Leo says

Second installment in the Conan series and it continues being enjoyable. The cases are pretty good, they keep you guessing. I seem to remember from the TV show that Ran was more "lady-in-distress" like so I'm glad to see she is a tough one here. (She stops a man by kicking him in the face through a car window. That's was pretty awesome and unbelievable too but whatever.)

Quick thoughts: Much better than the first volume. While my general issues with the setup/treatment are still here, seeing Conan in different situations and having the investigations overshadow the clueless secondary character antics helps a lot. I still don't see myself in this for the long haul, but it'll likely be enjoyable for a while.

Detektif Conan Volume 02

Now, He has to arrange what will he do to catch the culprit.

Awal volume 02 ini menampilkan Conan yang terpaksa menjadi murid kelas 1 SD lagi. Lucu juga sih lihatnya. Aku ngelihat Conan itu kayak lihat Holmes. Sama-sama sombang gitu. Untungnya sama-sama pinter. Hadeuh.

Oke, sedikit spoiler, di volume kali ini muncul salah satu tokoh penting untuk keberlangsungan Detektif Conan seterusnya. Siapa lagi kalau bukan Akemi Miyano. Wow. Aku baru sadar kalau Akemi munculnya di volume 02. Kupikir masih nanti-nanti. *ketahuan dulu bacanya ekspress, hehe.

SJ says

Conan's adventures continue as he solves a case where the prime suspect's alibi is too good to be true, stumbles into a case at a haunted house, and takes on a missing person-turned-murder case that leads him closer to the Crime Syndicate who poisoned him.

Nicole says

Jimmy is still stuck shrunk (say that 5 times fast), and is attending grade school. Richard Moore gets a job following someone

(A Lucrative Tailing Job) which turns into a murder case in which the suspect has photographic proof of his alibi (The Perfect Alibi, The Photo Speaks). Jimmy gets a new toy from Doc Asagwa and Richard gets a new case to find a wayward father for a young woman (The Missing Man). As always, the case leads to murder and the young woman goes missing (The Poor Girl). Richard gives P.I. lessons to a fellow P.I. as they search for the woman who wasn't what she pretended to be (Follow the Big Man!) and Jimmy learns something about the Black Syndicate (A Devilish Woman). Jimmy's school chums convince him to go search haunted houses (Mansion of Horror) but the team starts to disappear (Disappearing Children), and Jimmy/Conan solves the mystery of the haunted mansion as well as an old murder (A Nightmare in the Basement).

Rachel showcases her martial arts moves, and we're introduced to Conan's new grade-school friends. It's good that he can't take himself too seriously. This is a cute, funny series that happens to deal a lot with murder and mystery. The more I read this, the more I find the clues were there, I just didn't pay attention. But then again, I like being surprised.

Conan masuk SD kelas 1 dengan pelajaran $1+1 = 2$ hehehehe... Seri kedua tidak terlalu menarik, meski pria

jubah hitam sempat muncul sebentar. Dari ketiga kasus, yang kusuka adalah pembunuhan taruhan 5 milyar. Tapi yang bikin mengganjal, tidak ada penjelasan bagaimana mayat Pak Negisi bisa berada dan terbakar di festival.

Selain itu, aksi empat bocah SD menyelidiki rumah hantu dan ditutup dengan 'Rumah Eto' sukses bikin ketiwi....

Cody says

Vol.2.... The mysteries aren't insanely complicated, but the series does a great job at building suspense. What really makes me like this series is the humor. I freakin love Richard Moore aka a quack of a detective. He drinks and smokes and doesn't like kids but he's still got a good heart. I always enjoy the watching him make a fool out of himself.

clairette says

Shin'ichi Kudo, still trapped in the physical body of a six-year-old, is now living with his almost-girlfriend Ran Mouri, while waiting for a cure to return him back to his normal self. He still has his brilliant mind, however, and he helps solve all of the gruesome murder cases that come the way of Ran's hapless private investigator father.

I forgot how dark the story gets at some points.
The cases weren't that exciting but certain pages creeped me out.

Susan says

This manga series is somewhat easier for me to read than most, because I have little difficulty telling who's who. The protagonist is a high-school-age student who's been shrunk to the size of a first-grader. While he tries to figure out how to undo the potion, he continues to help solve crimes. It's mildly entertaining and at times rather funny.

Ernest says

The stories are interesting, the solutions suitably clever, and while the volume does contain perhaps a bit more lighter moments than I would ordinarily have preferred, the blend between serious and fun is fine.

Chiara says

In questo momento in cui la mia mente è da tutt'altra parte, questo genere di lettura, che richiede solo un paio d'ore, sembra essere la scelta perfetta per me. E cosa c'è di meglio di un mito dell'infanzia?

Fiona says

Der zweite Band der Conan Serie.

Wieder warten einige schwierige Fälle auf Conan und so versucht er nebenbei zwischen dem Ausprobieren von neuen tollen Gadgets und dem Lösen von Detektivfällen von Kogoro Mori seine Tarnung aufrecht zu erhalten, indem er wie ein normales Kind in die Grundschule geht. Hier ergibt sich der erste Fall für ihn und seine neuen Freunde.

Mir hat der Band noch besser gefallen als der erste und ich freue mich bereits auf die weiteren Teile, Band Nummer 3 steht schon in meinem Bücherregal bereit :)
