## Teach Me Daddy Rye Hart

*I welcomed the isolation of the stony mountains.  
But there's one woman that haunts me to this day.  
For one night, I owned her. Her innocence. Her purity.  
It's been years and she has something that belongs to me: our daughter.*

## Rose

The icy cold mountains have nothing on Camillo.  
He has a thirst for dominance. Control. Power.  
Three years ago, I got a taste of what it meant to be with a real man.  
Those few hours of ecstasy were worth losing my virginity to a stranger.  
But, when I learned the truth about him I ran as fast as I could.  
Now he's shacked up in a cabin at the outskirts of town and I'm scared he knows my secret.  
Something tells me I can trust him, but I can't take any chances - no matter how badly I want to.

## Camillo

My nephew deserves a life free from violence and pain.  
I traded a dangerous world for one that promised a clean slate.  
But no matter how hard I try - there's one person that still haunts me.  
For one perfect night, I owned her in every way imaginable.  
Now, she's the mother of my little girl.  
I'll do everything in my power to make Rose mine.  
And convince her I'm the family man she deserves.

But, a dark past is coming back to haunt me - and everyone I love.  
They have no idea the hell I'm about to release.  
Because no one is laying a finger on my family.

## From Reader Review Teach Me Daddy for online ebook

### ♥?Fantasy Land Blog Book Reviewer♥? says

I love this book. Rye has written an emotional story with sexual heat that jumps off that kindle. I loved everything about these characters and this story. Camillo is my new book boyfriend! I voluntarily read advance readers copy for my honest review.

---

### Roanne Germaine says

TEACH ME DADDY is a steamy contemporary romance about an innocent woman who was dragged by her best friend to explore a BDSM club owned by a billionaire mafia boss, Camillo, who upon seeing Rose for the first time declared her to be The One , and he intended to teach her to be his perfect submissive. However, he had to leave her after that one night, after realizing that his world was too dangerous for a woman like her, not knowing that he also left her a beautiful baby girl. Three years later, he is in her hometown, living a new life in the middle of the woods, and asking for a second chance with her and to be a part of their daughter's life. When his past life came lurking back to threaten his family, he had to end the danger once and for all. Rose feared for his life. But when he returned, it was for good and they were finally one happy family.

This was an engaging good read. The plot was clear, but with the complexities of the story, I think this book should have been lengthier in some aspects, particularly on how he was able to fight his enemies towards the end, as it was the dangers that his mafia enemy had caused why he had to escape the city. It was also this same enemy who threatened his new family. But the suspense aspect had been tempered.

The BDSM level was not that extreme but the romance was very hot. The attraction Camillo and Rose had for each other was off the charts and both were insatiable in their passion.

I admired Rose's character. She was a true submissive but she was also selfless and fiercely protective of her family. I loved Camillo's multi-faceted character. He's a Dom, a mafia boss, a billionaire, a secret daddy, and a mountain man. But his being a billionaire and mafia boss was more emphasized than his mountain man lifestyle. The best part, though, was that Camillo was a great dad. His moments with his daughter were adorably sweet and heart-warming. Thus, overall, he was a fantastic hero.

I have read an advanced copy of this book and this is a fair and honest review and recommendation voluntarily shared.

---

### Annie says

#### Loved it

Teach Me Daddy, is a fast paced and steamy, BDSM, D/s, older man younger women virgin, organized crime, with mountain man thrown in.

Rose has to drop out of cooking school to care for her younger brother after their parents are killed in a drunk

driving accident. Her wealthy besty from college invites her on a well deserved weekend get away in NYC. Leaving her brother in the care of her cousin, Rose reluctantly agrees. Her friend stuns her when she takes her to an exclusive party at a BDSM club, where she catches the eye of the mysterious owner.

Camillo has been waiting for his perfect sub and she has finally walked through his door. He sweeps Rose off her feet and they share an incredible few hours. Threats to his family force him to abandon Rose, to keep her safe. The note he leaves behind breaks her heart, but she has no regrets.

Three years later. Camillo and his nephew are living off the grid in the Poconos. Thinking they are safe, he starts to look for his songbird. When he finds her living not to far away, and with a child that can only be his, he is determined to make them a family.

Great story. Loved Rose's cousin Cassie, wish she had found her Prince too.

I voluntarily reviewed an advanced readers copy of this book. I bought a copy in support of the author. Will read this one again.

Unrelased Bonus Christmas Story included.

Christmas with the McCormick brothers.

The blurb. 5 brothers over five days before Christmas, convincing a childhood friend who returns to town after a bad break up to be theirs.

