## **Micah: The Sword of Malachi** Lee DuCote

When lacrosse star Micah Spearman moved to the quiet little town of Seven Springs, he never expected to become such a significant part of his lacrosse team, his group of friends, or of the battle raging just beyond human reach. With a gift to see into the spiritual dimension, Micah learns he is part of a prophecy and must lead an army of guardians against legions of demons, all while trying to live a normal teenage life.

Navigating through high school can be a daunting task. When Micah finds himself falling in love with his friend Stephanie, he must be careful not to disrupt their group of friends—or attract attention from the demons that watch his every move. But high school will not be the biggest survival challenge he faces. Micah and friends soon find their world expanding far beyond, as Micah discovers his true purpose.

As the battle rages to find the Sword of Malachi, the young freshman finds himself falling deeper into a world of unknowns. Can Micah find the sword before all is lost? Will Stephanie give into her feelings for Micah? In Micah, the Sword of Malachi, you too will fall under the charm and the mysteries of Seven Springs.

## **From Reader Review Micah: The Sword of Malachi for online ebook**

### **Recipe Fairy says**

This was a really exciting, intriguing read! Packed full of action, adventure and a little dash of sweet romance- I was captivated from beginning to end! The storyline was intriguing, the dialogue complex and the characters were very well developed. This classic adventure of good vs evil left me sitting on the edge of my seat and devouring the book as quick as I could! Even though there's plenty of dark twists, the writer still keeps the story light-hearted and the sprinkling of sweet teen romance adds the perfect balance to this gripping adventure! I thoroughly enjoyed Micah and can't wait to check out the sequel when it comes out!!

Everything I love about YA is in this book. Great characters, world, plot, and writing. Starting out slow was the only part of this book I did not like, but once the action started it kept the pages turning. This is a true adventure story that will hook you. I enjoyed the main character because he was well written and likeable. I felt connected to the story and want to read more. I believe this will be an amazing series many will get hooked to.

I recommend this book to all who want an exciting adventure in their lives.

Book Review originally published here: <http://www.iheartreading.net/book-tou...>

Micah Spearman recently moved to the quiet town of Seven Springs, where he joins the lacrosse team, makes new friends and learns he's part of an ancient prophecy. He has to lead an army of guardians to battle against demons...while trying to stay on top of homework, of course.

I really liked Micah. He's down to earth most of the time, but can be a little bit of a dreamer too. He's

strong and intelligent, brave and willing to put others first. He has his flaws too, and acts like a typical teenager sometimes, but still I found him likeable and relatable.

The plot had many twists and turns that kept me entertained throughout. The start was a little slow, but once we got past that, I really enjoyed the flow of the story, and the pacing. I also liked the romance subplot, and how it wasn't the focus of the book but still added an extra layer to the characters.

If you like fantasy for young adults, I would recommend Micah.

### **Lilly Charysma says**

I loved the story!!! It's very intriguing and with a lot of turns and a lot of mystery as well. Romance is not missing either, so I can say this book is addressed to a large type of readers.

The subject is a classic one: evil against good, demons versus... prophets? That's a new one for me. I'll stop here with the details. I did not follow how the transition between the real and spiritual world was happening. I mean what happens with his body? How is time flowing between the two worlds? There are some unanswered questions, but it's just small details for my evil eye J

Micah was not entirely to my taste unfortunately. He is very mature for his age. I mean, for a 15 year old he can act very mature in many discussions, even has friends older than him who seek his advice. I'm not sure this was the author's intention or just how the character came up. Also, when he starts seeing demons and fighting he is very confident in his actions and even in his abilities. However, when it comes up to asking a girl out, he proves to be very very shy.

Since there is some originality to the story and since I loved it, even though there are things to be improved, I award 4 stars and wait impatiently for the next part. Happy reading!

I received this book in exchange for an honest review.

This was a great book. It did start a little slow, but I think that was more me and less the book. One should never start reading something when things are chaotic in your household. Once I get into the book, it held me until I got done reading it. It was a great read and one that I couldn't put down.

Micah is one of those characters you love. If I was a high school student he probably would have been the guy I had a crush on. He is strong, but had his moments. I love how he interacts with the other characters. And his friends are great too! The characters as a whole are great and I would love to know them all in the

real world.

The story was action filled and easy to follow. Once you get into the book you don't want to put it down, wanting to know what will happen next. I was drawn in and want to know more, to read more. I am excited to see where this author is going to go with this story. I think there is a great deal of story left to be told, and we can expect to see some great books to follow this one!
