## **The Sadist** Jordan Silver

Nico Rosetti is back on American soil after years in Central America. Sent there by his dad as a young man of twenty-two to get his act together after a political scandal involving a high ranking politician's wife, he's now a man of means and a tawdry affair is the least of his sins, and they're about to get worse. The man he holds responsible for his dad's death refuse to play by Nico's rules, which are pretty simple. An eye for an eye. His dad was the only family he had left, so to even the playing field, he takes the daughter of his enemy.

## From Reader Review The Sadist for online ebook

### **Jenny says**

Not a romance just pure smut!

### **Rejane says**

This book is sick. And it's no the first from this author where she passes rape as a regular behavior. Disgusted is not enough of a word.

<https://www.goodreads.com/review/show...>

And I'm going to add this other review here. And I agree. it's very insulting to real victims

0 WTF stars!

I am sometimes so shocked after reading this kind of books where rape has shown like merely an event happening. I mean this was'nt the first book i have read with contents like rape but this was surely the first one where it made rape look like a lightly matter. But srsly ppl Rape is a very serious offence and it is not taken to be lightly at all. In fact I know a girl who was molested as a child and believe me this kind of books hurt her badly and infact she even hate those books where h won't take no for an ans. i mean these days rape have become a trend for books. every second book has a tortured heroine who have suffered rape and blah blah. What those ppl don't get is For victims it is not easy to move on and specially not with the same rapist atleast.

Although i am one of those who believe fiction is a fiction and all but we shouldn't forget that Books make a great impact on our lives and somewhere it also makes a change and revolution in our behaviour and believe me no sane person would agree with this book getting a HEA and all.

To those who have read this book / planning to read this book I want you to imagine what you would feel if your daughter read and LIKED this book. And then imaging what YOU would feel if your daughter was the heroine. If your daughter was chained up and raped until it fucked with her head. Or imagine your son being the Hero of this book.

Pls, report this. This is disgusting. Jordan Silver has a n unhealthy mindset thinking forced intercourse or RAPE is ok...she makes the heroine fall in love with her rapist. Jordan, I sincerely hope nobody in your family gets raped, cuz you seem to like it so much, I'd wonder how much you'd like it when it happens to you or someone you care about.

Thoughts while reading the first page "Yeah...I'm pretty sure that's rape."

I know this is titled SADIST and all but...the whole point of BDSM is having TWO people who are WILLING and who enjoy that kind of lifestyle hence "Pain and Pleasure" and all that Jazz. And I am 100% sure the heroine is NOT a willing partner...they call that rape, Jordan.

I don't like these kinds of books because of authors romanticizing things like rape, forced sodomy and having people think it's ok to like these things. No. It's okay to be roleplaying, but this is actual rape.

You could have done way better, Jordan.

I usually take JS books with a grain of salt but when you blatantly condone rape I think this book should be reported. Let's face it 40-50% of the people who read erotica are underaged and impressionable. With the current trend of ebook piracy you can get your hands on anything you like. I expect some teens and preteens have been feeling curious and then stumbling into this book thinking it's going to be another "Fifty Shades like book" just for them to start exploring...and then reading this thinking "Oh, so adults have been reading and writing these kinds of things...I guess it's ok" and "What if I try that with this girl I like" Voila, another rapist running around with a justification that "It's BDSM, It's supposed to hurt and be forced etc" or more terrifying, a girl thinking it's okay to fall in love with your rapist.

There are ramifications for condoning this kind of behavior. And frankly, as a survivor, this is just plain insulting.

### **Alpha Possessive Heroes says**

2 - 2.5 ish stars!

So okay.. this book is purely about revenge and forced sex. There's a plot (*if you can even call that a plot*) but again, the story is too short to have a solid one. I didn't like the hero- the book pretty much started off

with the hero raping the heroine. I'm all about that, I've read a few books that has this kind of content but this one gross me out! No romance, no OTT hero. Maybe if the book was longer, maybe.. just MAYBE, I would have like this!

I'm an open minded reader, I appreciate JS works- I like that she writes scandalous out of nowhere erotic stories and she sometimes push everyones button but even I who's not ashamed to read this kind of books have to admit, this book is wrong on so many levels.

Most of the time, I read JS books just to get off.. but this one is a miss for me!

### **Vashti says**

The ratings are all over the place. The topics is extremely controversial. It is clear that the heroine was raped and in tru Stockholm situation the captive begins to have "feelings" for her captor. There is no progression of a love relationship, just boom!!!! she gets pregnant and he goes after her to claim her after he returns her back to her miscreant father in exchange for some ? mining rights he had stolen from "the Sadists'father".

Read if you must, not a romance in my opinion, but erotica.

No rating on this one.

### **Hana ? says**

#### **Dirty, quick, and very Jordan Silver.**

This story was pretty good for a short smut filled book. It had some vendetta, abduction, and of course a dose of Stockholm Syndrome.

But of course we all know why we actually read this book... it wasn't exactly for the plot ;)

### **Chantal ❤? says**

#### **SADIST BASTARD NEGATIVE STARS**

Please excuse the delay in my review of this book!

If you read my reviews at all, you know that I always find something positive or even neutral to say about Jordan Silver's books, even when there is LITTLE GOOD ABOUT IT!

