choosing to believe in Simon instead of what others were telling her and revealing about him. I like how she got the truth out of him and I like what Simon revealed about her. It was smokin' HOT!

I didn't really love the takedown and the ending was anticlimactic. But I'm willing to overlook it a bit for everything else that happened in the series. This should have been one book instead of four novellas. But to each his own.

I almost gave it 3.5 stars but I'm really rating the series overall here.

Check it out, it's worth the time. Quick, Easy and Sexy!

The book felt rushed and a lot of the secondary stuff was not fully realized. It was okay. The sex was hot but I wanted more from the stuff surrounding the main couple.

The Consequence By Karin Tabke – Book 4

At the end of the Book, Karin comments that we shouldn't say goodbye to Kat and Simon too quickly (and rightly so), who have been through a lot since they met in 'The Dare' and concludes their story in this book. Though knowing there is a book 5, I am pleased to learn that this is a Christmas special and there may be more stories to follow. It also seems that Kat and Simon make appearances in Karin's other book – Bad Boys of the Bay. Yay – because I love these two characters too!

In this story, it seems that the trials and tribulations that Katy has been through with her employers and ex

married boyfriend are coming to end of this very bumpy and emotional road and the outcome is nothing short of hanging at the edge of the book by your nails.

As ever the story was gripping, steamy and well written, my only bug bear is not getting the name right! In this book Evan is referred to as 'Stone' not 'Scott,' which is a little off putting especially as Evan is a main threat in the series, hence my 4.5*!

I will certainly be reading more by Karin and I am especially pleased that she writes paranormal romance ;)