The actual story was different. Set in October. The 3 McCormick brothers set their sites on Hailey, the pretty but quiet and shy girl from high school who is back in town. Hailey is overwhelmed in the attention the 3 brother are giving her, after a few years away. She has just escaped a bad relationship and just wants to get herself back together. When her ex finds her the brother step up to protect her. She falls for all three of them. While it wasn't the story I was expecting, it didn't disappoint. Sweet and steamy.

Rye has generously included several of her other books from her library.

A nice sampling of her work.

---

### **Nickole says**

rcvd an advanced reader copy from the author for giving my two cents. we meet Rose, virgin, waitress who has custody of her brother after their parents were killed. her bff from NYC invites her up.for a wkend getaway where she learns they are going to bdsm party...uh..no thanks. after trying on an angel outfit donned in white, rose thinks she looks good...until she finds out the party is that night. Camillo has specific tastes...he watches the many people who've come to his club...but is awaits the one....the one woman who is a true submissive...alas a vision in white emerges...he must have her. Rose is captivated by the dark prince in white and she will follow him anywhere. Camilleo is stunned by her beauty and must have her. learning of her V status upped the ante. a nite of passion and fire lead to rose waking up with a note. far forward 3 yrs, rose is still at the diner but has a little girl who had her father's eyes. 3 yrs ago Camillo had yet more tragedy in his life.. the murder of his brother and sister in law.. leaving 9 yr old Jr in his care. a vow to keep him safe Camillo uproots to the ski town he knows his angel is from. hiring PI to find her...he finds more than what he bargained for. Rose is closing one night when a bearded hottie comes in the diner...with those blue eyes..what does it mean? rose is worried about her daughter now. biting the bullet she asks what he wants... to see his daughter and she allows it. one look at his daughter, Camillo is in love and vows to keep his family safe...but at what cost? will there be a happily ever after? will rose learn the truth?

---

## **Di says**

Another great read by Rye Hart about a mobster billionaire, Camillo, and the woman he meets one night, Rose, a woman he has been searching for all his life but has to give her up. They spend one incredible night together and then he leaves but three years later he tracks her down and finds out the secret she has hidden from him. She heard the rumours of her dark prince and decided not to track him down so when he finds her in the diner where she works and he confronts her....all bets are off. As they get to know one another his past comes back and he will do everything and anything to protect his new family.

Whew what a read with some suspense, danger, steamy and sensual scenes with light BDSM and a monster with blood on his hands but will give it all up for his songbird. I loved Camillo, he was dark, sexy, sensual, with warmth in his eyes towards Rose and I loved how after he had her he didn't want another and didn't have another....sigh swoon. Rose was a strong woman who did everything for her family and little for herself, she was dedicated, selfless, kind and compassionate and was willing to give Camillo a chance even though she knew what he was. I loved how the ending panned out with the promise he couldn't keep and how Rose still accepted him after everything that happened. A read I couldn't put down till I was done and until I knew the dark prince and his songbird would get their HEA.

\*I voluntarily reviewed an ARC of this book\*

## **MJM says**

This story encompasses so many emotions that it's like being on a rollercoaster but not wanting to get off. Rye Hart is one of my favourite authors and the writing in this story illustrates beautifully why she is a top ranking author. Superbly penned and with fantastic detail that make the characters come alive. Camillo is such a difficult man to read at the beginning as he is a part of the mob and most of his Family have been murdered/executed as a result of his family living that lifestyle. But he also is a Dom and three years prior he met a beautiful young woman whom he called his Songbird. She altered his whole vision of his life encouraging him to make drastic changes that would eventually reunite them. Rose, His Songbird, has had a tragic life with his parents dying in a car crash with a drunk and her having to drop out of culinary school to pay for bills and keep her younger brother, Kevin, in school and so that she can provide all she can for him. As for little Anastasia , or Ana for short, she was such a sweetheart and Rose and Camillo's daughter that he did not know about. I thought her cousin Cassie was a lovely young woman as she had Rose's back no matter what. She lived with Rose, Kevin and Ana and babysat the two children when Rose did shifts in the local diner to keep them with the family home and fed. Kevin is a young boy who has found it difficult to move on since his parents died but would do anything for his sister. Meanwhile, life for Camillo has altered as he now is raising his nephew, Junior, who is a sad and lonely little boy. When these six people are brought together, the beginnings of hope for them all emerge and a better life may be possible. But there is evil lurking. The passion between Camillo and Rose is unabated and is ready to explode, as it almost does in the diner when he finds her. I loved the way Camillo was so besotted by Ana but then most men are like that when they meet their child for the first time and he falls in love with Ana instantly. I so loved this story and want, no NEED, to know more about them, how they are getting on in their lives. This is my favourite book by Rye as I think this is quite exceptional. I received an arc of this book and voluntarily leave my honest review of it here.