Normally, I am able to divorce myself enough from the questionable content of her books to enjoy the very vivid characterization of the hero and heroine.

Sadly, for this book I was unable to do so as the content was just too disturbing for me to write off as dark or

erotic!

This book was just gross and the worst book ever IMO.

***Please read no further if you do not want the "plot" ruined for you in any way.***

### **THE HERO RAPES THE HEROINE REPEATEDLY!**

Here is just a brief example of the story for you and I'm really sorry you have to even read this little bit here, (the following is a direct quote from the book)

*I think we'll hear the end of that scream sometime next week. Right now the sound was trapped in her throat, though her mouth was opened in horror. That's just the way I like it. She choked and gagged and drool dripped from the side of her mouth. Dis-fucking-gusting.*

*I fucked her ass deep until she fainted.*

*Shit! "Oh no you don't little girl, none of that fainting shit."*

*I pulled out of her ass and got a bucket of ice-cold water from the tap and threw it in her face. She sputtered awake but now I'm pissed again.*

*My fucking floor is all wet. "I should make you dry this shit up with your fucking tongue."*

And guys here he does make her lick it.

I was so grossed out I nearly lost my lunch...

Now, please remember that she was chained all day and he raped her repeatedly... oh did I mention, **SHE WAS A VIRGIN!**

Not that this matters to me here as rape is rape and he continued to rape and sodomize her for days and for what reason you may ask?

What kind of a wrong must she have done in order to deserve this kind of punishment or cruelty?

The answer is.... **NOTHING!**

**Not a f\*cking thing!!!**

**It was all about getting even with her FATHER!**

Yeah, it's another let's all make the innocent pay for the sins of the father deal here!!!

OMG, I was so upset I was crying...

Now with all the crap that she has been put through, a normal person would have expected a great grovel or at least a "I'm sorry I'm a f\*cking sadistic bastard and I don't deserve you!", right?

But do you know what you got instead... **NOTHING!** Just more violence and more punishment and pain... and it was pain guys not two ways about that!!!

He was the biggest freaking as\$ I have ever had the misfortune of reading about... period!

He was a completely mentally unstable individual who deserved jail and not to get his f\*cking HEA with the heroine.

**HOW FAIR IS THAT!?!?!"**

But what pissed me off the most was that he left her. If it wasn't for a surprise oops baby... **HE WOULD HAVE JUST USED AND ABUSED HER AND DUMPED HER!**

It was just the accidental pregnancy that made him come after her here...

What kind of hero is that?

Honestly, I enjoyed **NOTHING ABOUT THIS BOOK** and if I could I would start a hate page about this zero hero rapist as\$hole.

Read at your own risk but Please remember that I tried to warn you all here!

And safety... forget about it.

This one is NOT SAFE as it had all the Triggers except no ménage or group sex and no animal situations. However, there is No cheating that I know of she was a virgin and he was a manwhore and he didn't use protection. Well, he is a sadist after all.

Generally, I was left feeling sick and unclean for days after this book, which is why it took me so long to write this disappointing review.

Side bar, I'm just extremely surprised she even got pregnant the way he was always on her as\$.

My best advice is to just FORGET YOU EVEN SAW THIS ONE!

Now these are just my thoughts and you can take them or leave them, it's totally up to you.

Btw, yes I did expect some elements of Sadism in a book entitled Sadist but NOT THIS LEVEL of questionable behavior.

### **Nana Pickrell says**

Not for me. Sorry I don't condone rape. Barely got to 20% and had to stop.

---

### **Clumsy Storyteller says**

There is crazy. And there is bat shit crazy. And then there is fucking Nico Rosetti. This is SICK.

Too dark for me.

---

### **Raine says**

#### **I didn't like the beginning...**

The beginning was a little too rough for me. Nico was really an abusive jerk that he kidnaps his enemy's daughter and abuses her. I think if I ignore the beginning I really did like the rest of the book.

### **Lu Bielefeld \*read.laugh.love\* says**

DNF! rape, abuse, sodomy and so on ... I didn't have the stomach to finish the reading.

Highlights:

Her blood was long gone from my cock, hours ago in fact from the first time I'd fucked her.  
How the fuck was I to know she was cherry?

My ass, her pussy was enjoying the fuck out of the pounding I've been giving her for the last five and a half hours. "Your ass feeling better yet?" She tensed up on me again and tried to pull off my cock. "No please not that, please..."

I fucked her ass deep until she fainted. Shit!

"Oh no you don't little girl, none of that fainting shit." I pulled out of her ass and got a bucket of ice-cold water from the tap and threw it in her face. She sputtered awake but now I'm pissed

again.

She was right to be afraid, I'd been punishing her with this monster for a straight six hours now.

I'd warned the fucker that I was gonna take his kid if he crossed me. I guess he didn't believe me.

No way was I gonna let some hot snatch make me soft. Fuck that.

She tried spitting at me and I smacked her ass hard making her swing on the chain that was holding her up.

“Ahhh.” He was tearing my ass with his deep punishing strokes. “Shut the fuck up.” His hand grabbed my hair roughly, pulling my head back so he could shove my underwear into my mouth to stifle my cries.

Her stomach growled and I felt like a beast. “Shit I forgot to feed you wait here.”
