## Double Blind Vanessa Waltz

I'm in so deep that I can't see the way out.

The boss of the Rizzo family needs me. I need to get closer to Carmine Lucchesi, a captain in his family. I need to steal information from him. He's a sweet man, but underneath there's something damaged, something deranged.

The boss wants me to leave Vincent, the man I love. End the engagement. I'm with Carmine until he says so. Until I get what he needs.

Or he'll kill Vincent. He'll kill my mother, and Vincent's mother, and everyone I've ever cared about.

I don't have a choice. I need to end it with him, even though I love him. Even though it just might kill me.

***Author's note:** This is the sequel to **High Stakes**, with the same characters. Read **High Stakes** before reading this book! This is a mafia romance novel, it contains a possessive alpha male hero with themes of kink and mature situations that could make readers uncomfortable.*

## From Reader Review Double Blind for online ebook

### Dar says

One of the books I bought waaaay back, and it just didn't get read. No reason, I wanted to read it, but other books pushed it aside. I finally say down and said enough, and put it on the list for next. Now, 2 more books came along and tried to bump, but while i wavered, I stayed strong - glad I finally, finally, got there!

This was great! There is action, smexy, emotion, and two beautiful people who are so committed to each other, they would do anything for the other. All that had me settling in for a read, and quickly devouring the book in a single sitting without a single break

Now, I'm thinking I need to get back and unearth some of the others buried in my TBR.....

Double Blind (Vittorio Crime Family #2)

By: Vanessa Waltz

5/5 stars

So when I read the blurb for this book, I was somewhat upset that Vince and Adriana weren't going to get to be together because of the two heads of the crime families playing with their lives for their own benefit. I wanted to kick both Tony Rizzo & Jack Vittorio. I know that Jack was trying to keep peace between the families, but still, I wasn't so sure of his reasoning.

Tony Rizzo needs someone to get close to Carmine and see if he is double crossing his family. Tony knows that Carmine has a thing for Adriana and that she is really the only person who could do this job. Jack gives in and agrees with Tony even though it is somewhat reluctantly. It almost seemed like a token disagreement just so Adriana wouldn't tell Vince what was going on. I also thought this made Jack seem like he was weak since he was just going along with it.

I felt horribly for Vince. Adriana breaking up with him and ending the engagement almost pushed him over the edge and he was in so much pain. Then to add to that, the other captains and the rest of the family knows what an insult it is to lose your woman, but then it's just salt in the wound to lose your woman to another mobster in a rival family.

Carmine has some screws loose in his head, but at first he can hide his problems really well. I really did feel

bad for Carmine because he's someone, who had an awful childhood that ruined him and which still causes him problems even though he's in his 30s. You just know that if he had someone who loved him as deeply and intensely as he loved her, he could be healed from most of his past scars. But currently, there is just too much craziness clogging his mind.

I'm glad that we got to see all 3 POVs from Adriana, Vince and Carmine. I think that is what really helped make this a 5 star book, when I wasn't so sure about it because of the blurb. I was also worried about how this would be carried out and if it would end up being a love triangle. Thankfully, it wasn't a love triangle (because those aren't my type of books) but you couldn't help but feel for a three of the main characters.

We do learn more about Adriana's past in this book and more about her mother. Yes her crazy mom is still around, though she doesn't get to cause any problems if she wants to live. She does & she takes the threats seriously since she tried to set-up Vince to be killed by the Rizzo family. This is the conclusion to Vince & Ade's story, but they do make appearances in the third book.

### **Tiffany Silver says**

Wow... Just wow!

GREAT STORY!! This second book blew me away. I was not expecting this (the whole breaking up and attaching to another man thing), and was so pleasantly surprised to love it! You get it from three PoVs. Adriana, Vincent, and Carmine's. The sex scenes were hot, but few, which allowed for a lot of story development. I really appreciated that. Adriana and Vincent have hot chemistry. I loved being inside Carmine's head too... Thanks for that!!

Oh Vanessa, you wicked imaginative minx... This was an absolute page turner for me. Started off slow as the story was setting itself up, but once you get into the meat of it it was so good. A few grammatical errors that I know people are going to boo hoo over, but they don't detract from the story at all in my opinion.

I did receive an arc for an honest review, and this is my honest opinion. Vanessa can tell an amazing story!!! Sighhhh... More please.

*It's live on Amazon! <http://www.amazon.com/Double-Blind-Vi...>*

### **4.5 Suspenseful, Gritty Stars!**

***Double Blind*** picks up right on the heels of *High Stakes*. Vincent is a capo within an Italian mafia family...the Vittaros. He's fallen in love with Adriana, preparations for their upcoming wedding coming

along. He's forever conscious of the rival Rizzo mafia family. He's aware of their power struggles. A delicate balance of control while watching his back at the same time.

This book is a rough one to review. I don't want to give too much away or spoil the ride. Double Blind was filled with everything mafia dark...it's gritty and violent. They live by their own codes. But when Adriana is dragged into their battles, Vince has to make decisions on what and who is most important to him.

This book was much more action packed than the first. Their relationship is established, now the outside world taps on their door, threatening their happily ever after.

