The Devil's Son

Jennifer Loren

The Devil's Son Jennifer Loren

Chief of Police, Brady Simone is determined to go after the man that killed his parents but his new brother-in-law, Nicholas Jayzon, is doing everything he can to point him away from the man known as “The Barron”. The Barron, or rather, Dennis Savage, has inflicted his own kind of evil on people for longer than anyone can remember. Savage has no fear because no one can touch him, no one can get near him ... except Nick. With darkened tenacity, Savage has watched Nick since he was a child and has never given up on his pursuit of him. He will do anything to have Nick join him and become a part of his organization. Savage will even allow Brady Simone to pursue him for a time, without killing him. For the sake of his sister's happiness protecting Brady is important but keeping Savage away from his sister is Nick's primary goal. If Savage learns of Lena, she will instantly be marked for death. Nick has no choice but to meet Savage in his own territory and ask for a favor, something he has avoided at all costs until now. Their meeting is ominous. It brings back memories and rekindles Savage's desire to have Nick take the place where his father once stood. Will Nick be allowed to decline Savage's offer again? Or will Nick find killers on his heels, ready to take his place in Savage's favor? Or will Savage simply kill everyone that gets in his way and replace his desire for Nick with the only one that can replace him - Nicky?

“Savage's voice cuts through my pain and releases me, allowing me to finally see again. To see Nicky hiding under the table, crying for his mother while Eey stands guard in front of my son with a ferociousness that even I wouldn't dare go near. But it is Kayla that begins to weaken by his hands, slowly closing her eyes and beginning to near death while I can do nothing but watch. I have no choice now ...” Nicholas Jayzon

Kirsty says

So so good! And I have to thank Jennifer for providing me with an ARC of this book.

I was a little sceptical about starting this book. I had completely devoured the first two in the series, The Devil's Eyes and The Devil's Revenge, and I couldn't get enough. But before starting The Devil's Son I had heard there was a paranormal twist to it. I don't usually read anything PNR and thought it would ruin it for me, it turns out it didn't at all, I had no reason to worry.

The Devil's Son gives you a complete understanding to the world of Nick. You finally understand what makes him tick, who he is, what his so called power is and more importantly, who The Barron is. No question is left unanswered.

I really enjoyed learning about Franky in this story. I really appreciated their story. At the end of The Devil's Revenge I was so angry at Nick for the whole scarf episode but now I finally understand everything.

I am so excited to read Masquerade, whenever it is out. Jennifer has wrote a brilliant series here, unlike everything I have read in the past and I am looking forward to seeing where the journey takes the characters.

iluv2read says

Didn't like all the stuff with Franky. Made it feel like he was cheating on Kayla so I skipped over the majority of her sections from his past reading just enough to stay in the flow of things. It helps me understand some of his friendships a little better but like other readers, I felt as though we had already come too far to revisit the past in that much detail. Now I'm hoping that's the last we see or hear of Franky and that the author doesn't try throwing even more turmoil in to Nick and Kayla's story...I think Kayla has enough on her plate now that it looks like the responsibility of saving their family and friends rests on her ability to be Nick's secret weapon!

Trina says

Oh Nick, Nick, Nick!!!! How do i love thee, let me count the ways....lol!!!What a crazy turn if events!!! What an amazing story!!! Jennifer Loren does not disappoint!!! And let me just say....Franky!!!!!!! REALLY????? After all that time to just.....UGHHHHH!!!! (Spoiler)!!!!!!! Kayla is one strong woman!! And she carries a BIG gun!!! Lol!!!

Heidi R. says

Of the three books in this series, The Devil's Son is by far the best one. It goes back in time and tells the story of Nick's life growing up. It also reveals a lot more of the paranormal side of the story. Thoroughly

enjoyed this book. But the first two books, The Devil's Eye's and The Devil's Revenge need to be read before this one.

Jane Turner says

What the F happened to this series???

Last book was a real history that showed Kayla and Nick with their love and problems and the HEA of everybody.

This book became paranormal...

The only thing that I was thinking was "WHAT HAPPENED??"

