#### **Love love loved this**

Tara takes you on a emotional roller coaster ride in this last book. I'm sad Evies story is over but it was done perfectly. This was a phenomenal last book. It's a definite must read series.

?????

I was so not prepared for this series to end. I have grown to respect the hell outta Evie. Even when life knocks her down, she gets right back up. I cried at the end and that's not something I do a lot, but I loved every character in the books, except James and may he NEVER RIP. Thank you Tara Brown for such wonderful books.

Finally glad to have closure to the series. Evie ended up where is needed to be. I was not surprised by the end.

#### **Sad to see this series end**

Everything about this series had me at book one. This last was worth the wait and the best of the bunch. Hilarious, serious spy awesomeness with enough steam and heart to break your soul. Probably will read this series again just to relive the adventure.

#### **My favorite romance series of all time!**

It was perfect. I hated it and loved it. I cried and laughed. I fell in love with Coop and Gustavo all over again and felt everything Evie (and Cooper and Gustavo too) felt to the depths of my soul. I don't think I'll ever get over this series. ❤ you Tara Brown!

### **Wow**

I knew he wasn't dead. He wasn't the type I feel bad for him but I understand his view they were toxic together and she would walked away with him if he asked. She loved him to deep as coop loved her. So he knew she wouldn't be alone but it hurt him seeing her happy. Even though he was a total jerk he won me over because he put her happiness above his

I hate to have this series end! Great reads for sure!

## **Michelle Monroe says**

\*\*\*Tears rolled down my cheeks as I realized I had broken him long before he ever broke me. I had done this.

When I realized he wasn't coming out, I got up and forced myself into the elevator. The walk of shame was unpleasant for anyone.

Adding not only the wrong clothes but also bruises and cuts was something else. I looked like a sex assault victim, but I wasn't. I wasn't the victim of this story. I was the villain.

OMGosh! Tara always ends her series with a bang, and this was definitely going out with a major bang! As sad as I am to see this series end, this was an epic ending!?

Once you get over the "WTF did you do Tara!?" Portions of the book, you'll love the ending!. Lol! Seriously, I was screaming at my kindle.

Evie is still one bad@ss spy and she would do anything to protect her kids. And Coop and Servario? How dare Tara make me fall in love with both of them?? Even the "bad boy" Servario steals a piece of my heart, always has.

If you've read the first three books, you really don't want to miss this epic conclusion!! If you haven't read this series, what are you waiting for? Read them. They are amazing!

Wow! “In all the best and worst ways, nothing would be the same again.”

We have watched Evie go from a devastated lowly housewife to a kick-butt ninja spy taking out bad people, like most of us take out the trash. Along the way we have watched relationships grow and become more, witnessed devastation, felt loss, watched love bloom, voyeurized hot sex and been entertained with many a snarky comment. Each book took us on a world journey and the characters all became a family of sorts. Coop and Sevario played a major starring role with tempering by Helena and Fritz. Jules and Mitch was everyone’s priority. Luce and Jack became the trusted siblings and sounding board. At the top of the pyramid is Evie and her own brand of crazy; in love with both Coop and S she waffles between them and with each book I found myself rooting for one or the other.

In this final entry, Tara Brown has basically wrapped everything up with a bow, but there was a lot of mess to get there. Reading this book was bittersweet knowing it was the last but also gratifying to see how much the writing and the characters grew and changed. The Epilogue was gasp inducing and I feel a major book hangover coming on. Bravo!!!

I am soooo disappointed in how this ended. It’s been two days since I devoured the series and I just can’t get over ?. I’m devastated.

#### **What a ending!!**

Again, this author amazes me in her story telling skills. You feel the character's anger and heartbreak. If you haven't started this series, it's about Evie, a kick ass operative that is also a mom. Her and her team are out to save the world by any means. But when the threat is against the ones she loves..look out!

#### **Amazing**

This is one of my favorite series by Tara Brown and she did not disappoint. I am sad to leave behind Evie but the ending felt right. Well done Ms Brown, well done.

#### **A fitting end to a great series!**

I know I'm not the only one who is so happy to see Evie get her happy ending. Great book!!