**DEFINITELY RECOMMENDED.**

I purchased my own copy of this book which I will be re-reading as it's so good and the bonus story is wonderful too!

---

### **Bellereader says**

Rose and Camillo know there is nothing sweeter than mixing a pain and pleasure together to get your well-deserved HEA! Rose has been a consummate care taker of her brother since the untimely death of her parents. She put her culinary dreams on hold and has been doing her best to provide a stable happy home for Kevin. When her best friend browbeats her into a night away to have some fun, she can't refuse. Crystal's thought of fun on the town includes a night at NYCs hottest kink club. For sweet innocent Rose this is a world that she never thought to explore. When the club's dark prince introduces her to pleasures beyond description and leaves her with a cryptic warning she is left yearning and craving more. Camillo has lived a hard life driven by his father's choices. When he meets an angel in white and tastes her sweetness he cannot stop himself from feasting on her innocence. He knows he cannot drag her into his world full of danger and reluctantly he leaves her only a night, a note, and a small piece of him. Three long and hard years would separate him from Rose and when he finally is able to reunite with his songbird he finds that in the years they have been apart he left a huge part of himself with Rose - now he will just have to claim it. But getting Rose to let him into her life, arms, and heart isn't going to be easy - especially when a threat from the past threatens to harm everything he holds dear.

I voluntarily read an advance reader copy of this book.

---

### **Rae Lake says**

So this book was a bit fifty shades, but with some twists. You have Camillo who is a mobster who never thought about settling down. He owns a BDSM club and chooses a different girl every night. Enter Rose, the virgin who is out with some culinary school friends in NYC. Of course he picks her and of course she just gives in... OF COURSE!

There were certain times in the book when I just had to roll my eyes...

*"Please. Whoever you are. Have mercy on me."*

SERIOUSLY!!!

*"My Prince..."*

REALLY!!!! OMG

So they have sex and he leaves because the opposing mob family goes after his and they don't see each other for 3 years. When he comes back he has no idea he has a daughter... Ana. He now lives in the wilderness with his nephew and decides that now would be the best time to check in on Rose via PI. Surprise, you have a baby!!!

But trying to get back into Rose's life means that he is bringing the Mob and the danger where his family is. Of course its a HEA so everything works out in the end but it was a cute read.

---

## **Beth says**

I voluntarily reviewed an Advance Reader Copy of this book.

He owns the club, he has dark secrets, he makes himself unseen by all unless he wants you to see him. Camillo has also been known only to appear in the club to claim the person he wants to be with. He needs control. When he spots the most gorgeous woman at one of the parties being thrown at the club, he is there to claim her. Little did he know at that time what his future held.

She was trying to go through culinary school, but when her parents were killed in a car accident, leaving her to care for her young brother, things just weren't going to go in the direction she wanted. It didn't matter, she loved her brother and there was no choice. Rose never had an easy life but she also didn't despise any of it. She also has a small secret. She is about to find out what turning the world upside down really means.

Camillo spots Rose from the monitors in the office he is sitting in, it is the masquerade party so she is a bit of a mystery. She is stunning from what he can tell and see, and he instantly feels the pull towards her. Even now this feels a bit different than ever before. He is out of his office and in front of her, now they are disappearing from everyone. Rose sees the masked man in front of her, and has no clue about this whole scene, and the whole dominance thing. All she knows is there is no way she can say no to him, she is drawn to him.

Camillo leads her to his private play room, Rose is intrigued and very curious. She is also a very natural submissive to Camillo's dominant. The secret that Rose holds is she is a virgin. Asking Camillo what to do, only makes that draw to her stronger. They play and without thinking Camillo realizes something that happened, it never has happened before and he didn't even think about it until this moment. Rose dozes off and when she wakes up all there is for her is a note. A cryptic note and a warning.

Three years later, after some horrible things have happened to Camillo's family, he is left to care for his nephew permanently. He also is moving away from all the ties and evil that has been around him. Camillo has not been with anyone since Rose, and he has had her investigated. He knows another secret about his woman. After that night three years ago, Rose is working at a local diner, and doing the best she can to just get by. She moved in with her cousin, along with her brother and the surprise Camillo gave her from their one night together. Now he is walking into the diner.