There was no more Kayla's POV, 67% of the story was in the past and Nick suddenly got powers to fight against his enemy.

I seriously did not understand and like this book and it is such a shame considering the first 2 were 5 stars for me..

I will read book 4 when it comes out but I consider myself very disappointed.

??♩?????✿✿?!?? says

Never expected that. This series is getting really good. Who would have thought about Nick. Now the only thing I'm curious about is what will happen from now till at The Masquerade. Nick better have some balls and not do any BS on Kayla. Oh don't worry, I have Kayla's back.

No disappointment from me. Story will leave you wondering and then WTF happened in your brain. Actually this book is basically all about Nick from when he was a wee boy to adulthood. You'd be surprised at all the twists and turns.

Book 4 here I come!

The Devil's Eyes

I always enjoy a great story of revenge but I especially enjoy it when it gets complicated.

Kayla Donovan has been studying Nick for years. Driven by the hate she has for him. Oh yeah, did I mention he dated her sister she feel head over heels in love with him, she was controlled by him and died. The only person that cared for her, that loved her was killed and Kayla knows he is responsible for her death, and she

wants payback. Kayla finally has her chance and knows exactly how to get his attention but what she wasn't prepared for was how attractive and alluring he is, especially his devilish eyes. She needs to gain his trust and most of all his heart so she can destroy it before he destroys her. She does whatever it takes to get there, even if it means having to deal with the devil himself in some criminal activities.

Nichoals Jayzon has made a name for himself by stealing, duping and charming his way to the top practically owning the city. He is where he is because he is smart, he plans things out and pays attention to everything. Most fear him and almost everyone owe's him favors. Then there's the women, they fall to his feet. Not one woman has ever been able to resist his charms until he met Kayla. She is strong, smart, witty and doesn't listen to a damn thing he asks of her. She intrigues him and he wants her. He test's her every step of the way and she continuously shocks him with every step she takes. *Can I have your attention please- Let the battle of wits begin!*

This book is suspenseful, a bit dark and romantic. Kayla is trying to better herself from her past while Nick has to battle the cruel realities of the present. With danger in every corner and no one to really trust, they learn to trust each other. Enemies who want to take Nick's place are out for blood. When an unknown high ranking city official frames Kayla, he realizes no matter what he does those he has come to love will always be in danger and he will do anything and everything to protect her. When the truths comes out it is shocking but it always makes them stronger.

I have to admit, this book started off a little slow for me but then WOW, once it took off, I couldn't stop reading.. Kayla and Nick's chemistry is explosive! I love their bantering and I love that fact that he was ALWAYS there for her even when she didn't know it. At some points in the story it was a bit predictable for me but it didn't ruin anything and the ending leaves you hanging.

The Devil's Revenge

4 Stars

Kayla's life has fallen apart. She has lost the man that she loves and is devastated, angry. She and her son are in hiding. Ryan made a promise to Nick that he would protect them. Due to events , Kayla is forced out of hiding and to keep Nick's legacy going, she takes control of the business.

A power hungry city official has framed Kayla in her husband's death and will stop at nothing to see her and the empire Nick has built destroyed. The DA has requested the death penalty. At her hearing, Nick shows up alive and well and the case against her crumbles and she is set free.

With Nick back home, Kayla is relieved but PISSED. Let's just say, Nick has a lot of groveling to do.

When the enemy strikes again and goes for his children, Nick and Kayla are dead set on revenge. Getting help from unlikely allies, and learning to trust each other again. They do whatever it takes to save their family. Nick has a secret that will give Kayla some closure on her past and poor Kayla, her world is jumbled yet again.

The Devil's Son

4 Stars

The last book left us hanging, Nick is back his happiness is short lived, people from his past come back and threaten his future. With his sister's fiancé (who happens to be the Chief of police) dead set on killing Dennis Savage, the very man who murdered his family.

Nick will do anything to protect them, even if it means dancing with the devi . Nick's father warned him of Mr. Savage and Mr. Savage has wanted Nick from the time he was little. New enemies come out of the shadows and again, threaten to take Kayla and his son's away. They are no longer safe anywhere they go, especially his son Nicky.