I liked Vince's character. He's fallen in love yet the author stays true to his roots in all things illegal. He's dominating, a bit arrogant, yet unfailingly in love with Adriana. She's tough, knows who he is and accepts him...flaws and all.

As I said, nothing is sugar coated. In fact, one scene I found so gruesome, I was a bit taken back (I may or may not have gagged a bit). This duet is definitely not for the light fluffy readers. I'd highly recommend it for those who like a bit of everything in their reads...dark, gritty, suspenseful, and let's not forget steamy.

And I thank you.

*Advanced copy received by author in exchange for an honest review.*

I was given an ARC copy of this book for a fair review and let me just tell you this book blew me away! The first book left me wanting so much more and after reading this book I was completely happy :) a lot of times I will read something and when I am done there is just something that was missing and with this book it was right on point!

### **Dg says**

PERFECT PERFECT PERFECT - this was so freaking good i couldnt put it down. thanks for sending me the arc to read because i loved this book just as much as book 1. the story was intense with so much action with the sex, the shootings, and the drama. i loved everything about it. im so happy they had their HEA in the end. i love how vincent never gave up on adriana and i just really love him in this book just as much as the other - with his possessiveness, his "dont put up with no shit" attitude and his overall everything about him. This book was seriously awesome!!!!

## **Crazies R Us Book Blog says**

5 'Crazie good' Stars!!!

I'll admit while I was super excited for this sequel to Adriana and Vince's story, I did have some trepidation going into it. Like most sequels, I'm always hoping they will continue to wield that magical power and keep me as intrigued as I was with the first book. I'm happy to say that Ms. Waltz did not disappoint! I was along for the intriguing thrill ride all the way to the end!

Adriana thinks she and Vince have cleared the way and only have the future to look forward to now. But Vince knows differently. He knows the war with the rival family, the Rizzos can't carry on and they need to find a way to make peace. Only he doesn't realize it may cost him his future.

When Adriana is approached by the Rizzos she has a choice to make. Work for them or risk both her mother and Vince's mother being killed. Oh and one other small detail.....break off the engagement with Vince and break his heart first. Yikes!!

This is one of the best mafia romance stories I've read in a long time.

It definitely left all the 'cheesiness' and stereotypes at the door. Even though it can be dark and sometimes disturbing, it has great angst, drama, romance, murder, lies and deceit. Everything you'd imagine a good mafia story to have.

If you're a fan of dark romantic mafia stories this book is calling your name! Highly recommend!

### ***UP NEXT ON MY TBR LIST!***

*I'm in so deep that I can't see the way out.*

*The boss of the Rizzo family needs me. I need to get closer to Carmine Lucchesi, a captain in his family. I need to steal information from him. He's a sweet man, but underneath there's something damaged, something deranged.*

*The boss wants me to leave Vincent, the man I love. End the engagement. I'm with Carmine until he says so. Until I get what he needs.*

*Or he'll kill Vincent. He'll kill my mother, and Vincent's mother, and everyone I've ever cared about.*

*I don't have a choice. I need to end it with him, even though I love him. Even though it just might kill me.*

//////////

I thought this was a standalone novel?!

But okay, I wouldn't say no to some more Vincent Cesare!

*Who could?*

### **Elaine says**

Words can't express the feelings I had in this book. But I felt everything Vince and Ade went through. This book was simply put Fanfuckingtastic. Sorry. It was so captivating and I could not put it down. It tied up the questions in the first book so well. And Vanessa, you have a wonderful psycho mind and I love it. I am not giving any hints just this...if you read the first, you must read this book as well. You will be so happy you did.

### **Annette says**

Ok im in love with this book I was so sad when it ended:( I really do hope that the author will write more about the other characters that were introduce to us in this series. I really would like to hear there side of the story plus love story:)) I give it 10 stars because of the fact I stayed up all night reading lol

### **Jessie says**

awesome!

this book was Just as good if not better than the first one

it kept me in edge with all the drama and suspense, and while I was reading I kept thinking "I didn't see that coming"

although carmine was a crazy sexy man, I felt sorry for him, he still reminded me of a young boy who wanted his mother's love, so towards the end I had mixed feelings about him..

I have loved reading these books since the first chapter in the first book.. Vince is my kind of man and I think they work well together, she's not a gold digger she actually truly loves him, and I think they Mae a great couple..

I'm hoping to hear more, but I'm not sure if more of them will be too much I'm hoping to read more about Maria (best friend) we shall see :-)

I highly recommend!

---

## **Tara says**

I was given an ARC copy for a fair review and just bought a copy for my Kindle because I loved the book that much. :)

I read Double Blind last night and ended up re-reading it today, while I was home sick in bed because the story was that good. I loved the first book, but was completely blown away by this book. No, the book is not fluffy and light, if that's the type of book you are looking for. However, if you are looking for a dark book, with compassionate, real and flawed characters, I highly recommend this book.

Adriana is not the typical heroine that we have grown accustomed to in this genre, which is why I actually like her. I have often read books that have women who are "perfect" and not very intelligent, to where I have difficulty seeing them as a believable character. This was definitely not the case!

I loved Vincent in the first book and absolutely adored him in the second book, due to hearing his POV., along with feeling his love for Adriana.

I hope there will be a third book, one about Maria and someone from the Vittorio family (that would be awesome).