To say that she is not thrilled about him just trying to walk back into her life is a bit of an understatement. She is a bit short and snide with him, he allows this briefly, but he will not allow the secret to stay between them. He asks her to tell him, she is too protective and will not bend to him. Even though that is all she is thinking about, she just can't. He goes into control mode and things are said, secrets are shared and he is meeting his surprise that night. Camillo and Rose talk and share things. His dark secrets are showing up and ready to drive them apart. Camillo is not going to allow anyone to come between him and his family again, any of them.

A "vacation" to Italy for the family ensues, and Camillo is off to fight what is left of the demons haunting him and his family. He makes Rose a promise before leaving. But now he has come back and the sight of him will let on that his promise was unkept. However, he is done, the dark past is gone, he is here hoping to make things right again between Rose and himself, not to mention the family. As things happen little by little healing for all of them is happening. Special words are said, special gifts are given from Camillo to the family. A very special gift from Rose is given to Camillo when he feels there is no hope to win Rose back. The best gift ever given to him, and there is one more sparkling present that is given at this moment, this all leads this entire family on a road trip of a very happy ever after for all.

---

### **Michelle says**

Teach Me Daddy is a great second chance love story with twists and secrets. His secret could kill him and the ones he loves while her secret has blue eyes just like his. One night of passion changed their lives forever. This well written story pulled me in and I did nothing but read until the very last page. Rose and Camillo are made for each other and I loved Camillo with his daughter Ana, it was so sweet. Great characters and a great story full of drama, danger, suspense, secrets and passion make this a must read. I voluntarily reviewed an advanced reader copy of this book.

---

### **Judy says**

This story is about Rose and Camilo along with their families. Rose is a young virgin woman who has had to give up her dreams to raise her younger brother after the unexpected deaths of their parents at the hands of a drunk driver. With the help of her cousin, Cassie they do the best they can. On weekend her friend invites her to NY City for a weekend away and she goes and ends up doing the one thing she never saw coming! Her friend takes her to a BDSM club and what she wears is just beautiful. Once there the mysterious owner, Camilo sees her on the video feed and he takes her away and does many things with her and they have one night of hot passion with unforgettable experience between them. Rose is shocked to wake up with only a note telling her to basically stay away and she leaves and never comes back to the city again. Camillo is rumored to be involved with the mob and come to find out he is the boss who was raised by his father for this job. Camillo has some very troubling business that affects his family and once he sees he can never really escape their revenge does he go off grid with him and his nephew who has been traumatized beyond words. Three years after Rose and Camilo spent that night together Camillo has never been able to forget Rose so he finds a way to get her back. There are many wonderful experiences between them and Rose learns to accept Camillo and along the way his past rears it's ugly head and he does the one thing he can to protect them even if it's with his life! There are twist, revenge, need to forgive, love and leaving the past in the past. I voluntarily reviewed an Advance Reader Copy of this book.

---

### **Kentucky Bohemian (Grace) says**

Depth, strength, charisma, and growth are the traits that define a great romance character to me. If these traits are missing, it doesn't matter how well chiseled the hero's abs are, how strong his jaw-line is, or how robin's egg blue his eyes look. He's got to have substance. He's got to be a protector, a provider, a strong person who can help our heroine through the storms of life and love her like no one else can. He's also got to have the ability to adapt and grow when facing life's nastiness. All of these traits define our mysterious hero,

Camillo, known only at first as “The Dark Prince” in his BDSM club. This is where he meets Rose: extremely innocent, and just visiting with a friend. But she is intelligent, strong, generous, and family-oriented. She is also a wonderful counterpoint to Camillo.

While this story may start in a NY BDSM club, it takes us on a journey to several different locations and lifestyles. In a sense, I felt this story did the same with my heart. I thought I knew where the story was going, and sort of “set my sights” in that direction. But it abruptly changed on me. So I got my bearings again on what I thought was the new course, only to be surprised again. I saw this story as a beautiful example of how life goes sideways sometimes but that doesn’t necessarily mean it has to be a bad thing. Strong moral character and a kick-A attitude have more to do with how things sort out. That’s something our story’s characters realize that they share.

Rye Hart has proven herself (again) to be a dominant force in this genre. This awesome novel is extremely well-written and brilliantly paced with truly engaging characters that draw you into their world and don’t let go. Camillo and Rose bring an erotic passion to this story that will have the reader unable to breathe in those moments when it appears all is lost. You simply can’t help but want them to stay together: failure is definitely not an option.