The truth about Mr. Savage comes to light, along with Nick's family history *can I just say WOW* With a

trip down memory lane things are explained, the pull he has had with Kayla, the power he has over people. Kayla stumbles upon a picture with a name that she has heard before. With help from her dad and Brady, she searches for information on the mystery women. While preparing to find a safe place for his family he gets help from his mother and he finds important papers that maybe the key to saving his family and himself. When Savage bursts into his home hurting Kayla and threatening the rest of his family, Nick has no choice but to work for him, the same person his father protected him from and the only person Nick has ever feared. This book brings to light a ton of information (jaw dropping information), especially when it comes to Nick and his family. The future is now completely unknown for the Jayzon family. It leaves you hanging and wanting more. This series has been suspenseful, sometimes humorous, mysterious and downright sexy. I look forward to seeing what's will happen to Nick and his newfound information in The Devil's Masquerade: The Poison (The Devil's Eyes, #4) and then seeing what happens in The Devil's Masquerade: The Remedy (The Devil's Eyes, #5).

It is a mix of The Sopranos meets The Devil's Advocate, meets the intense love/romance of The Notebook...

Zizz says

Can I just say this: Jennifer Loren never fails to disappoint with this series! Although I didn't appreciate the early release so close to Christmas day, I just had to read it. But this series is so damned entertaining that you go through it like a possessed speed reader.

I sort of missed the Nick-Kayla banter. I know. I get it. This is the back story. I.just.did.not.enjoy being in Franky's head. It felt like betraying Kayla who is one of the most badass female characters I've read this year.

Jennifer Loren sure knows how to deliver an exciting story. That ending has me pumped up for the final book. CAN'T WAIT!

Jennie Comfort says

I am putting this at around 3.5 star. After reading and devouring the first two books in this series...this one threw me off. At first it kept flipping from current to past for Nick...then it went COMPLETELY in the past, I guess to build up on how Nick got where he was currently. I ended up power skimming over 1/3 of the book to just catch the highlights. I didn't care about Franky or being in her head which it constantly did for a time. I started reading more involved again when he met Kayla at the Diner. Of which then I enjoyed again, especially up to the cliff hanger end. I don't mind that it changed from revenge/romance/paranormal series overall. I just didn't care about all the time spent on Franky and his past...after two books...I was not emotional attached to her, only to have a tiny anti-climatic reunion.

Amber says

The third book in this series did not disappoint! I was a little nervous going into it because I had heard it had a paranormal twist and I do not read paranormal books. However this book was amazing and I had nothing to fear. I loved seeing Nick's past and his relationships with his friends, family & first love that we did not know about before. Even though I was NOT a fan of being in Franky's head it put things in perspective for

how Nick truly feels. I enjoyed watching Nick's love grows for Kayla and the interactions he has with his boys, especially little Nicky!

Jacqueline's Reads says

4 Stars

The Devil's son wasn't anything I expected and I am not sure if this is a good or bad thing.

There will be spoilers from book 1 and 2 (The Devil's Eyes & The Devil's Revenge)

Breakdown of Devil's Son

0-15% Continues from where The Devil's Revenge left off. Nick is out with his son, eating lunch. He looks at his son and thinks about his past.

20%-80% is Nick's past. I did not know this. As much as I hate flash backs, it was kind of interested seeing how Nick became who he is today. The majority of the book is Nick in his teens and his relationship with Frankie.

I liked Frankie and even though Nick doesn't end up with her and we know the ending, it was really sweet and endearing reading the way Nick reacts towards her. Frankie is sweet, innocent and very shy. Obviously Nick has a thing for shy girls. As Frankie gets closer to Nick and Nick opens up a little more to Frankie, Nick still has to deal with his home life and the life of crime he leads.

The Devil's Son is not a romance book. Yes, you read about Frankie and Nick, but we all know Kayla is who he ends up with so, my feelings were kind of mild during the read. The Devil's Son should have been an in between novella (but that is just my personal opinion).

