Vampire Fire

J.R. Rain

Vampire Fire J.R. Rain

Ten years ago, federal agent Samantha Moon was the perfect wife and mother, a typical soccer mom with a minivan and suburban home. Then the unthinkable happens, an attack that changes her life forever. And forever is a very long time for a vampire.

Now in VAMPIRE FIRE, private investigator Samantha Moon's new client asks her to find a dead guy—a dead guy she knew. It doesn't take Sam very long to figure out that something wicked this way comes—very, very wicked—but there's no way she can walk away from this case...

However, Sam's client doesn't want the guy's body—he wants his soul. And if Sam fails, then two others will die. Now Sam must track down the spirit of a dead man who's hiding from his destiny and hand him over. She doesn't even know who else is at risk, but she has to choose whether to protect the soul of a dead man or protect others whose lives are at stake. Worst of all, she's forced to work for someone who may just be evil incarnate.

When tragedy strikes, Sam has only until sunset to save a life. As Sam races to find the victim before it's too late, it will take all she has in her to beat the devil at his own game...

VAMPIRE FIRE (Vampire for Hire #12) is J.R. Rain's first exciting novel in The Devil's Triangle, a paranormal thriller trilogy within the Vampire for Hire series in which Samantha Moon must risk everything to battle the greatest evil the world has ever known.

Kara says

“Vampire Fire”, Vampire for Hire #12, is book one of a trilogy within this long series. As a reminder, this is not a lesfic series, but with the current focus on Samantha’s two teen-aged children, there’s no drooling over man-parts either.

“Vampire Fire” is better than the previous book, “Moon Shadow” - probably because of a renewed sense of story with the beginning of a specific trilogy, rather than being a rambling continuation of a never-ending series.

The nature of the “dark masters”, and angels, and god and the devil continue to evolve...and Samantha’s son Anthony gets a much larger role. With many book series, we watch as the characters grow older, and sometimes wiser. With this series, we’re moving backwards in many ways. Originally, we met Samantha Moon as she struggled with being a vampire, a wife and a mother. We were with her as she explored lust and love with several men. With “Vampire Fire”, the series feels more and more like a YA adventure.

Samantha is becoming less of a sympathetic character, and more annoying. With her son in imminent danger, she ignores her repeated cell phone buzzing. Really, Samantha? Really, Mr. Rain the author? Samantha flips so quickly between loving Kingsley and hating him, I’m beginning to wonder whether he might be happier with a pretty werewolf woman.

After 40 uses of “freaky”, “weird” and “cute” in the previous book, we’re up to 47 instances here, so be sure to have an extra bottle on hand if you’re reading this book with a group as a drinking game.

I was confused by witchy friend Allison’s closeness with Samantha until it was pointed out that I’d missed yet another important development by not reading yet another short story. Arrgh. Stop punishing readers who read your novels in order, Mr. Rain!

As the series progresses, it seems that the author is moving along two paths simultaneously: one, repeat the cool things that began the series; two, ramp up the paranormal mystique and philosophical issues to a level that has multi-universe and multi-dimensional aspects and consequences. The first books in the series are like the first “Matrix” movie - very cool ideas and great characters. The latest books are like the last “Matrix” movie - flashy special effects with less heart.

3.45* for “Vampire Fire”; even with the continued excellent narration, the book is underwhelming enough to be rounded to 3* - meh.

Melita says

Great read, ready for the next book. I would recommend this book to anyone who likes to read a book from start to finish without putting it down.

I have read all the books in this series.

Great read, ready for the next book. I would recommend this book to anyone who likes to read a book from

start to finish without putting it down.

Berrynana says

I love how the story is progressing! The world is opening up, wider every novel. It's interesting how the author has built each supernatural being, most of it is unique and refreshing. Not to mention her views of God and the Devil, she could build a whole new religion here!

Sheridan Lee says

Keeping things fresh at book 12!

Sam deals with the devil in this story, and he doesn't fail to creep you out. Anthony takes on a bigger role in the story too. Overall the story was fantastic, and I can't wait for more.

Sam meets the devil, for a job opportunity... creep factor 10/10. In the past, Rain's characters have stated that there is no devil and no hell. Well, you'll find out that isn't exactly true. A clever reader will also put together why certain characters would mislead others, they care about, into not believing in the devil or hell. Read it! Such a clever philosophy.

Finally! We have some Anthony Moon action. The boy is practically a superhero and deserves some time on center stage. It will be fun to see where things go. His character has so much story potential and is more than capable of being the protagonist in his own series. I think this is the first time Rain goes to another person's POV in the Samantha Moon series. I had no problem following the alternating POV's--- which can be tremendously confusing if not handled properly.

Karla says

What can I say?... I have read, re-read, an re-read again this entire series !!! Definitely going to start using the Dates read tool on Goodreads ?. Huge fan of this series...well worth every penny spent, which was beyond reasonable for good stories!

Tony Hisgett says

At the start of the book Samantha meets the devil and is asked to carry out a job, this leads to extensive theological discussions that get very tedious. However, I quite enjoyed most of this story as it had more structure than recent books, although I don't really like the way the plot seems to going.

Red Risa says

Warning: Book 1 of Devil's Triangle Trilogy

Story concludes, but ends in a cliffhanger.
Main story ends, but multiple questions left unanswered.
Still, an enjoyable read in the Samantha Moon saga.
At least, at the time of this writing, books 2 and 3 of the trilogy are currently available!

C.D. Gorri says

Sam Moon rocks my world!

Love this vampire super mom more and more with each installation of her series! She is awesome! Kicking ass for her super family like a good mom should!

Kim Bellanfante says

The Best One Yet

I love J.R Rain books. Such an exciting and creative imagination. This particular book in the Samantha Moon series was the best one yet. I could barely put it down. I cannot to continue the saga!

cat reads says

Finally! Finally Sam wakes up from her coma to give a damn about her son! For the first time, it *feels* like she cares more about her kids than she does about her freakish nails or whatever she's eating. Tammy still sucks though. :/

And we get a new pov, which would be interesting... but Anthony doesn't sound like a thirteen year old boy. When we are in his head, he sounds like he's between four and eleven. Considering Rain has been building up Sam's kids like they're the next Skywalkers, Anthony is more like baby Bam Bam from the Flintstones, strong but dim.

The best part of this novel was the first chapter when Sam meets the Devil. While Rain borrows traits I've seen from other sources, this Devil is a lot of fun to read, a nice combination of menacing, playful, and self aware.

So far this is one of the better books from the series.

Deborah Yunevich says

Dealing with the devil is tricky

Samantha meets the devil and learns more about her dead ex husband. . She also has new experiences with Anthony, and who knew Leichenstein's monsters would come in handy.

Nancy says

Fast paced, action packed, and intriguing storyline. A page turner that grows in intensity gradually, right up through the last chapter!

Stella Kydd says

Yup, a good read!

Donna Langley says

Omg

Omg this one gave me tears at times and made me laugh other times! It was scary and freaky, I was freaked about Anthony being kidnapped and omg the Devils in this one and scary as hell! And he's after Danny??! Wow and where he's hiding freaked me out, ugh. I cannot stop reading these stories you will love Samantha story. I love her and her family

Shon Chewning says

Best

This one was the best so far. Almost near the end and this storyline was interesting. Her kids have awesome powers and they are strong. Way to go Sam. Each case she slove she learns New things about herself and those around her. Thanks
