## Green-Eyed Monster Ashley Antoinette

Leah has been trying for years to get rid of her competition, and all her crazy scheming has finally paid off—or so she thinks. Now that YaYa is out of the picture, she's ready to step into her shoes and have the life she always dreamed of. The scars that she earned in the fire almost seem worth it if they mean she'll finally be able to have all the money, the family, and most importantly, to have Indie's love to herself.

There's only one problem. Disaya Morgan isn't dead. She survived the fire too, and she's healing under the watchful eye of one very powerful woman who's ready to help put YaYa on top. With her newfound connections, YaYa could have Leah taken out with the snap of her fingers—but that's not good enough for her. The only way YaYa can battle the demons that are still haunting her is to finish Leah off herself. YaYa is out for blood.

There can only be one winner, and these two are on a collision course that could send one of them straight to hell.

Ashley Antoinette is back and better than ever with the third installment of The Prada Plan series. A case of mistaken identity left readers reeling at the end of part 2, but part 3 is a heart-pounding saga that will leave you breathless.

Good..... But not great.

I have waited a long time to finally read Prada Plan 3, and I was some what disappointed. This book was very predictable. I love the connection and ever lasting love between Indie and Ya Ya. But damn can they get a break. Chase has emerged has one of my favorite characters. Hopefully Prada Plan 4 will be the last and best book in this series.

I hope this book would put an end to all the madness and just let indie and disaya be happy with their baby girl and not end all f\*\*\*ed up like most of the books she writes do, and i also hope that this book would be the end of the series because i have a feeling that if miss ashley goes any further she end up f\*\*\*ing this series (like how miss wahida clark is doing with her thug series) so please miss let this be the last book and pleaseeeeeee let it end on a good note. #teamindie&disaya"ya ya".

Prada Plan 3 picks up where PP2 left off. The question of how Leah was going to pull off pretending to be YaYa was finally answered. Leah is in the hospital healing from burn wounds but won't allow anyone in the room to see her while YaYa is in Italy under Zya's care. Things are revealed and YaYa makes her way back to Indie, while her wounds may have healed, there is major damage mentally. This book was very correctly titled as Green-Eyed Monster because YaYa turns into a new revenge fueled, power hungry woman, and stoops to new levels. I was very disappointed in that the series wasn't wrapped up with this installment. The book startly off flawlessly, but about half way through things took a turn, and became a little slow. I managed to push through and it definitely picked back up again, only for us to be hit with the last line of the book stating: "The Prada Plan 4 coming January 2014". Overall the book was a good read, I just couldn't connect with YaYa's character this time around. No one else changed this time around, but I felt the biggest

connection with Indie. He has a very deep and strong love for YaYa, which caused me to want to jump through the book and slap some sense into YaYa's scary behind. I will be reading the next installment because with the way it ended, I see major things happening next time around. If you have read the other books I recommend reading this one. Just make sure you don't go in expecting YaYa to be the same loving and naive girl she was before the fire.

Once again Ashley Antionette did not disappoint, however, I got to wait until Jan. 2014 to find out who really dies, Leah or YaYa. As of now Indie was left at the altar waiting for YaYa not knowing she and Leah are in the water fighting for each of their lives. I hope YaYa survives. I think I'm in love with Indie myself. LOL!

I thought the book was OK... I so love the way everything came out but I wish that this was the last book... So now we have to wait another year or so to find out what happens to the remaining characters... Hands down I live the authors work but I'm ready for an end to this story!

I wasn't impressed at all! the book was great in some parts, and lacking in other parts. Like I said before if this book had came out a few years back, then I believe that it would have had a greater impact on me. By now I have read some great books, books that have made an impact on me...I don't want to have to keep waiting and waiting to see what happens next!! I thought that Prada Plan 3 would be epic, one that I can add to my favorites & I can't say that at all. For me, Disaya's drug addiction was drawn out to the point where I started skipping pages. I hated that she was always depressed, and moody. I understand that the traumatic experience she went through would change anyone, but it seemed like that was the main focus of the story.

I believe that the author could have went the other way with this story and then it would have been a 5 star BANGER! I thought that she would have went into the direction, but I understand that this is her creation...I really hope that part 4 will be much better than this one!

hope it answers my questions and the outcome is in the favor of Disaya, Indie, and baby Skylar.

I usually don't write reviews, but I felt the need to with this one. I read the first two in the series and loved them. This one just didn't do it for me. I felt like, overall, it was a good story, but it lacked the passion and sincerity that the first two had, and the added fact of waiting forever (two years) to get it after it was repeatedly pushed back was a recipe for disaster. This book should have just given Indie, YaYa, and their family the happy ending they've earned, and let them be. I'm debating about reading the fourth one because even though I do like Ashley's (and Jaquavis) books, I feel like she's dragging out the series to make a dollar because it doesn't seem like she's no longer giving the series her full attention to make it great.

### **Aaliyah says**

i cant wait til 3 comes out i read part 2 & 3 and i cant wait two find out what happens and i hope this story has a happy ending because prada plan 2 left me clueless wanting more answer and i kno that prada plan 3 will be the answer to all my questions.. i cnt wait....!!!!

### **Vicky Bullard says**

I'm a little disappointed in the plot of the story because who wants to keep reading about misery and strife in one persons life when a gate way to happiness is in front of them. The characters should have been retired with a happy ending.

### **Chandra says**

I just want to jump thru this book and knock Leah off myself since Yaya cant seem to do it. She should have taken Zya up on her offer bc she knows she does not have it in her to kill....Now look what happened!!!!

I enjoyed it anyway!