I did enjoy the ending, where we get Nick's POV when he sees Kayla for the first time all those years ago.

81%-100% Picks up where Nick is with his son and continues with the current storyline. There's PLENTY of stuff that goes on and it sets you up for the next book. Nick is always threaten and not only he needs to protect Kayla, but he has his son to look out for too. He is seeking solutions to keep his family safe.

Besides the last bit of book, I am not sure if it's necessary to read Devil's Son. I don't think I learned anything new, but I did get better insight to younger Nick. I guess you can form your own opinion.

Johanna says

Whoohoo, by far the best one in this series by far.. Really, really enjoyed the paranormal twist that was intertwined into the story. Even though, the paranormal element was very minimal, it was a great surprise nonetheless.. In addition to the paranormal twist, I also enjoyed reading about Nicks past and how he became the man he is now.. Love Nick & Kayla!!

CasPerfitz~SLiTsReaD says

Could this series get more complicated? From a mafia/ganster-romance and now with a touch of paranormal.. either way, it's a win win for me, cause I love both! And though I never thought it would lean that way, I use to wonder what's up with those eyes that can scare and paralyze enemies?! Now I know!

In this series, Nick tries to save Brady who seeks revenge for his parents killer who just happens to be Nick's biggest fear, Dennis Savage, a very evil man who has been pursuing Nick since childhood if not for Nick's father. And it means he has to ask Savage a favour to leave Brady alone, but demons don't give free favours do they? At the same time, Nick has to make sure Savage will never learn of Lena and Ryan...

Approaching Savage brings back old memories, memories of his not so normal childhood, his parents, about Ryan and Lena, his brotherhood bond with Luke and Elija, about how he started working himself to the top to where he is now, about his first love, Franky.... and the first time he saw Kayla. This series also shed new light about Nick's father.

I was curious about Franky when she was mentioned on book 2. It is definitely good to finally know the extent of her relationship with Nick. Though she might be Nick's first love, I really don't feel their connection together or maybe there is but just a slight one.... that she was innocent and chases after Nick and Nick feels protective of her, and she makes Nick feel good about himself.... plus they were quite young then. Or maybe it's just me, though it's quite obvious she's no competition to Kayla. And she did save Nick.

Now, the now 6 years old Nicky, how'd he grow up so fast? Huh! Anyway, he couldn't be any cuter than ever.... a mini-Nick, following his dad's swagger?, and defending his mom... adorable.

But what's up with that dog Nicky saved? Did Nicky do that?

This book takes you back to the past in order to move the story forward. Dennis Savage definitely makes a most hateful and powerful enemy by far!!!

Though it is not as action pack as the previous books, but the suspense is full-on. And It makes a more interesting read knowing Nick's past. My rating is based on how much I enjoyed this book and I loved it. Ms. Loren certainly knows how to write such powerful endings that leaves you uncertain and wanting to read the

next book. An intriguing and addictive series!

Maria Leonardis says

An amazing, brilliant, couldn't put it down book! I read this in one day because I could not put it down. I really hope it doesn't take a year for the last book in the series to come out. I can't wait to see what happens.

You learn so much more about Nicholas and his family. I won't go into detail because I don't want to give anything away but if you loved the first two books this will not disappoint.

In this book you will learn about Nicholas' parents and more about his siblings. You will also take a trip into his relationship with Franky and I swear you will love Nicholas even more. You will learn more about his son Nicky. His son has left me wondering and questioning but again I won't go into any detail.

I will say that when you get to the end you will be begging Ms. Loren for the next book to learn the outcome.

Ela says

Jennifer Loren does not disappoint in her 3rd novel of the The Devil's Eyes series! This book had me captured from page 1 all the way until the end, so much so that I am restless for Masquerade to be out!!! The love between Kayla and Nick continues to shine and we get to understand a lot about the past of the man that is Nicholas Jayzon and his connection to the Barron.

I can't wait to share about the book with all the rest of the fans once the book is out 1/1/2013!

THE DEVIL'S SON IS LIVE ON
