**Tameka's Smile** Zena Wynn

A True Mates novel.

Deputy Chadleigh Wilson, former lone wolf and new to the Raven pack, was raised among humans in foster care. He doesn't know anything about true mates, but one smile from Tameka Jones and he knows he has to have her. He'll do anything to claim her. Once she's his, he'll do whatever it takes to keep her safe.

Tameka Jones is baffled by her response to the handsome deputy. She came to Refuge to simplify her life. Instead, she finds herself surrounded by people who think they're werewolves, of all things, and now her dead grandmother is talking to her.

But Chad's not the only person interested in Tameka. Someone wants her land and is willing to do anything -- even kill -- to get it.

This was written very well. I have to admit, the beginning had me a bit perturbed...and I'm not giving it away, it was a bit...difficult to read and so I skipped it a bit. Got down to the meat of Tameka's and Chad's relationship and it was interesting. This feels like a book in a series? If so, I need to read the ones before this. But overall, it was an ok enough read.

Tameka's smile by Zena Wynn was chosen by my book club and the book was great from start to finish. This book had me wishing Chad would be my deputy. Tameka's Smile had everything in this book: passion, romance, lust, anger, hate, mystery, drama, intrigue. I am going to read more of Zena Wynn books.

### **Judith says**

A very well-written book that deals with the inter-racial relationship between Tameka and a shape-shifter sheriff's deputy, one who is a novice at relationships but recognizes her as his true mate. The story is fun and has lots of ups and downs. Again, it is always fun to see how these very different individuals find their true selves while finding their true mates. Just a really fun read!

I always like the sidestories more than the main plot. Bull and NeCee is so funny and cute. Are they going to be together? Are they true mates? I thought you just know it when you meet them but there wasn't any indication of it with Bull. Don't tell me she's not, they seem to hit it right off the start.

Now off with Tameka and Chad. The first scene was the most awesome first sight ever!!!! I mean that was freaking awesome. But when they progressed after that, Chad is all weird. Maybe because he didn't have a girlfriend before.

The ending where the ladyguy was captured before there was even an action was fine. I guess it would have been cliche if Tameka was shot and still won over her.

I also thought Tameka was pregnant. Hmmm..

I loved this one which surprised me because I couldn't figure out why Wynn created a novel with new characters when the existing ones storyline where as of yet unfinished. However it was good. Chad was just dreamy I also loved Bull and Rome. I have to admit like usual Tameka just was off balance and insecure she tried to cover it up with aggression but it's easy to see straight through it. One of my biggest complaints is that I didn't see any of the old player execpt for Alex, and Keisha and even then to be honest it was stale. The action was pretty good in this one. Though to be honest their was a big lack of romance on Tameka's side of the mating which bothered me. I hope there is another one I am really much more interested with what is going to happen with Rilley and some of the other old players but I still liked this one it was good.

This is my most favorite book I have read thus far. It had me hooked from the beginning. I loved when he body searched her and later shows up at her house and walks in. Funny. I could read this book over and over and I am usually not one to do that.

It has been a little while since I read this book but here is what I recall...

I love the series!! Yummy romance involving shifters. Plenty of steamy action and a touch of humor!

Definitely a series to get into! I started it and didn't stop until I reached the last book that was released! I am always looking for the next book!

If you like steamy shifter romances this is a series to look into!!!!

It's a classic werewolf story about a man who finds his soulmate and is ready to do anything for her. He'll fight to tame her, fight to protect her but most importantly fight for her love. Spoiler alert...One of my favorite scenes in the book is when Tameka holds him after he witnesses something awful as a police officer. It was beautiful and touching. Also, his lack of control is too hot read so ladies you better prepare yourself for some cold showers :P

I, really enjoyed the book and recommend it to everyone who loves a good paranormal romance filled with

love, laughter and friendship.

Despite the hot but unbelievable beginning I love this book. It is my favorite of the True Mates Series. Chad manages to be adorably hot, sweet, sexy, and innocent. Tankea is one of the most well defined female characters in the series. I think the story could've done better without the "ghost" interludes, but I can't wait until her sister's story is published.

OMG! The beginning of this book is so hot! The fav in the series!

This was an interesting read from the very beginning. I have to admit that I was torn about how to feel about Chad taking advantage of Tameka during their first encounter. As the book went on though, it was obvious that his feelings for her were deeper than physical attraction. If Chad was not a shifter his possessiveness would have been scary but in this context it was very romantic.

I enjoyed the suspense in the story as well with Chad having to protect his mate from danger. The family aspect of the pack was great as well, with everyone playing their role with bringing Tameka in board. Altogether I enjoyed the book and I will read more of Zena's books in the future.