This beautiful story does contain mature language and very passionate love scenes as well as light BDSM. Individual readers will need to determine if this amazing novel will be appropriate for them.

---

### **Linda says**

WOW!!! HOT!!! This is another “one-click” wonder. As usual, a “Hart” story comes to life on the pages, keeps you engaged from page one to the end. The characters are well-developed & share a deep love for family.

After the tragic & untimely death of her parents, Rose becomes a mix of “sister & mother” to her brother Kevin. Her dreams of becoming a culinary dynamo are put on hold while as she keeps a happy, healthy home life for herself & Kevin. Crystal, who is Rose’s best bud, decides they both need a brief break from their reality so, off they go for a night of fun. The ladies end up in one of New York’s hottest Gentleman’s Club. Camillo, the owner of the Club & a member of the mafia, is attracted to Rose as soon as he sees her. He introduces her to a lifestyle she never thought about prior to the one night stand she has with Camillo. Come the next morning, Rose wakes to an empty bed & a note. A few months later, Rose realizes the note isn’t the only thing Camillo leaves.

Three years later they’re reunited & Camillo knows that convincing Rose to let him in again, will not be an easy task.

Will Camillo be able to win back Rose? Do they have more than just chemistry? Can they get them through the challenges that face them? Will Rose & Camillo be able to move forward & build a happy ever after for their family? I certainly recommend that you use your “one-click” & get your own copy of Teach Me Daddy. I would like to congratulate Rye Hart for another notch on my “Top 10” list for best reads of all time. Please continue to amaze us with your wonderful stories.

I received an Advanced Reader Copy (ARC) copy of this book in exchange for my honest review

---

## **Ana Rita says**

These books are coming to my Kindle at a very fast pace that I can't keep up. It's book after book after book. I'm super excited about it and I think I can read for one week without sleeping but that's not possible. Every book is different and from a different author and let's just say that I can't stop.

Rye Hart has managed to make me anxious and eager to get her books because every single one of them made me feel things and see things differently. Her writing is simple yet super detailed and the hotness level is so so high. Just see for yourself.

Teach Me Daddy is her latest release and tells the stories of Rose and Camilo.

Rose is a sweet girl focused on getting her degree but when her parents got killed in a car accident she needed to abandon her studies and focus on raising her brother. One night her best friend invited her to go to a BDSM club and she couldn't imagine the turn her life was about to get.

Camilo is the owner of that club and when he sees the beautiful Rose walking in he knew just one thing... He wanted her.

After a few hours of amazing sex he needed to get away and leave a note asking her to stay away. Well he's only doing this to protect her and after that he gets off radar with his nephew to the mountains.

It's so good to read a book that you think you're gonna get one thing and then you get another. I loved this book and couldn't put it down.

The plot is intense, very well written, super engaging and with a bit of suspense. The interaction between the characters is beautiful and sweet as well as raw and wild. Oh boy... The hot scenes are to die for.

I really enjoyed this two and I want to know if Callie will have her own book.

Amazing Rye... Amazing...

I voluntarily reviewed an Advance Reader Copy of this book

---

## **Sharon Moehlmann says**

I voluntarily reviewed an ARC of this book. After Rose's parents died in a car accident she quit culinary school to raise her little brother. She lives with her cousin. A friend of hers from culinary school convinces her to go to New York for a weekend of fun. They take her to a BDSM club. She feels uncomfortable there because she is a virgin. However when the owner of the club claims her as his she feels safe with him.

Camilo is looking for a particular woman to suit his needs. He is tired of the life he has had to live as the leader of a mob family and all the killings that have taken place. He speaks on the phone to his brother and talks about how if something should happen to him that Camilo would be guardian to him. He tells him not to talk like that nothing will happen. While they are on the phone he sees the perfect woman - Rose - walk into his club.

He & Rose just seem to make an instant connection not only that she is a natural submissive but he feels there could be so much more. But because of his past he knows he must let her go. They don't exchange names.

3 years later Rose is now also raising her daughter. She thinks of her dark prince but knows he can't be found & he has hinted he is dangerous so she just wants to keep her daughter safe.

Camilo ended up having to take care of his nephew because the rival mob family killed his brother & sister in law. So he moved to the mountains near Rose (she hinted where she was from & he hired a private investigator to locate her to be sure she was safe). He also found out that there is a little girl that looks like

him too. He goes to see Rose. At first she is scared he is going to take her but all he wants is to be a family. They begin hanging out together but then he notices he is being watched. Can he keep his new family safe & will Rose trust him?

---
